Reagan Set To Sign Rumford Repeal Bill

SACRAMENTO (UPI) —Gov. Ronald Reagan said today he will sign a bill to repeal the 1963 Rumford Open Housing Act if it reaches his desk.

But the Republican governor added he would expect some Rumford Act features to be restored eventually.

"I'm sure that with outright repeal we would turn around and put back some of the features," he told his weekly news conference. "But if it is the most expedient way to clarify the law, I would favor outright repeal."

The act prohibits racial discrimination in the sale and rental of much property in California. It was nullified in 1964 when the voters passed Proposition 14 but reinstated by the California Supreme Court. The decision is being appealed to the U. S. Supreme Court.

The Senate, after emotion-charged debate, passed a bill Thursday to repeal the act outright by a 23-15 vote. The bill by Senate leader Hugh M. Burns, D-Fresno, now is in the Assembly Governmental Efficiency and Economy Committee.

Also before the committee is a bill by Assemblyman William T. Bagley, R-San Rafael, which would eliminate restrictions on the resale of homes by the owner and rental in small apartment buildings. But it would outlaw racial discrimination in the sale of homes by builders and rental of apartments in buildings with five or more units.

Reagan told his news conference that the Rumford repeal bill doesn't affect the Unruh Act, which forbids racial discrimination among realtors.

In choosing between the Burns and Bagley bills, Reagan said he would "settle for whatever approach is the best way to solve this problem that concerns the people of this state."

Reagan rejected warnings that repeal of the act could cause racial demonstrations.

"I think it would be tragic if it did," he said. But he added that some people will use any issue "in an emotional way" and "if it isn't one issue it will be another."

Reagan said repeal is not aimed at "perpetuating discrimination" or "encouraging bigotry."

Building Industry Revives In March

WASHINGTON (AP) — Home building crawled upward during March from February's depressed level and an undisturbed industry painted a rosy picture for the future.

"Builders are optimistic for an upturn about midyear, continued improvement through the last half of 1967 and entry into 1968 on a rising note," Leon N. Weiner, president of the National Association of Home Builders, said yesterday.

Weiner, of Wilmington, Del., said this reversed the forecast by the same builders last fall, when housing starts dropped to their lowest level since World War II. At that time they anticipated a 17 per cent decline for 1967.

Results of a new association survey showed an anticipated level of 1.3 million housing units started this year, a 6.6 per cent rise over the 1.22 million of 1966.

Weiner told a news conference no real surge is expected before midyear. He appeared undisturbed at Commerce Department figures showing only a 1.7 per cent rise in housing starts during March.

The annual level of 1.17 million during the month recouped only a small part of February's 11.3 per cen wnturn following three months of substantial gain in home building activity.

Weiner said builders now have a "real feeling of resurgence" he attributed to easier credit conditions. He anticipated that by year's end housing starts will be moving at the rate of about 1.5 million units annually.

Results of the industry survey were in line with a projection of homebuilding made by the President's Council of Economic Advisors in its January report.

Gardner Ackley, Johnson's chief economic adviser, said yesterday in a New Orleans speech he foresees no reason to abandon the surtax — intended to put the brakes on the expected economic surge later this year.

The . Commerce Department also reported an accelerated rise in personal income during March to a record annual rate of $613.1 billion.

Tam's Slopes Again Snowy; New Rain Due

Snow coated Mount Tamalpais overnight with up to an inch of snow reported as low as Bootjack Camp before rain began melting it away this morning.

Down in the lowlands, it was heavy rain again with more than an inch of rainfall in 24 hours reported in several places.

Little relief was in sight as forecasters predicted a 60 per cent chance of rain tonight and tomorrow.

The Beach Road entrance to Belvedere Island was still closed to auto traffic today. A mud slide Friday covered half the road. City Engineer Albert H. Siemer warned that removing the mud before the storm subsides might cause a heavier slide.

In San Rafael, rainfall for the 24 hours ending at noon today totaled .50 of an inch.

Ross reported 1.4 inches of rain for the 24 hours ending at 8 a.m., Hamilton Air Force Base reported 1.08, Tamalpais Valley 1.05, and Mill Valley 1.03. Other reports were Sausalito .75, Terra Linda .6, Novato .6, and Bolinas .46.

Soviet Plane Flies To Tokyo Via Siberia

TOKYO (AP) — Carrying 106 passengers and a crew of 13, a Soviet TU-114 turboprop airliner made the first commercial flight across Siberia from Moscow to Tokyo adtoy.

The plane made the 4,960-mile flight in 10 hours, 14 minutes, about one-fourth the flying time from Europe to the Far East on old routes.

Course Corrected For Surveyor 3

PASADENA, Calif. (UPI) — America's Surveyor 3 moon robot sped today on a corrected trajectory toward a bullseye landing and its lunar digging mission.

The spacecraft, equipped with a rotating television camera and a steel-tipped ditch digger called a surface sampler, underwent a delicate midcourse maneuver Monday night which altered its path so that it will land at a selected site.

Non-Teaching Tam Workers To Get Raise

By DAVID DIETZ

The 114-member clerical and custodial staff of the Tamalpais High School District outhustled the all-powerful teachers last night and walked off with a trustee guarantee of a 5 per cent across-the-board pay hike and fringe benefits.

Earlier, the district board rebuffed a "final" report of the salary committee of the Tamalpais District Teachers Association because it lacked information on a merit pay request. The committee was asked to return at a special meeting at 8 p.m. next Monday.

SICK LEAVE CHANGE

Besides the pay hike, representing about $25 more per month, the clerical staff won a change in custodial classifications, sick leave transfer benefits, salary payments on a 12-month basis, an extra holiday on the Friday following Thanksgiving, and up to six days of emergency leave.

Several of the provisions brought the staff up to benefits enjoyed by the district's 300 teachers. All had the approval of Supt. Chester G. Carlisle.

FAVOR CONCEPT

As to the teachers, the board favored a "professional growth" concept, but criticized the vagueness of the salary committee's suggestion to approve the plan "in principle" for 1967-68, with full operation the following school year.

"We don't know what we're buying, so all we can do is agree in theroy," trustee John C. Siemens said. "We need some idea as to cost and the number of people involved."

ANOTHER SCALE

The plan would place another pay scale atop the present one, with an additional 1.05 to 1.25 per cent raise. Only teachers at the top of the scale and with college units beyond the bachelor's degree could qualify. The plan would be evaluated by four teachers and an administrator.

The teachers also have asked for a 7.1 per cent salary scale increase, which would cost the district $224,657 for the next school year, and that new teachers with secondary credentials be started at $10,628 per year rather than at the bottom of the pay scale.

Rep. Cohelan Offers Redwoods Compromise

WASHINGTON (AP)—A compromise two-unit Redwood National Park in two Northern California counties was proposed today to a Senate Interior subcommittee.

The proposal came from Rep. Jeffery Cohelan, D - Calif. He told the committee he had parted company with the Sierra Club in an effort to get the greatest preservation of additional virgin growth giant redwood trees at a cost acceptable to the Johnson administration.

Sierra Club representatives continued to argue for a 90,000-acre park, estimated by them to cost $127 million, in the Redwood Creek area in Humboldt County.

Cohelan, who has introduced the Sierra Club proposal in the House, scaled down his compromise to a smaller acquisition in the Redwood Creek area and the addition of 4,850 acres of superlative stands of redwoods to the southern boundary of the Jedediah Smith State Park in Del Norte County.

The lumber industry continued to oppose both the Sierra Club park plan and the 43,000 - acre proposal of the National Park Service, primarily in the Mill Creek area of Del Norte County.

Lumber company spokesmen pointed to thousands of acres of redwoods already preserved in California state parks. They said a national park could not replace the timber industry in the economy of the area.

Cohelan proposed acquisition of 18,830 acres in the main valley of Redwood Creek, including the tall trees and 1,470 acres of virgin redwoods on the east side of the creek. He suggested acquiring 20,290 acres immediately south of Prairie Creek State Park and including Skunk Cabbage, Lost Man and Little Lost Man creeks.

Cohelan estimated the cost of his proposal, totaling 63,481

Parks Due A Third In Six-Year Project

By RICHARD LYTTLE

A $31,091,052 land purchase and building program for Marin County government for the next six years was given its first public airing yesterday when presented to the county planning commission for comment.

The proposal, still subject to change before it goes to county supervisors, would require $14,702,267 in county funds, possibly through bonding, and $16,501,870 in state and federal funds.

Only offset would be $113,085 estimated from the sale in fiscal 1969 of the county garage property in downtown San Rafael.

Largest expenditure would be $10,987,035 for park purchase and development, with nearly half the sum coming from state and federal funds.

The proposal calls for $7,546,100 for roads from state and federal funds, $5,579,685 for other public works projects, $1,848,800 for special classrooms planned by the county schools office, and $1,163,835 for improvements at juvenile hall.

PARK SITES

Park and recreation department proposals are $525,000 for purchase of 130 acres around the north shore of Bolinas Lagoon, $457,500 for Manzanita Marina Green at Waldo Point, $191,600 for purchase and development of Paganini Point east of San Rafael, $1,034,000 for purchase and development of China Camp, $1,284,000 for purchase and development of Keil Cove in Tiburon Peninsula, $1,528,850 for purchase and development of Stafford Lake Park near Novato, $472,000 for development of Deer Park at Fairfax, $68,700 for expansion of Agate Beach near Bolinas, $78,500 for purchase on land next to Phoenix Lake, $432,899 for purchase of San Geronimo Redwoods, $98,000 for improvement of Miller Park on Tomales Bay, $25,800 for development of Agate Beach, $986,600 for purchase of 50 acres on Nicasio Reservoir, $521,000 for expansion of the Black Point boat launching ramp, $59,000 for a park maintenance yard, $2,722,500 for purchase of 500 acres at the proposed Walker Creek reservoir, $221,000 for trails, $183,685 for roadside rests, and $91,000 for further development of Paradise Beach Park.

ROAD WORK

The road projects include $2,000,000 for widening of San Pedro Road, with San Rafael up half the cost, and $2,688,600 for widening of Sir Francis Drake Boulevard.

Weather Dampens Balloting

Cold and rain kept voters from the polls this morning as election of school board members throughout Marin got under way.

The turnout before noon was almost infinitesimal.

In Mill Valley, where a $500,000 city sewer bond issue was combined with the school trustee election, the biggest morning turnout was 120 of 850 registered voters at Old Mill School, within the city. There were 46 ballots from 776 registered at Tamalpais Valley School during the morning, 99 of 600 at Alto School, and 45 of 700 at Strawberry Point School. Voters at the three are largely outside the city limits.

In Dixie School District, where there is a $1.5 million school bond issue at stake, the turnout was poorer. At Nova Albion School, only 17 of 517 registered had voted; at Terra Linda Community Center, only 39 of 750.

San Rafael elected its local school board members last week and few turned out during the morning to ballot on Marin Junior College District Board members and an uncontested county board of education seat. There were 70 votes cast at City Hall of about 3,250 registered; 38 at the city schools office, of about 1,800, and 35 at Santa Venetia School, of about 2,000.

A heated school board race in Sausalito district produced slightly larger turnout, with Manzi-

Reagan rejected warnings that repeal of the act could cause racial demonstrations.

There were 46 ballots from 776 registered at Tamalpais Valley School during the morning, 99 of 600 at Alto School, and 45 of 700 at Strawberry Point School. Voters at the three are largely outside the city limits.

In Dixie School District, where there is a $1.5 million school bond issue at stake, the turnout was poorer. At Nova Albion School, only 17 of 517 registered had voted; at Terra Linda Community Center, only 39 of 750.

San Rafael elected its local school board members last week and few turned out during the morning to ballot on Marin Junior College District Board members and an uncontested county board of education seat. There were 70 votes cast at City Hall of about 3,250 registered; 38 at the city schools office, of about 1,800, and 35 at Santa Venetia School, of about 2,000.

A heated school board race in Sausalito district produced slightly larger turnout, with Manzi-

Apollo Crew Eager To Press Program

WASHINGTON (AP) — An astronaut spokesman says spacemen will have full confidence in their Apollo craft—when changes are made to prevent a recurrence of the launch pad blaze that killed three of their fellow astronauts.

"We're confident in our management, our engineering and ourselves," said Col. Frank Borman, one of five astronauts who testified last night before congressmen investigating the Jan. 27 Apollo fire at Cape Kennedy, Fla.

He said they are eager to get on with the program to land men on the moon.

Borman told the congressmen, "I think the question really is: Are you confident in us?"

The congressmen clearly are. But they — and the astronauts — expressed some reservations.

Testifying with Borman at the start of the second week of congressional hearings on the accident were Donald K. Slayton, Navy Capts. Walter R. Schirra Jr. and Alan B. Shepard Jr. and Air Force Lt. Col. James A. McDivitt. They appeared before a House subcommittee that oversees the National Aeronautics and Space Administration.

While the astronauts had no doubts that the causes of the fire could be overcome, they indicated there may be future dangers that cannot be anticipated.

Slayton, now director of flight crew operations, testified "I know of absolutely no case when we've compromised crew safety — knowingly."

But he said, "Obviously we may be doing so right now without knowing it."

Speaking frankly and in their own colorful language, the astronauts readily admitted they had failed to realize the hazard involved in the Jan. 27 tests.

"It's obvious that we goofed," said Schirra. Slayton said it was his responsibility to call off the tests on the spot if anything was wrong "but I wasn't that smart and we didn't."

The fire took the lives of Air Force Lt. Cols. Virgil I. Grissom and Edward H. White II, and Navy Lt. Cmdr. Roger B. Chaffee.

Shepard, the nation's first man in space, said all five astronauts had read the April 2 final report of an Apollo accident review board and agreed with its findings.

All said they agreed that Grissom had nothing to do with starting the fire.

Woman Dies In Miami Hotel Fire

MIAMI, Fla. (AP) — Fire broke out in a downtown Miami hotel this morning, killing one woman and severely burning an elderly man.

Police said the top floor of the three-story Haven Hotel burst into flames about 1:50 a.m., trapping more than a dozen sleeping guests in their rooms.

Officers said when they arrived some were hanging from window sills and others screaming for help. Firemen picked the people off the walls with ladders, said a police sergeant.

In fair condition at a Miami hospital is Charles Foster, 68, a resident of the hotel. Hospital officials said he suffered burns over 30 per cent of his body, including his face and hands.

Police identified the dead woman as Virginia Hopkins, 39, a resident of the hotel. She was a waitress.

Plane Explodes, 23 Aboard Die

TEHRAN (UPI) —An Iranian military holiday airliner exploded in a thunderstorm today, killing all 23 persons aboard, air force officials said. They said lightning may have hit the plane.

The victims included eight women and children, the pilot and nine officers and five noncommissioned officers, the officials said.

They said the American-built C130 was ferrying the officers and their families to Tehran from the resort of Shiraz when it blew apart about 75 miles southwest of the capital.

Newspaper Claims Soviet Intelligence Chief In U.S.

WASHINGTON (AP) — A newspaper's report that a top Soviet military intelligence official now is assigned to the Soviet Embassy in Washington has gone unchallenged by the State Department.

A department spokesman said yesterday U.S. entry permits have been issued to Vasily Vladimirovich Kuznetsov and Nikolai Fedovoich Vinogradov.

The New York Daily News said "Kuznetsov" really was Gen. Vasily V. Mozshechkov, a top official of the Soviet military intelligence organization, the KGB.

The News also identified Vinogradov as a general nad an associate of Mozshechkov.

He refused to comment on whether the men were spies — or on any other aspect of the News report.

Senators Vote To Lower Age For Pensions

WASHINGTON (AP) — The Senate has voted to lower the Social Security retirement age to 60 for eligible workers willing to swap full-scale benefits for five years of leisure. But some senators view the measure as a tactical move in a separate battle.

Passed 55 to 28 yesterday was an amendment by Sen. Robert C. Byrd, D-W.Va., that would give those who retire at 60 about 70 per cent of the benefits they would get if they kept working until age 65.

The Byrd amendment was tacked onto the administration's bill to restore major business tax incentives.

Pending as the debate on the tax bill resumes today is action on a proposed amendment to boost Social Security benefits $4 billion a year, raising the minimum monthly payment from $44 to $70.

Some senators saw in the continuing flood of amendments to the tax bill echoes of last week's bitter battle over the presidential election campaign financing law.

Opponents of the campaign law pushed through an amendment to the tax bill repealing the financing plan.

Killer Explosions Mar Haiti Dictator's Fete

PORT AU PRINCE, Haiti (AP) — Two explosions which occurred during a celebration of President Francois Duvalier's rule last weekend are believed to have been the result of rivalry within the Haitian dictator's regime and not the work of his enemies.

Three or four persons were reported killed and about 40 wounded by the blasts in Port au Prince Saturday night during festivities celebrating Duvalier's 60th birthday and the 10th anniversary of his taking office.

Duvalier made a radio appeal for protection of the celebration, and several thousand armed volunteer militiamen were rushed to Port au Prince Sunday.

The festivities ended Sunday night, the denim-clad militiamen left the capital, and Port au Prince was quiet yesterday.

Observers believed the incidents were triggered by rivals of Luc Albert Foucard, a son-in-law of Duvalier who was recently appointed minister of tourism. They said Foucard's foes apparently wanted to embarrass him and the Duvalier regime.

Foucard is reported to have made sweeping changes in his department and fired several key officials. His rivals were said to include Duvalier's other son-in-law, Lt. Col. Max Dominique, the military commandant of Port au Prince. Some observers predicted a power struggle between the brothers-in-law.

Duvalier's celebration began on April 14, his birthday. He was elected president May 22, 1957, and had himself re-elected to a life term June 22, 1964.

The demand for unconditional cessation of bombing was new for the Soviet slogan lists. It apparently resulted from this demand made in Hanoi since last November's Soviet slogans. The demand for U.S. withdrawal appeared in earlier lists.

FOLKSINGER JOINS TAX PROTEST

Folksinger Joan Baez (second from right) marches with about a dozen pickets outside the San Francisco Federal Building in protest of paying income taxes used to finance war. Miss Baez, dressed for yesterday's rainy weather which marked income tax deadline day, said she would only pay 28 per cent of her federal income taxes this year, requiring the government to remove the other 72 per cent from her bank account. Great Quake Recalled In San Francisco

SAN FRANCISCO (UPI)—An anniversary was observed today in the hearts of earthquake buffs and the memories of those who were here 61 years ago.

On April 18, 1906, San Francisco was jolted awake with a temblor registering 8.25 on the Richter Scale. "A great earthquake," the National Information Center called it.

When it was over, 452 persons were dead, 1,500 were injured and more than 6,000 buildings destroyed. The damage totaled $350 million.

Many homes and business structures which survived the devastation 61 years ago are endangered today by the quake of progress.

New construction goes on at an ever increasing rate as seismologists debate whether the San Andreas Fault is overdue for another great upheaval.

At least one tavern held a commemoration party, complete with old movies, slides and newspapers describing the disaster. The place is called Earthquake McGoon's.

Foreman Killed In Sugar Mill

CROCKETT (AP) — Marion Chavers Jr. was found dead early today in the C and H sugar refinery at Crockett, where he had been caught in a large conveyor belt.

The 41-year-old Rodeo man's death was the first fatal industrial accident at the plant in 30 years.

Coroner Del Hosselkuss and plant officials said Chavers' left arm apparently was caught between the belt and revolving drum and he was pulled into a narrow space between the belt and a gear box guard.

Drunken Driving

William Edgar Garl, 56, of 853 Tamalpais Avenue, Novato, was fined $115 and placed on six months probation yesterday in Marin Municipal Court for drunken driving. California Highway Patrol arrested him on Highway 101 last Feb. 23.

Porto Bello Group Protests San Pedro Road Widening

Directors of Porto Bello Association yesterday protested plans for San Pedro Road widening between Porto Bello and a point 300 feet east of Margarita Drive.

Elmer Scott, association president, said the alignment will take "all of a yard" at one of the condominium units at Porto Bello and "ruin the whole development."

There is a undeveloped parcel of land across the roadway from the unit that could be used for the widening, Scott contended.

He claimed owners of condominium units were not sent notices of the hearing last January on the widening. (Marin County Supervisors and San Rafael City Council held a public hearing on the widening Jan. 9 at San Rafael City Hall.)

Scott said that when Porto Bello was developed the county required a 20-foot setback for road widening, but they are now taking "another 15 feet."

Directors met with County Public Works Director Donald R. Frost yesterday at Frost's office. Frost said the plans have been set but he would study their request. He said the alternative to taking about 833 square feet of property on the Porto Bello side would be "to push into a hill," which would create "more of a blind curve."

No Spreading Of War: Nixon

SINGAPORE (AP) — Former Vice President Richard M. Nixon said today there is no chance of the Vietnam war spreading south to Thailand, Malayisa and Singapore because resistance to the Communists is constantly mounting.

Nixon said the war would not escalate because Red China does not have the potential to engage the United States in a major conflict.

He added, however, that "as long as the Vietnam guerrilla war is confined to guerrilla activities, there is always the danger that it will go on indefinitely."

Education Board Sees First Budget Drafts

San Rafael Board of Education members took their first look last night at "pre-preliminary" budgets for the elementary and high school districts totaling $7,497,004, up $369,845 from the current budgets.

They were labeled preliminary budgets at the start of the meeting, but after discussion, Supt. John F. Plank preferred to call them "pre-preliminary." Preliminary budgets probably will be presented to the board May 9, he said.

The fiscal 1968 budget for the elementary school district was estimated at $3,701,189, up $251,473 from the current year. The budget for the high school district was estimated at $3,795,815, up $118,372.

Plank said "the budget message now is hold the line," and noted that neither budget contained "any dramatic changes."

He said the budgets were based on current salary schedules and he hoped that there would be additional state funds forthcoming "to meet any additional salary requirements."

The preliminary budget for the elementary district includes funds for demolishing the main building at Short School, and busing three classrooms of Short School pupils to Bahia Vista School.

An engineering study last year revealed that the 62-year-old portion of Short School does not meet the state's earthquake resistant standards.

Business Mgr. Charles L. Condrotte said it would be cheaper to bus the pupils than to rent portable classrooms for a year.

In the high school district budget, Plank pointed out "the 14 cents for capital outlay" was included in the general income. With the cost of building greater than expected and the expense of operating increasing, "we can't save the 14 cents," he said.

Plank said that this year the elementary district "has stayed in the black" but the high school district has dipped into the reserves for about $16,000.

The San Rafael Board of Education also:

EDUCATION CODE—Received a request from Frances Mason, a Hartzell School teacher and member of the State Council of the California Teachers Association, to back a bill before the state legislature designated to provide flexibility in curriculum standards.

DAVIDSON PLANS — Approved preliminary plans for an industrial arts building at Davidson Junio r High School prepared by architects Marshall and Bowles.

Board Members Herman L. Childress and Paul L. Jones were absent. Since the board previously canceled its April 26 meeting, the next regular meeting will be May 2 at 7:30 p.m. at the Administration Building, Third and E streets.

SCHOOL BOARD ELECTS KRAMER NEW PRESIDENT

Lawrence I. Kramer Jr., former president of the Dixie School District Board, was elected president of the San Rafael Board of Education ast lnihgt.

Kramer, who was elected to the board in April, 1965, succeeded Carl J. Brown as president.

Board Member Herman L. Childress was elected vice president, and John C. Pfeiffer, newly-elected board member attending his first session, was named as the board's representative to the Marin County School Boards Association.

Board Members Childress and Paul L. Jones were absent. Brown reported that he had Childress' proxy to vote for Kramer.

Resignation Of Fields Is Accepted

Mill Valley Chamber of Commerce directors yesterday accepted with little comment resignation of the chamber's color consultants for a proposed paint-up, clean-up campaign of commercial districts.

The consultants, Connie and Palmer Field of Woodside, charged in a letter to directors that "lack of favorable publicity" was responsible for failure to get the campaign organized. "We have insisted that you must have lots of favorable publicity for the project to make it successful," they wrote. "This has not been done."

"It is virtually impossible for you to carry out the suggestions that we have given you," they concluded.

The letter was delivered to the chamber office late yesterday by Mrs. Field.

Directors voted $150 to pay final expenses incurred by the Fields. They agreed the Fields could attempt to sell their services to local merchants and commercial property owners "on an individual basis."

The $150 payment brought total cost of their services to $1,369.

Directors referred the campaign back to their businessmen's committee and Citizens Help Association to Rejuvenate Mill Valley to organize a new campaign.

Poet Joh Ciardi's lecture tomorrow at College of Marin has been moved from Olney Hall to the gymnasium, and the time changed from 8 to 8:15 p.m. The move to the gymnasium is to accommodate the larger audience expected to attend, said Dr. Eugene A. Farrar, director of community services.

Ciardi's topic is "What Good is a Poem?" and his appearance is another in the college's concert-lecture series.

Light Project For Belvedere Island Studied

A re-lighting project for the northeast end of Belvedere Island was discussed yesterday by Belvedere Planning Commission and Charley Townsend, Pacific Gas and Electric Co. lighting engineer.

City Mgr. William L. Cavalli said today the commission hoped to modernize lights in the entire city.

Commissioners reaffirmed denial of an application by Richard Bergmann to build a carport at 31 Alcatraz Avenue, Corinthian Island.

The commission also discussed adoption of a master plan to revise the city's zoning ordinance.

Directors referred the campaign back to their businessmen's committee and Citizens Help Association to Rejuvenate Mill Valley to organize a new campaign.

Lecture By Ciardi Is Moved To Gym

Poet Joh Ciardi's lecture tomorrow at College of Marin has been moved from Olney Hall to the gymnasium, and the time changed from 8 to 8:15 p.m. The move to the gymnasium is to accommodate the larger audience expected to attend, said Dr. Eugene A. Farrar, director of community services.

Ciardi's topic is "What Good is a Poem?" and his appearance is another in the college's concert-lecture series.

Light Project For Belvedere Island Studied

A re-lighting project for the northeast end of Belvedere Island was discussed yesterday by Belvedere Planning Commission and Charley Townsend, Pacific Gas and Electric Co. lighting engineer.

Commissioners reaffirmed denial of an application by Richard Bergmann to build a carport at 31 Alcatraz Avenue, Corinthian Island.

The commission also discussed adoption of a master plan to revise the city's zoning ordinance.

Rep. Cohelan Offers Redwoods Compromise

Continued from page 1

acres with 42,970 acres in private ownership, a $90.4 million. He suggested $32 million of the total could be offset by exchanging 14,000 acres of national forest land in the northern redwood purchase unit for private lands. This would, he said, reduce the requirement of appropriated funds to $58.4 million.

The park service has estimated the cost of land acquisition for its 42,000-acre proposed park at $60 million.

Cohelan called unprecedented the proposal of Gov. Ronald Reagan that the state receive federal land of recreation potential for the state redwood park land proposed to be included in the park.

Cohelan said he would support the principle of exchange, although he might disagree on specific tracts. He objected to the proposal to transfer Muir Woods National Monument in Marin County, to the state.

Sen. Gaylord Nelson, D-Wis., suggested that the exchange idea might run into trouble. He asked if Congress could not "avoid the whole stew" by letting the state manage its parks separately from new land acquisitions for a national park.

Cohelan said this might be possible and politically necessary, but he would prefer federal management of a resource he considers to have national value.

In a letter to the committee, Sen. Lee Metcalf, D-Mont., principal supporter of the Sierra Club park plan in the Senate, said he supported the Cohelan compromise proposal.

H. Dewayne Kreager, Seattle economist employed by the redwood industry, cited employment and attendance figures at other western national parks as proof "that a redwood national park could not be and would not be the economic savior of the Redwood Empire."

"The redwood lumber-plywood-pulp industry should also (along with a national park) be preserved and permitted to develop as have other timber economies in the United States," he said. "The products thereof are needed for future generations as well as for the economic support of the north coast region of California."

Philip T. Farnsworth of San Francisco, executive vice president of the California Redwood Association, urged senators to consider the need for privately owned redwoods to bridge the transition gap in the industry's switch from old to new growth redwoods.

The best redwoods, Farnsworth said, are already preserved in 220 square miles of California and Oregon state parks.

Gray Evans, vice president of Georgia - Pacific Corp., added, "The supreme redwood forest in these parks—which are 93 per cent undeveloped today—are sufficient in size to accommodate comfortably all who wish to visit and view these trees in any period now and in the future."

Three former National Park Service directors supported the administration's Mill Creek area park proposal.

The former directors were Horace Albright (1929-33), Newton B. Drury (1940-51) and Conrad L. Wirth (1951-1964).

Wirth said he would personally prefer a larger park, "but we have to face facts."

The committee has before it two additional proposals, one for a 91,000-acre park largely in Humboldt County and one for a 53,000-acre redwood national park and seashore, advanced by Rep. Don H. Clausen, R-Calif.

FUND

the garden path" when it voted $120,500 in county funds for the Manzanita Community Center in Marin City.

Kettenhofen said the board was led to believe the school district would no longer need the $200,000 so the money for the center could come out of that allocation.

Supervisor Peter H. Behr said Kettenhofen's understanding was a "brand new version cut out of cellophane," and asked that Kettenhofen identify the person he thought did the fleecing.

Referring to an action of January 1966, Kettenhofen said it was Behr who said the school district would no longer need the full amount. "I don't say that this was intended. I would rather say he was confused."

"This is a very serious charge," Behr declared.

Kettenhofen said he would vote for the school district appropriation but would "never sit easy" about the whole matter.

Chairman Thomas T. Storer was unable to stop the discussion. He told Kettenhofen he would not recognize him, but Kettenhofen insisted on continuing the debate, and Storer recessed the meeting.

"I just want to say he's misinformed," Kettenhofen said as others left the meeting.

After recess, the board approved an allocation to the school district over the next two fiscal years, contingent on district voters approving a bond issue for a central school campus project.

Next the board agreed that any supervisor could ask preservation of a tape recording of a meeting for as long as that supervisors should be in office. The tape of the January session of 1966 had been destroyed. Kettenhofen had asked for it to prove his point.

Behr asked that the tape of today's exchange be saved for him.

VOTING

Student Hurt In Bus Crash

A county school bus slid into a ditch at 2220 Centro East Street, Tiburon, at 8:40 a.m. yesterday, injuring a 10-year-old passenger.

The driver, Ruth Edna Scuzzadana, 37, of San Rafael, told the California Highway Patrol she pulled right to avoid an oncoming vehicle and the bus skidded on wet pavement.

John Sandler, 10, of 1891 Indian Valley Road, Novato, was thrown forward by the impact and hit an iron bar on the back of the seat ahead. He was treated at Marin General Hospital for head bruises.

Injuries Minor In Auto Wreck

Dorothy Mae Brown, 40, of Vallejo, escaped with minor injuries when her car bounced across Highway 101 into the divider on St. Vincent's Hill at 4:22 p.m. yesterday.

Her northbound car started uphill but slid off the wet road, then back on, spun around and bounced back across the highway, crashing through the center steel mesh fence, California Highway Patrol reported.

She was treated at both Novato General Hospital and Kaiser Hospital, San Rafael, before returning to Vallejo.

Policeman Making A Good Recovery

Lt. Lincoln M. Borba of San Rafael police is recovering at Ross General Hospital from surgery last Wednesday for stomach ulcers.

Borba, watch commander on the 4 p.m. to midnight shift, is recovering rapidly and will return home in a few days, Deputy Chief Joseph J. Brusatori said today. Hospital officials said Borba was in good condition.

Fifth Firm Is Possible Bilk Victim

Another victim of an apparent swindle has turned up, San Rafael police reported today.

William E. Worrell of the John Hancock Insurance Agency, 4344 Redwood Highway, Corte Madera, said yesterday he gave a $135 check to Herbert Moore on Feb. 16 toward delivery of telephone book covers on which Worrell agreed to place advertising.

Worrell called police after reading Saturday's Independent-Journal story about Moore's disappearance after similar arrangements with several other merchants. He had reportedly collected more than $400 in advance money before moving out of a Terra Linda residence two weeks ago, jumping a rental agreement.

Merchants became concerned when up to two months elapsed without delivery of the covers.

Worrell's is the fifth business so far reporting contracts with Moore's GMG Productions of San Rafael. A records check showed Moore is wanted in Michigan on bad check charges.

Reagan Gives Pony Express His Blessing

SACRAMENTO (AP) — Western-minded Gov. Ronald Reagan brought the Pony Express back to California today—sort of.

On the west steps of the Capitol, the governor presented a proclamation to the first rider of a 300-mile pony relay team to publicize annual festivities at California State Polytechnic College in San Luis Obispo.

The rider, Dick Porter, 23, of Goldendale, Wash., took the message and a joint Senate-Assembly proclamation, mounted the horse and trotted away behind a motorcycle escort as a drizzle began.

The 10-day relay by 22 students will include a three-day layover in Merced for students to catch up on studies. It will end at Cal Poly April 28 at the opening of the two-day "Poly Royal."

Declining an invitation to ride the horse, Reagan, a horseman himself, said, "I can't think of anything better than being on a horse for a few days."

"I've never heard of a horse with a telephone," he quipped, referring to his busy schedule.

lagoon, $238,200 for a general services building at the Civic Center, and $183,085 for a new corporation yard.

The list also includes $125,000 for a sheriff's substation at Point Reyes Station, $38,450 for a fire station near Tomales, and $50,000 for a fire station in Marin City, and $300,000 for a branch library near Novato.

The capital program was compiled by the county planning staff after conferences with department heads. The cover of the document declares the proposal "does not necessarily represent the opinion of the county administrator, planning department or any county department head at this time."

It was late in the day when the planning commissioners took it up, and they had little to say about it either. They will talk about it again May 1.

Saigon Again Offering Olive Branch To Hanoi

COMBINED AP & UPI

SAIGON — South Vietnam offered anew today to talk peace with Communist North Vietnam and proposed that both sides pull back their forces from the demilitarized zone and de-escalate the war.

A U.S. spokesman said the South Vietnamese government discussed its proposal with U.S. officials before issuing it and the U.S. government welcomed the offer.

The South Vietnamese proposed peace talks amid continuing clashes in the northernmost provinces below the demilitarized zone and as 1,500 Saigon government troops launched a new drive in the Mekong Delta 42 miles southwest of the capital.

Unprecedented battle preparations went ahead throughout the northern provinces. At Quang Tri, a city of 12,000 which the Communists overran briefly in a raid April 6, residents were building bunkers at their homes, United Press International correspondent David Stuart-Fox reported.

One American officer told him Quang Tri is "a fortified city."

Along the central coastal plains, the spearheads of two South Korean divisions linked up in a drive from the north and from the south to open up a long stretch of the vital coastal Highway 1, between Song Cau and Tuy Hoa.

The linkup closed the 27-mile stretch between the two coastal cities and extended the central coast stretch in allied hands to a distance of 225 miles from Qui Nhon to Tan Lam.

The South Vietnamese peace offer was contained in a communique from the Foreign Ministry which welcomed peace proposals put forth April 11 by Canada. The communique broadly paralleled the four-stage Canadian proposals.

The Canadian proposals called for "some disengagement, possibly in the demilitarized zone between North and South Vietnam, together with a cessation of U. S. bombing of North Vietnam and of Communist infiltration of the South, (2) freezing military action in South Vietnam at the present level, (3) cessation of all hostilities, and (4) withdrawal of forces on either side of the 17th Parallel.

The South Vietnamese gave no distance for the pullback they proposed from the six-mile-wide demilitarized zone which straddles the 17th Parallel.

U.S. Marines and South Vietnamese troops continued bulldozing a cleared strip below the eastern part of the zone.

In the air war, U.S. planes flew 101 bombing missions over North Vietnam yesterday, but spokesmen said poor weather limited the strikes to the coastal regions and the southern panhandle.

North Vietnam today described South Vietnamese Premier Nguyen Cao Ky's plan to build a little Maginot Line south of the demilitarized zone "a foolish design."

School Plant Held Unsafe In Tomales

The old two-room school building does not meet earthquake-resistance requirements of the Field Act, architect A. J. Akol told the Tomales Bay School District board at its meeting last night.

The building would cost about $34,000 to bring up to earthquake standards, Akol estimated. The board deferred decision on what action to take to its May 15 meeting.

The Tomales Bay School District Board also:

PRINCIPAL'S PAY—Adopted an administrative pay schedule with a low of $11,440 and a high of $13,230, and offered David Raffin, principal, renewal of his contract at $12,675 on this scale, an increase of approximately $1,200.

RESIGNATIONS — Accepted resignations of four of the nine teachers in the district: Mrs. Genevieve Miller, Mrs. Dixie James, Mrs. Ann Spies and Mrs. Laurene Clarke. The board hired Emmett Rhodes and Dennis Copeland to teach next year, but did not assign classes.

CALENDAR — Adopted the calendar for next school year of 176 days starting Sept. 11 and ending on June 17.

PROPERTY — Postponed until its May 5 meeting action on disposal of the Marshall and Bloomfield school properties.

Paper Claims LBJ Napped At Summit

RIO DE JANEIRO (AP) — The Jornal do Brasil said today President Johnson took a nap at Punta del Este during a speech that "was probably the most interesting for the United States to hear."

Without saying how it found out what went on behind closed doors, the newspaper said that "this must have been the first time that history saw a chief of state sleeping in public during a meeting."

The speech was delivered by President Juan Carlos Ongania of Argentina, who unlike some others was uncritical of the United States, the newspaper added.

Jornal do Brasil recommended that at the next summit meeting "American diplomacy must suggest to President Johnson or his successor to use cotton to clog the ears. The method is more discreet. It is also more polite."

Mental Checkup Follows Slashing

Ross Merle Thornton, 52, of 79 Woodland Avenue, Apt. 19, San Rafael, was sent to Napa State Hospital last night after being treated for a slashed wrist at Marin General Hospital. San Rafael police said the wound was self-inflicted.

Police, called to the scene by the county communications center, found Thornton on a bed in his apartment and a friend, Georgina Margaret O'Leary, 35, trying to stop heavy bleeding from his wrists. Patrolman Raymond L. Maynard stopped the bleeding by applying pressure until an ambulance arrived.

Miss O'Leary said Thornton was depressed over being out of a job.

Sausalitan Hurt In Wreck

A Sausalito man was seriously injured at 2:35 a.m. today in a traffic collision on Highway 101 near the San Quentin overpass.

A car driven by Frederick Joseph Bolz, 26, of 500 South Eliseo Drive, Greenbrae, stopped while changing lanes, according to California Highway Patrol, and was hit in the rear by a car driven by Robert Duncan Cain, 23, of 428 Turney Street, Sausalito.

Cain had head injuries and was reported in fair condition at Marin General Hospital.

Ullner's Wife Granted Divorce

An interlocutory decree of divorce was granted Nancy L. Ullner, wife of Frederick L. Ullner, leader of the Conservative Action Committee, in Marin Superior Court today.

The uncontested hearing was before Judge Thomas F. Keating.

Mrs. Ullner, 37, alleged her husband was cruel and often drunk. Ullner, former Larkspur television shop owner, also faces a felony trial in Marin Superior Court on three counts of statutory rape and a fourth of committing an unnatural sex act.

Terra Linda Driver Injured In Accident

Dianne Marie Easton, 25, of 4 Terra Linda Drive, San Rafael, suffered minor injuries to her left knee and elbow in one of a series of three auto accidents yesterday at 10:55 a.m. on Highway 101 at California Park Hill.

The California Highway Patrol reported all cars were southbound in the accidents. Others were at 9 a.m. when a car driven by Emma Stephan Sokoloff, 49, of 101 Oak Ridge Road, San Rafael, hit the guard rail and spun onto the shoulder, and at 9:25 a.m. when one driven by Paul Michael Steinmetz, 50, of 50 Blossom Drive, San Rafael, hit the center divider. Mrs. Sokoloff and Steinmetz were unhurt.

Marin Votes $500 For Injury Session

County supervisors today voted $500 in county funds to help support the May 6 Sports Injury Conference sponsored by the Marin Medical Society and the county schools office, but said this will be the last year county money will be granted.

Supervisors told conference co-chairman Arnold A. Nutting that he should seek the grant from the county chamber of commerce in the future.

Memorial services will be held at 2 p.m. tomorrow at St. Stephens in Belverdere.

JOSEPH W. JUDD

An 81-year-old Novatan, attending the Novato Volunteer Firemen's steak barbecue last evening, collapsed suddenly, falling backward and fracturing his skull, and died six hours later at Marin General Hospital.

Death of Joseph Walter Judd, a retired accountant, was first attributed to the skull fracture. But County Coroner Donovan O. Cooke said an autopsy would be performed today in an effort to learn what caused his sudden collapse.

Judd was re-entering Firehouse 3 in San Marin with a plate of food at 8 p.m. when he suddenly threw up his hands and fell backward on the concrete, witnesses said. He was rushed, unconscious, to the hospital.

Judd was born in Sacramento and lived there until moving to San Francisco in 1909. He was an accountant for Standard Oil Co. of California in San Francisco for 25 years, retiring and moving to 760 Sun Lane, Novato, 15 years ago.

He was a member of Sacramento Lodge 40, Free and Accepted Masons; Sacramento Consistory of Scottish Rite Bodies, Islam Temple of the Shrine, and the Novato Volunteer Firemen.

He is survived by his wife, Irma.

Rep. Cohelan Offers Redwoods Compromise

Continued from page 1

acres with 42,970 acres in private ownership, a $90.4 million. He suggested $32 million of the total could be offset by exchanging 14,000 acres of national forest land in the northern redwood purchase unit for private lands. This would, he said, reduce the requirement of appropriated funds to $58.4 million.

The park service has estimated the cost of land acquisition for its 43,000-acre proposed park at $60 million.

Cohelan called unprecedented the proposal of Gov. Ronald Reagan that the state receive federal land of recreation potential for the state redwood park land proposed to be included in the park.

Cohelan said he would support the principle of exchange, although he might disagree on specific tracts. He objected to the proposal to transfer Muir Woods National Monument in Marin County, to the state.

Sen. Gaylord Nelson, D-Wis., suggested that the exchange idea might run into trouble. He asked if Congress could not "avoid the whole stew" by letting the state manage its parks separately from new land acquisitions for a national park.

Cohelan said this might be possible and politically necessary, but he would prefer federal management of a resource he considers to have national value.

In a letter to the committee, Sen. Lee Metcalf, D-Mont., principal supporter of the Sierra Club park plan in the Senate, said he supported the Cohelan compromise proposal.

H. Dewayne Kreager, Seattle economist employed by the redwood industry, cited employment and attendance figures at other western national parks as proof "that a redwood national park could not be and would not be the economic savior of the Redwood Empire."

"The redwood lumber-plywood-pulp industry should also (along with a national park) be preserved and permitted to develop as have other timber economies in the United States," he said. "The products thereof are needed for future generations as well as for the economic support of the north coast region of California."

Philip T. Farnsworth of San Francisco, executive vice president of the California Redwood Association, urged senators to consider the need for privately owned redwoods to bridge the transition gap in the industry's switch from old to new growth redwoods.

The best redwoods, Farnsworth said, are already preserved in 220 square miles of California and Oregon state parks.

Gray Evans, vice president of Georgia - Pacific Corp., added, "The supreme redwood forest in these parks—which are 83 per cent undeveloped today—are sufficient in size to accommodate comfortably all who wish to visit and view these trees in any period now and in the future."

Three former National Park Service directors supported the administration's Mill Creek area park proposal.

The former directors were Horace Albright (1929-33), Newton B. Drury (1940-51) and Conrad L. Wirth (1951-1964).

Wirth said he would personally prefer a larger park, "but we have to face facts."

The committee has before it two additional proposals, one for a 91,000-acre park largely in Humboldt County and one for a 53,000-acre redwood national park and seashore, advanced by Rep. Don H. Clausen, R-Calif.

FUND

the garden path" when it voted $120,500 in county funds for the Manzanita Community Center in Marin City.

Kettenhofen said the board was led to believe the school district would no longer need the $200,000 so the money for the center could come out of that allocation.

Supervisor Peter H. Behr said Kettenhofen's understanding was a "brand new version cut out of cellophane," and asked that Kettenhofen identify the person he thought did the fleecing.

Referring to an action of January 1966, Kettenhofen said it was Behr who said the school district would no longer need the full amount. "I don't say that this was intended. I would rather say he was confused."

"This is a very serious charge," Behr declared.

Kettenhofen said he would vote for the school district appropriation but would "never sit easy" about the whole matter.

Chairman Thomas T. Storer was unable to stop the discussion. He told Kettenhofen he would not recognize him, but Kettenhofen insisted on continuing the debate, and Storer recessed the meeting.

"I just want to say he's misinformed," Kettenhofen said as others left the meeting.

After recess, the board approved an allocation to the school district over the next two fiscal years, contingent on district voters approving a bond issue for a central school campus project.

Next the board agreed that any supervisor could ask preservation of a tape recording of a meeting for as long as that supervisors should be in office. The tape of the January session of 1966 had been destroyed. Kettenhofen had asked for it to prove his point.

Behr asked that the tape of today's exchange be saved for him.

Student Hurt In Bus Crash

A county school bus slid into a ditch at 2220 Centro East Street, Tiburon, at 8:40 a.m. yesterday, injuring a 10-year-old passenger.

The driver, Ruth Edna Scuzzadana, 37, of San Rafael, told the California Highway Patrol she pulled right to avoid an oncoming vehicle and the bus skidded on wet pavement.

John Sandler, 10, of 1891 Indian Valley Road, Novato, was thrown forward by the impact and hit an iron bar on the back of the seat ahead. He was treated at Marin General Hospital for head bruises.

Injuries Minor In Auto Wreck

Dorothy Mae Brown, 40, of Vallejo, escaped with minor injuries when her car bounced across Highway 101 into the divider on St. Vincent's Hill at 4:22 p.m. yesterday.

Her northbound car started uphill but slid off the wet road, then back on, spun around and bounced back across the highway, crashing through the center steel mesh fence, California Highway Patrol reported.

She was treated at both Novato General Hospital and Kaiser Hospital, San Rafael, before returning to Vallejo.

Policeman Making A Good Recovery

Lt. Lincoln M. Borba of San Rafael police is recovering at Ross General Hospital from surgery last Wednesday for stomach ulcers.

Fifth Firm Is Possible Bilk Victim

Another victim of an apparent swindle has turned up, San Rafael police reported today.

William E. Worrell of the John Hancock Insurance Agency, 4344 Redwood Highway, Corte Madera, said yesterday he gave a $135 check to Herbert Moore on Feb. 16 toward delivery of telephone book covers on which Worrell agreed to place advertising.

Worrell called police after reading Saturday's Independent-Journal story about Moore's disappearance after similar arrangements with several other merchants. He had reportedly collected more than $400 in advance money before moving out of a Terra Linda residence two weeks ago, jumping a rental agreement.

Merchants became concerned when up to two months elapsed without delivery of the covers.

Worrell's is the fifth business so far reporting contracts with Moore's GMG Productions of San Rafael. A records check showed Moore is wanted in Michigan on bad check charges.

Reagan Gives Pony Express His Blessing

SACRAMENTO (AP) — Western-minded Gov. Ronald Reagan brought the Pony Express back to California today—sort of.

On the west steps of the Capitol, the governor presented a proclamation to the first rider of a 300-mile pony relay team to publicize annual festivities at California State Polytechnic College in San Luis Obispo.

The rider, Dick Porter, 23, of Goldendale, Wash., took the message and a joint Senate-Assembly proclamation, mounted the horse and trotted away behind a motorcycle escort as a drizzle began.

The 10-day relay by 22 students will include a three-day layover in Merced for students to catch up on studies. It will end at Cal Poly April 28 at the opening of the two-day "Poly Royal."

Declining an invitation to ride the horse, Reagan, a horseman himself, said, "I can't think of anything better than being on a horse for a few days."

"I've never heard of a horse with a telephone," he quipped, referring to his busy schedule.

lagoon, $238,200 for a general services building at the Civic Center, and $183,085 for a new corporation yard.

The list also includes $125,000 for a sheriff's substation at Point Reyes Station, $38,450 for a fire station near Tomales, and $50,000 for a fire station in Marin City, and $300,000 for a branch library near Novato.

The capital program was compiled by the county planning staff after conferences with department heads. The cover of the document declares the proposal "does not necessarily represent the opinion of the county administrator, planning department or any county department head at this time."

It was late in the day when the planning commissioners took it up, and they had little to say about it either. They will talk about it again May 1.

Saigon Again Offering Olive Branch To Hanoi

COMBINED AP & UPI

SAIGON — South Vietnam offered anew today to talk peace with Communist North Vietnam and proposed that both sides pull back their forces from the demilitarized zone and de-escalate the war.

A U.S. spokesman said the South Vietnamese government discussed its proposal with U.S. officials before issuing it and the U.S. government welcomed the offer.

The South Vietnamese proposed peace talks amid continuing clashes in the northernmost provinces below the demilitarized zone and as 1,500 Saigon government troops launched a new drive in the Mekong Delta 42 miles southwest of the capital.

Unprecedented battle preparations went ahead throughout the northern provinces. At Quang Tri, a city of 12,000 which the Communists overran briefly in a raid April 6, residents were building bunkers at their homes, United Press International correspondent David Stuart-Fox reported.

One American officer told him Quang Tri is "a fortified city."

Along the central coastal plains, the spearheads of two South Korean divisions linked up in a drive from the north and from the south to open up a long stretch of the vital coastal Highway 1, between Song Cau and Tuy Hoa.

The linkup closed the 27-mile stretch between the two coastal cities and extended the central coast stretch in allied hands to a distance of 235 miles from Qui Nhon to Tan Lam.

The South Vietnamese peace offer was contained in a communique from the Foreign Ministry which welcomed peace proposals put forth April 11 by Canada. The communique broadly paralleled the four-stage Canadian proposals.

The Canadian proposals called for "some disengagement, possibly in the demilitarized zone between North and South Vietnam, together with a cessation of U.S. bombing of North Vietnam and of Communist infiltration of the South, (2) freezing military action in South Vietnam at the present level, (3) cessation of all hostilities, and (4) withdrawal of forces on either side of the 17th Parallel.

The South Vietnamese gave no distance for the pullback they proposed from the six-mile-wide demilitarized zone which straddles the 17th Parallel.

U.S. Marines and South Vietnamese troops continued bulldozing a cleared strip below the eastern part of the zone.

In the air war, U.S. planes flew 101 bombing missions over North Vietnam yesterday, but spokesmen said poor weather limited the strikes to the coastal regions and the southern panhandle.

North Vietnam today described South Vietnamese Premier Nguyen Cao Ky's plan to build a little Maginot Line south of the demilitarized zone "a foolish design."

School Plant Held Unsafe In Tomales

The old two-room school building does not meet earthquake-resistance requirements of the Field Act, architect A. J. Akol told the Tomales Bay School District board at its meeting last night.

The building would cost about $34,000 to bring up to earthquake standards, Akol estimated. The board deferred decision on what action to take to its May 15 meeting.

The Tomales Bay School District Board also:

PRINCIPAL'S PAY—Adopted an administrative pay schedule with a low of $11,640 and a high of $13,520, and offered David Raffin, principal, renewal of his contract at $12,475 on this scale, an increase of approximately $1,200.

RESIGNATIONS — Accepted resignations of four of the nine teachers in the district: Mrs. Genevieve Miller, Mrs. Dixie James, Mrs. Ann Spies and Mrs. Laurene Clarke. The board hired Emmett Rhodes and Dennis Copeland to teach next year, but did not assign classes.

CALENDAR — Adopted the calendar for next school year of 178 days starting Sept. 11 and ending on June 17.

PROPERTY — Postponed until its May 1 meeting action on disposal of the Marshall and Bloomfield school properties.

Paper Claims LBJ Napped At Summit

RIO DE JANEIRO (AP) — The Jornal do Brasil said today President Johnson took a nap at Punta del Este during a speech that "was probably the most interesting for the United States to hear."

Without saying how it found out what went on behind closed doors, the newspaper said that "this must have been the first time that history saw a chief of state sleeping in public during a meeting."

The speech was delivered by President Juan Carlos Ongania of Argentina, who unlike some others was uncritical of the United States, the newspaper added.

Jornal do Brasil recommended that at the next summit meeting "American diplomacy must suggest to President Johnson or his successor to use cotton to clog the ears. The method is more discreet. It is also more polite."

Mental Checkup Follows Slashing

Ross Merle Thornton, 52, of 79 Woodland Avenue, Apt. 19, San Rafael, was sent to Napa State Hospital last night after being treated for a slashed wrist at Marin General Hospital. San Rafael police said the wound was self-inflicted.

Police, called to the scene by the county communications center, found Thornton on a bed in his apartment and a friend, Georgina Margaret O'Leary, 35, trying to stop heavy bleeding from his wrists. Patrolman Raymond L. Maynard stopped the bleeding by applying pressure until an ambulance arrived.

Miss O'Leary said Thornton was depressed over being out of a job.

Sausalitan Hurt In Wreck

A Sausalito man was seriously injured at 2:35 a.m. today in a traffic collision on Highway 101 near the San Quentin overpass.

A car driven by Frederick Joseph Bolz, 26, of 500 South Eliseo Drive, Greenbrae, stopped while changing lanes, according to California Highway Patrol, and was hit in the rear by a car driven by Robert Duncan Cain, 23, of 428 Turney Street, Sausalito.

Cain had head injuries and was reported in fair condition at Marin General Hospital.

Ullner's Wife Granted Divorce

An interlocutory decree of divorce was granted Nancy L. Ullner, wife of Frederick L. Ullner, leader of the Conservative Action Committee, in Marin Superior Court today.

The uncontested hearing was before Judge Thomas F. Keating.

Mrs. Ullner, 27, alleged her husband was cruel and often drunk. Ullner, former Larkspur television shop owner, also faces a felony trial in Marin Superior Court on three counts of statutory rape and a fourth of committing an unnatural sex act.

Terra Linda Driver Injured In Accident

Dianne Marie Easton, 25, of 4 Terra Linda Drive, San Rafael, suffered minor injuries to her left knee and elbow in one of a series of three auto accidents yesterday at 10:55 a.m. on Highway 101 at California Park Hill.

The California Highway Patrol reported all cars were southbound in the accidents. Others were at 9 a.m. when a car driven by Emma Stephan Sokoloff, 49, of 101 Oak Ridge Road, San Rafael, hit the guard rail and spun onto the shoulder, and at 9:25 a.m. when one driven by Paul Michael Steinmetz, 50, of 50 Blossom Drive, San Rafael, hit the center divider. Mrs. Sokoloff and Steinmetz were unhurt.

Marin Votes $500 For Injury Session

County supervisors today voted $500 in county funds to help support the May 6 Sports Injury Conference sponsored by the Marin Medical Society and the county schools office, but said this will be the last year county money will be granted.

Supervisors told conference co-chairman Arnold A. Nutting that he should seek the grant from the county chamber of commerce in the future.

JOSEPH W. JUDD

An 81-year-old Novatan, attending the Novato Volunteer Firemen's steak barbecue last evening, collapsed suddenly, falling backward and fracturing his skull, and died six hours later at Marin General Hospital.

Death of Joseph Walter Judd, a retired accountant, was first attributed to the skull fracture. But County Coroner Donovan O. Cooke said an autopsy would be performed today in an effort to learn what caused his sudden collapse.

Judd was re-entering Firehouse 3 in San Marin with a plate of food at 8 p.m. when he suddenly threw up his hands and fell backward on the concrete, witnesses said. He was rushed, unconscious, to the hospital.

Judd was born in Sacramento and lived there until moving to San Francisco in 1919. He was an accountant for Standard Oil Co. of California in San Francisco for 25 years, retiring and moving to 760 Sun Lane, Novato, 15 years ago.

Gold Antique Watch Among Burglary Loot

A $585 gold antique watch was among loot taken by a burglar from the home of Dean A. Bassoni at 219 Foster Avenue, Kentfield, sheriff's officers reported belatedly today.

Army Commander In Ghana Killed

ACCRA, Ghana (AP) — Lt. Gen. Emmanuel K. Kotoka, commander of Ghana's army, was reported killed yesterday during four hours of sporadic fighting in which the military rulers of this West African nation put down a coup attempt by rebel officers.

Kotoka led the coup 14 months ago that deposed President Kwame Nkrumah. Unconfirmed reports said Kotoka was seized at his home, shot and his body left near Accra's airport.

Lawmakers Argue Power Royalties

SACRAMENTO (AP) — The problem of how to prevent big business profiteering from a billion-dollar bonanza in underground wealth touched off a behind-the-scenes controversy in the legislature today.

At stake is a bill regulating private companies that seek to tap underground pools of steam and gas on state-owned lands.

The public best knows the underground springs as the producers of geysers or hot mineral baths. But they are now taking their place as a major energy source. The steam is used to run power plants. Sometimes, minerals such as potash are taken from the steam.

ROYALTIES TOO LOW?

The bill by Sen. Howard Way, R-Exeter, proposes set amounts of royalties that businesses must pay the state for tapping the underground pools on state land. State Lands Commission officials are wondering if the royalties in the bill are high enough.

"The bill leans more toward giving industry an advantage rather than help preserve the total interest of the state," said F. J. Hortig, executive officer of the State Lands Commission.

The bill was quietly introduced and went through hearings of the Senate Governmental Efficiency Committee without opposition. The committee took the bill under study.

Hortig said it gives the state royalties of from 2 per cent to 5 per cent for minerals extracted from the steam. There are also royalties for electric power produced from the steam.

He said proposed federal legislation sets 5 per cent royalties and a recent New Mexico law places the figure at 10 per cent.

BILL DEFENDED

Way said the bill is needed to spur industry to develop the vast underground pools of steam and gas under some 600,000 acres of state-owned land.

"Here is where this great untapped resource lies," he said.

Way defended a provision of the bill that permits maximum leases of 25,600 acres. President Johnson vetoed a similar federal proposal last year, insisting on a 10,000-acre limitation.

The senator said his bill "protects the public interest" and "encourages private industry to invest in this high risk field."

Underground pools of steam and gas are located throughout the state. One, on state-owned land in Imperial County, is producing electric power and potash. Others, on private land in Sonoma County, are producing electric power that is sold to the Pacific Gas and Electric Co.

Pensioners' Heirs Given A Break

SACRAMENTO (AP) —Who should inherit the homes of old age welfare recipients? Their heirs or the government?

After wrestling with this question, an Assembly committee yesterday killed a bill which would have given the homes to the counties to sell for services rendered.

The heirs of the elderly Californians would have gotten whatever was left after the sale compensated county, state and federal governments for welfare aid they had made.

"Society which contributed that money is entitled to be paid off," said the bill's sponsor, Assemblyman Charles J. Conrad, R-Sherman Oaks.

Vatican Paper Sees No Change In Birth Policy

VATICAN CITY (AP) — The Vatican newspaper l'Osservatore Romano stressed today the Roman Catholic rules against contraception and declared that Pope Paul's latest encyclical contained no changes on birth control.

L'Osservatore's statement was one of the longest editorials the paper has carried on the birth control issue.

It appeared after the weekend publication by an American Catholic weekly of the secret report by the Pope's birth control commission urging him to allow contraception.

The editorial reaffirmed standing church policy that means must be found to increase the world's food production to meet the needs of expanding populations.

County Morgue? The Door's Open

San Rafael city councilmen took a dim view last night of having a county morgue on Irwin Street, but left the door open in case the county really means business.

A letter from the county asked for feelings of the city regarding a morgue in the former Marin Meat Co. building.

Councilman Harry A. Barbier felt there is no need for a county morgue. Mayor C. Paul Bettini agreed. Councilman Fred E. Jensen called it a waste of public money.

Councilman Louis H. Baar proposed that a hearing be held to see if businessmen in the neighborhood would object to the morgue. The council voted to hold such a hearing May if the county advises it is serious about acquiring the property.

Realty broker Ben Ostling, thinking the council was rejecting the morgue without hearing, argued for some time on the merits of the installation.

Bridge Club's Bid Doesn't Make Game

A bridge club in the 1200 block of Grand Avenue was slammed in no-trump last night as the kind of home occupation not permitted under San Rafael's zoning ordinance.

Robert D. Lewis of 1222 Grand Avenue told the city council the bridge club, in a home next door to him, "generates an immense amount of traffic" with "20 to 30 people there at one time." It is in a single-family residential zone.

Councilman Harry A. Barbier said "the traffic is really a sight to behold."

City Planner Herbert G. Hotchner said a license for the club had been issued with the thought that it would be a home occupation.

"About 60 days ago," he said, the club applied for license renewal; but on investigation "we found out the size of the operation — averaging 20 people per day, on weekends up to 40 people. We found this was a business."

The license, he said, will not be renewed.

"That's a good example of what is not a home occupation," said Hotchner.

He had just presented the council a proposed zoning ordinance amendment setting forth what are home occupations.

The council, however, sent the amendment back to the planning commission for addition of words making clear that occupations listed are not the only ones to be allowed in residences. Councilman Lousi H. Baar was particularly upset because the list did not include real estate broker.

The San Rafael City Council Also:

REZONING — Rezoned a portion of Constance Schwarzer's property on Fair Drive, adjoining an apartment house that partially collapsed in the Puerto Suello railroad tunnel cave-in, from single-family to apartment use.

MARINE DEFINITIONS — Adopted a zoning ordinance amendment defining provisions for marine uses and yacht harbors.

UNDERGROUND UTILITIES — Adopted an ordinance extending the underground utility district out Third and Fourth streets for the extension of the Third Street widening project.

PROPERTY SALE — Adopted an ordinance for sale of a substandard city-owned lot, created in developing Lisbon Street, to Don R. Presley for $9,500.

SEWERS — Postponed until budget discussion appropriation of money for an aerial survey preparatory to upgrading of the city's storm and sanitary sewer systems.

SLIDES — Authorized Public Works Director Norris M. Rawles to have soils studies made in a series of slide areas. The slides are on Redding Way, end of Twin Oaks Avenue, vicinity of 202 Miramar Avenue 100 block of Miraflores Avenue, 300 block of Bret Harte Road, near 96 Southern Heights Boulevard and near 191 Meyer Road. Rawles said all occurred after he prepared his preliminary budget requests in February. He estimated correction will cost $40,000 to $50,000.

MIRACLE MILE — Approved Rawles' plan for improvement of Fourth Street from Marquard Avenue to Greenfield Avenue, which calls for covering an open ditch and eliminating cross-traffic at East Crescent Avenue.

SIGNS — Rejected City Mgr. Dan E. Andersen's proposal for a moratorium on advertising signs along San Rafael Canal. Hotchner told the council he expects to have a new sign ordinance ready for planning commission study within 60 days.

APPEALS — Set for May 1 public hearings on Stephen P. Reinertsen's appeal of planning commission requirement for street work for a three-lot subdivision at Locust Avenue and Williams Street, and the city traffic committee's appeal of planning commission approval of use of 1428 Mission Avenue for a Montessori School.

TERRA LINDA PROJECTS — Put over for budget discussion the Terra Linda Community Services District's request for completion of sidewalk on Freitas Parkway at Northgate Drive and improvements to the Las Gallinas Avenue-Freitas Parkway intersection.

LEAVE — Granted John James of the license collector's office a leave to June 30 without pay.

ANNEXATION — Asked the Local Agency Formation Commission to eliminate a trailer court on Francisco Boulevard from the proposed Francisco Boulevard annexation. City Manager Andersen said thee are enough residents in the court to force an election on the annexation, which otherwise would be of uninhabited territory, and "the outcome would be controlled by transients."

CONFERENCE — Approved City Atty. David Menary's attending a city attorney's conference in Sacramento on May 3.

APPOINTMENTS — Appointed Councilman John A. Miskimen to replace retired Councilman Charles W. Aby on the finance committee, and reappointed Councilman Fred E. Jensen to the San Rafael Sanitation District Board.

Miskimen, sitting on the council for the first time, absented himself during the votes on planning matters on which he had already voted as a member of the planning commission.

Arraignment Held On Morals Charge

Daniel O. Parsons, 46, was arraigned in Marin Municipal Court yesterday on a charge of statutory rape of a 15-year-old high school girl.

Judge Peter Allen Smith scheduled plea entry for 2 p.m. Monday. Parsons, of 126 Cypress Drive, Fairfax, was found Friday with the girl in a car parked on a fire trail above Marin City, sheriff's officers said.

Video Cable Service Takes A New Line

The bugaboo of cable television franchies, which the San Rafael City Council "settled" over two years ago by adopting a 14-page resolution, arose again last night.

Before the council were rival applications by Tele-Vue System, Inc., and Cable Television of Marin for encroachment permits to permit stringing cables throughout all of San Rafael that does not already have such service.

Robert D. Lewis, porprietor of Cable Television, and Joseph E. Sheeks, attorney for Tele-Vue System, were on hand to plead their respective causes.

A council-appointed committee of Councilman Harry A. Barbier, City Mgr. Dan E. Andersen, and Public Works Director Norris M. Rawles recommended the permit go to Teve-Vue. But Councilman Louis H. Baar insisted, "We're going to have to set up some ground rules. . . Setting up a franchise for one particular outfit is not good."

Anderson and City Atty. David Menary recalled the council thought it set up ground rules in December, 1964, when it adopted the lengthy resolution. But Baar and Mayor C. Paul Bettini held these seemed inadequate.

At length, the decision on which — if either — permit to grant was put off to May 15.

Knife Charge Hearing

Judge Joseph G. Wilson of Marin Superior Court yesterday arraigned Archie Bruno Gallego, San Quentin prisoner, on a charge of having a knife in his possession on March 27, and set plea for 9:30 a.m. next Monday. Gallego is serving from six months to five years for auto theft in Kern County.

Aby Asks New Vote On Charter Changes

Dr. Charles W. Aby, after vacating the San Rafael City Council seat he had occupied for 16 years, called on the council last night to re-submit to the voters the charter changes which failed of passage in the April 10 election.

Speaking from the floor after John A. Miskimen had been sworn in to replace him on the council, Aby in a farewell urged that the four propositions be again submitted. Also, he urged the council to "take a good look to see if it would not be a goood idea for San Rafael to become a general law city."

There is not now the need for a charter that there was in 1931, when San Rafael's was adopted, he declared. "There is no state in the U.S. in which cities have the freedom" they do in California, he asserted.

Voters passed nine charter changes, but turned down those which would have made appointive the positions of city attorney, clerk, treasurer and police chief; would have lifted the $1,000 limit on city promotional spending; permitted exclusive franchises, and removed employee retirement tax from the general purpose tax limit of $1 per $100 assessed valuation.

Replacement of Dr. Aby by Miskimen was the only change in city hall personnel restulting from the election. There was also one change on the board of education, John C. Pfeiffer replacing Anita C. Strom.

City Clerk W. C. Cornwell was given the oath for his new term of office last night by Mayor C. Paul Bettini. Then Cornwell administered the oath to Pfeiffer and Carl J. Brown, who was reelected to the board of education, and to Mayor Bettini, Councilmen Miskimen and Fred E. Jensen, and to City Treasurer Angelina J. Soldavini, City Atty. David Menary, and Police Chief Charles J. Chiesa. Herman L. Childress, also elected to the board of education, was not present to take the oath.

Bettini, Cornwell, Miss Soldavini, Menary, and Chiesa all were re-elected without opposition. Jensen won his fourth term on the council. Aby did not seek re-election.

Jail Term Given On Check Charge

Donald John Arceo, 30, was given a year in county jail and placed on three years probation yesterday in Marin Superior Court for possession of a check with intent to defraud.

Judge Joseph G. Wilson made the term concurrent with a year Arceo is serving for forgery of a $1,075 check. Arceo, a transient, had a $1,285 check with intent to defraud Bank of Marin in San Rafael on Sept. 27. He had pleaded guilty.

Beatnik Student Leader Resigns

AMES, Iowa (UPI) — The "beatnik president" of the Iowa State University student body resigned yesterday in the midst of impeachment proceedings instituted after he revealed he had smoked marijuana at a campus pot party. He said the impeachment was a "smear campaign."

Don Smith, 21, resigned, dropped out of school (He would have graduated in June with a mechanical engineering degree and headed west in a Volkswagen microbus with a motorcycle strapped to its side.

"I can no longer take part in a society that condemns a man for having unpopular beliefs, yet accepts an organized campaign to destroy a man's reputation for personal gain for others," he said shortly before he left.

Demolition Ordered Of Burned Home

The San Rafael City Council last night declared the partially burned old residence at 1364 Grand Avenue and three shacks on the same property to be public nuisances, and ordered their demolition within 30 days.

The action was taken on urging of Building Inspector Jack Coates, who pointed out it has been 53 days since the Washington's Birthday fire that swept the main building, which housed some 26 people.

The owner, he said, has been notified and has taken no action.

Coates said a family was living in one of the shacks.

Ed Raggianti of 1360 Grand Avenue told the council that about two weeks ago, the whole front of the partially burned building fell into the roadway.

"Prior to the burning," declared Raggianti, "this was a blight, not only to the neighborhood but to the City of San Rafael."

He related that during World Way II, the owner was permitted to convert the old building into apartments and fix up the shacks for occupancy. "It's gone on since 1942 or '43," he said. And now, he declared, a potential buyer plans an apartment complex on the property.

Twnety-four people in the audience stood up to show they were residents of the neighborhood backing what Raggianti had to say. All applauded when the council unanimously declared house and shacks to be a public nuisance.

County Morgue? The Door's Open

San Rafael city councilmen took a dim view last night of having a county morgue on Irwin Street, but left the door open in case the county really means business.

A letter from the county asked for feelings of the city regarding a morgue in the former Marin Meat Co. building.

Councilman Harry A. Barbier felt there is no need for a county morgue. Mayor C. Paul Bettini agreed. Councilman Fred E. Jensen called it a waste of public money.

Councilman Louis H. Baar proposed that a hearing be held to see if businessmen in the neighborhood would object to the morgue. The council voted to hold such a hearing May if the county advises it is serious about acquiring the property.

Realty broker Ben Ostling, thinking the council was rejecting the morgue without hearing, argued for some time on the merits of the installation.

Bridge Club's Bid Doesn't Make Game

A bridge club in the 1200 block of Grand Avenue was slammed in no-trump last night as the kind of home occupation not permitted under San Rafael's zoning ordinance.

Robert D. Lewis of 1222 Grand Avenue told the city council the bridge club, in a home next door to him, "generates an immense amount of traffic" with "20 to 30 people there at one time." It is in a single-family residential zone.

Councilman Harry A. Barbier said "the traffic is really a sight to behold."

City Planner Herbert G. Hotchner said a license for the club had been issued with the thought that it would be a home occupation.

"About 60 days ago," he said, the club applied for license renewal; but on investigation "we found out the size of the operation — averaging 20 people per day, on weekends up to 40 people. We found this was a business."

The license, he said, will not be renewed.

"That's a good example of what is not a home occupation," said Hotchner.

He had just presented the council a proposed zoning ordinance amendment setting forth what are home occupations.

The council, however, sent the amendment back to the planning commission for addition of words making clear that occupations listed are not the only ones to be allowed in residences. Councilman Lousi H. Baar was particularly upset because the list did not include real estate broker.

Rawles said all occurred after he prepared his preliminary budget requests in February. He estimated correction will cost $40,000 to $50,000.

Trailer Terminology Entangles Commission

Marin County planning commissioners got bogged down yesterday in discussion of what are "trailers" and what are "mobile homes," and failed to come up with discussion on what to do about permitting either.

Trailers are considered vehicles and taxed as vehicles rather than homes as long as they have wheels under them. But Commissioner William F. Upton said modern trailer parks have become nothing more than "prefabricated subdivisions."

A proposed ordinance would permit such "mobile home parks."

Commissioner Gibbs H. Lawson said another kind of ordinance is needed to provide for small trailer parks for recreation camping.

Commissioners postponed decision on both to May 1, along with decision on whether the planning director instead of the commission shall act on architectural supervision applications.

Commissioner Hugh Dougherty, strongly opposing the latter suggestion, charged that its lack of notice and public hearing would be a "back room deal."

"Don't use those words!" Commissioner Michael Praszker protested.

Planners Amend Marinwood Plan For Synagogue Site

The Marin County Planning Commission yesterday voted 5-1, with Commissioner Eugene R. Trombley dissenting, to amend the Marinwood master plan to allow Congregation Kol Shofar to build a synagogue, classrooms and social hall at the north end of Juniperberry Drive.

Trombley wanted the change conditioned on access from nearby Miller Creek Road rather than from Juniperberry Drive. Residents of that street and Loganberry Drive protested, mainly on the fear of inordinate traffic and parking problems.

Commissioner William F. Upton, absent for most of the discussion, abstained.

The congregation plans to buy 20 acres, mostly hillside. Three buildings and a 100-space parking lot will be on three relatively level acres.

The commission action was a recommendation to county supervisors, who must schedule a hearing before they vote on the proposed change.

Russian Seeks Summit Talks

BERLIN (AP) — Soviet party chief Leonid I. Brezhnev renewed Moscow's call for a world Communist conference today. But in an effort to get around opponents of a break with Peking, he used the Vietnam war as his pretext rather than the bitter dispute between the Soviet Union and Red China.

Brezhnev said the conference would speed up what he termed the American "fiasco" in Vietnam.

In a major policy address before 2,200 delegates to the East German Communist party's congress in East Berlin, Brezhnev said "the time has come to consider concrete questions of preparing" a world conference and its agenda.

Northeastern Area Master Plan Heard

The Marin County Planning Commission yesterday held the first of two hearings on a master plan for 7.5 square miles at the northeast corner of the county.

The area, along San Antonio Creek, is to be included in the Novato general plan and follows the same housing density formula as that plan. The area would eventually have 3,285 homes and 11,232 people.

A community center, fire house and shopping center are shown in the plan on the creek west of Highway 101.

The plan shows Highway 37 running west to Point Reyes Station on the north side of the county line, a change from the preliminary proposal of the State Division of Highways, which put the route through Novato. The road was left out of the Novato general plan on the instance of city officials.

The master plan before the county planning commission yesterday will go to the Novato Planning Commission Monday and be heard again by county commissioners May 1. Yesterday's hearing brought no protest.

Well what do you do with a prune pit once it's in your mouth? Disgusting. There's no way you can get rid of a prune pit, gracefully. That's why Sunsweet has developed *The Pitted Prune.* How do we do that? We do it*. Let's lay our prunes on the table; until now, most people didn't like prunes very much. As a matter of fact there were those who wouldn't touch one with a twenty foot spoon. Apparently they didn't find anything all that appealing about a piece of wrinkled fruit that could knock out a $75.00 inlay. But that's all behind us now. Shake hands with the Pitted Prune; sweet, moist, although still rather badly wrinkled. One thing at a time please. Today the pits . . . tomorrow the wrinkles. SUNSWEET MARCHES ON!!!

Trailer Terminology Entangles Commission

Marin County planning commissioners got bogged down yesterday in discussion of what are "trailers" and what are "mobile homes," and failed to come up with discussion on what to do about permitting either.

Trailers are considered vehicles and taxed as vehicles rather than homes as long as they have wheels under them. But Commissioner William F. Upton said modern trailer parks have become nothing more than "prefabricated subdivisions."

A proposed ordinance would permit such "mobile home parks."

Commissioner Gibbs H. Lawson said another kind of ordinance is needed to provide for small trailer parks for recreation camping.

Commissioners postponed decision on both to May 1, along with decision on whether the planning director instead of the commission shall act on architectural supervision applications.

Commissioner Hugh Dougherty, strongly opposing the latter suggestion, charged that its lack of notice and public hearing would be a "back room deal."

"Don't use those words!" Commissioner Michael Praszker protested.

Planners Amend Marinwood Plan For Synagogue Site

The Marin County Planning Commission yesterday voted 5-1, with Commissioner Eugene R. Trombley dissenting, to amend the Marinwood master plan to allow Congregation Kol Shofar to build a synagogue, classrooms and social hall at the north end of Juniperberry Drive.

Trombley wanted the change conditioned on access from nearby Miller Creek Road rather than from Juniperberry Drive. Residents of that street and Loganberry Drive protested, mainly on the fear of inordinate traffic and parking problems.

Commissioner William F. Upton, absent for most of the discussion, abstained.

The congregation plans to buy 20 acres, mostly hillside. Three buildings and a 100-space parking lot will be on three relatively level acres.

The commission action was a recommendation to county supervisors, who must schedule a hearing before they vote on the proposed change.

Marin County Planning Commission Also:

SCHOOL SITE GROWS — Approved addition of 12.55 acres to the Lagunitas School site.

POOL APPROVED — Passed plans for a swimming pool at the Jewish Community Center, 200 North San Pedro Road, Santa Venetia.

DENSITY DEBATE — Voted for a 26-unit development on 4.58 acres north of Knoll Road and Thomas Drive in Alto owned by Dunya Chernenko, who had asked a total of 42 units in duplexes staff had recommended nine units. The compromise came after long debate.

APPEAL TURNED DOWN — Denied the appeal of Robert R. Odmark from the zoning administrator's approval of a variance for Carl P. Schug to allow his to continue the use of a second unit of a rental apartment in his home at 135 Harvard Avenue, Almonte. Odmark did not appear at yesterday's hearing.

CONTINUANCES — Put off until May 1 discussion of a concert hall proposed by Don McCoy in an empty hangar at the Commodore helicopter site, Waldo Point, and discussion of an apartment and shop development planned by Allison Hanna at 164 Almonte Boulevard in Almonte.

Russian Seeks Summit Talks

BERLIN (AP) — Soviet party chief Leonid I. Brezhnev renewed Moscow's call for a world Communist conference today. But in an effort to get around opponents of a break with Peking, he used the Vietnam war as his pretext rather than the bitter dispute between the Soviet Union and Red China.

Brezhnev said the conference would speed up what he termed the American "fiasco" in Vietnam.

In a major policy address before 2,200 delegates to the East German Communist party's congress in East Berlin, Brezhnev said "the time has come to consider concrete questions of preparing" a world conference and its agenda.

In 1964, the latest date for which Internal Revenue Service figures are available, tax deductions for charitable contributions reached $8.3 billion and the average gift reported was $309.

School Earthquake Restrictions Eased

SACRAMENTO (AP) — The Senate has passed two bills designed to make it easier for Los Angeles and Long Beach school districts to meet earthquake safety regulations.

One bill approved yesterday would allow any school district increase its maximum tax rate to make earthquake safety repairs and another bill would drop the requirement that repair contract changes by the Los Angeles school board must be unanimous.

REJECTS AWARD — Army Sgt. Maj. Anthony Ferrelli, relaxing in his Aurora, Ill., home, has rejected the Silver Star for gallantry in Vietnam. Ferrelli, who will retire from the Army on April 30, told newsmen yesterday he didn't deserve it. (AP Wirephoto)

SAN FRANCISCO (AP) — Judge Bernard B. Glickfield has dissolved the wedding of former model Pat Montandon and attorney Melvin Belli.

After conferring with attorneys for both parties Monday, Judge Glickfield voided the Shinto marriage in Japan because Belli had failed to register it.

Northeastern Area Master Plan Heard

The Marin County Planning Commission yesterday held the first of two hearings on a master plan for 7.5 square miles at the northeast corner of the county.

The area, along San Antonio Creek, is to be included in the Novato general plan and follows the same housing density formula as that plan. The area would eventually have 3,285 homes and 11,232 people.

A community center, fire house and shopping center are shown in the plan on the creek west of Highway 101.

The plan shows Highway 37 running west to Point Reyes Station on the north side of the county line, a change from the preliminary proposal of the State Division of Highways, which put the route through Novato. The road was left out of the Novato general plan on the instance of city officials.

The master plan before the county planning commission yesterday will go to the Novato Planning Commission Monday and be heard again by county commissioners May 1. Yesterday's hearing brought no protest.

TRUSTEES DEFER ON OVERCROWDING

Tam Board Sets Meeting On Monday To Solve Crisis At Drake High School

The Tamalpais High School District Board decided last night to take another week before announcing a plan to ease crowding at Sir Francis Drake High School next fall.

The deferrment — until a special meeting at 8 p.m. Monday — came after Drake Principal Harold Allison presented trustees with nine possible substitutes to his controversial remcommendation to put freshmen on a split schedule.

The split schedule was criticized by Drake parents, who asked trustees to consider installing portables to handle the enrollment boost.

COMPLEX PLAN

Last night's suggestions were complex, seeking relief through various plans for adding new classroom space or shuffling students. The board seemed in favor, however, of combining plans which would add six portables and convert a language laboratory into a regular classroom.

Allison said he believed Drake's educational program still would best be served by his split session plan, but listed the combination idea as second best.

Supt. Chester G. Carlisle estimated installation and the first year's rent on six portables would cost $25,000, with an annual rental of about $2,250 to follow.

AWAITING FUNDS

Through the combination plan the board liked, as many as three portable portables could be eliminated by classroom use of the language laboratroy when federal funds come through to install language equipment in five classrooms, and through conversion into classroom space of the social studies resource center and the materials resource center in the library.

The advantages of such a plan, Allison said, would be that freshmen would have the same schedule as most other students, class periods would remain at 55 minutes each, and no special arrangements would have to made for freshmen to participate in student activities. None of this would be possible with a split session plan, he added.

In addition, the present school day — 8:30 a.m. to 3:05 p.m. with a pre-period at 7:30 a.m. — would hold under the proposal for portables and laboratory conversion, the principal said.

NEXT MEETING

Monday's special meeting to decide the course of action will be held in the superintendent's office at Redwood High School, scene of last night's regular session.

The board, by vote of 4-1, directed structural engineer H. M. Engle to cease work on proposed expansion of Redwood High School until the newly formed citizens' advisory committe on district building needs makes its recommendations.

Trustees also asked that Gromme and Priestley, district architects, be paid $27,000 for work to date on drawings for the Redwood expansion. Dr. John C. Siemens dissented on these votes.

FEE EXPLAINED

It was revealed at the board's last session by David D. Ring of Tiburon, trustee candidate in today's election, that Carlisle had authorized a change to monthly payment of fees to the architect through Engle for the drawings. Carlsile, calling the authorization a clerical error, said Engle had agreed it was not valid because it lacked trustee approval.

The 12-member building needs advisroy committee, appointed by the trustees April 3, organized last night while the trustees were in session. Mrs. Pat Thompson of Mill Valley was announced as a replacement on the committee for Richard A. Falge, also of Mill Valley, who informed the trustees he was forced to relinquish the appointment because of a heavy business shcedule.

Statue, Camera Gear Stolen

Thieves stole a $400 sculpture and camera equipment valued at $667 Sunday night from vehicles parked in Sausalito, police reported.

The sculpture, a 21-pound steel and bronze figure of a man with a horse's head, was taken from the rear of a pick-up truck owned by John D. Jagger of Los Gatos while it was parked in front of Gatsby's, 39 Caledonia Street.

The camera equipment was stolen from an unlocked car parked at the Alta Mira hotel by a guest, Fred Sorri of Carmel.

Middle School Held Buildable On Three Sites

Three sites in Mill Valley's Project 17 area apparently are "buildable" for a "middle school," Supt. G. R. McConnell reported last night to school district trustees.

Informal discussion with soil engineers Harding, Miller, Lawson and Associates of San Rafael, he said, "Indications that there are probably three 'buildable' sites." The three are the Pacific Gas and Electric Co. property Biggio property in Camino Alto and site of the Community and Youth Center, he told trustees.

The engineers said the third was not so stable as the others, McConnell noted.

Trustees received a list of priorities of educational programs to consider cutting if necessary. The district's preliminary budget for next fiscal year shows a deficit of approximately $15,000, and includes no funds for reserves or for $90,000 in salary increases called for by present policy.

The list of priorities, prepared by the district's administrative council, recommended "high priority" items include maintenance of existing class size averages, shift of remedial reading from grades 3-8 to grades 1-3, change from small group instruction in grade six to increased library service, equivalent of a full-time administrator at each school, and continuation of the voluntary transfer program with Sausalito school district. Trustees approved the, last recommendation.

Mill Valley School District trustees also:

SUMMER SCHOOL — Announced summer school will run June 26 to July 28, with holidays July 3 and 4. Classes will be from 8:30 a.m. to 12:30 p.m. at Alto, Tamalpais Valley Park and Edna Maguire schools.

TEACHER AIDES — Heard a report that there is a critical shortage of volunteers and paid teacher aides.

RESIGNATION — Accepted resignation of Mrs. Franklin Ulrich, fifth grade teacher at Strawberry Point School, who has taught in the district for 16 years.

Supervisors Save Doomed Fir Tree

Marin County supervisors today agreed to save a 30-foot Douglas fir, in the way of a parking lot development in San Rafael, and transplant it at the Civic Center, using $63 in county funds and $100 worth of county labor.

Efforts to save the tree at 714 Mission Avenue were launched last week by Margaret McFarland of San Rafael.

Marin Municipal Water District has agreed to contribute a back hoe to dig up the tree, Ghilotto Brothers has agreed to contribute a crane to lift it, and Hamilton Air Force Base has agreed to contribute a truck to transport it to a new site at the north end of the Hall of Justice at the Civic Center.

Supervisor Ernest N. Kettenhofen called on fellow supervisors today to put up money for top soil and wilt-proofing spray.

If the tree survives — and the Public Works Department reports a 60 per cent chance — it could be decorated and serve as a Christmas tree for the Civic Center.

Escape Suspect Faces Sanity Examinations

Lewis Barton Pettijohn Jr., 33, scheduled for jury trial in Marin Superior Court today on charges of kidnaping, armed robbery and escape, has instead agreed to sanity examinations by two psychiatrists.

If the psychiatrists find Pettijohn was sane on Nov. 23, when he escaped from county jail, he agreed to trial without jury on his remaining plea of innocent by reason of insanity.

The hearing would involve only the psychiatrists' reports and testimony.

If one or both prychiatrists conclude he was insane Nov. 23, Pettijohn will be permitted to take the issue before a jury for trial on the insanity plea.

Judge Joseph G. Wilson today appointed Dr. George R. Caesar of Greenbrae and Dr. Gerald Hill of San Rafael to make the examinations and report May 8.

Pettijohn is charged with escape from county jail, kidnaping and robbing cab driver Bruce Hall, 35, of Forest Knolls, and kidnaping and robbing Mr. and Mrs. Arthur F. Jorgensen and their son, Larry, at 510 Fawn Drive, Sleepy Hollow. He had pleaded innocent and innocent by reason of insanity.

Late yesterday afternoon he withdrew his pleas of innocent to escape and the Jorgensen kidnaping and robbery. The judge then dismissed the kidnaping and robbery counts involving Hall.

"He is admitting that he committed the crimes but (maintains he) is not legally responsible because he was insance at the time," said Asst. Dist. Atty. Leonard Shaw.

A charge of passing a worthless $110 check on June 4, 1964, will be handled on the dame basis. Judge Wilson dismissed yet another charge, failure to return to county jail from work furlough on May 29, 1964.

Marin Dogs Take Share Of Ribbons

Marin County dogs carted off their share of ribbons and trophies at the Sacramento Dog Fanciers spring show on Sunday.

The non-sporting group was won by Ch. Wycliffe Dudley, black Standard Poodle owned by Charles S. Wills of 578 Virginia Drive, Tiburon and handled by Phyllis T. Greer of Black Point.

Best of breed wins were made by the West Highland White Terrier Kar Roc's O Please, owned by Dorish H. Eisenberg of 17 Knoll War, San Rafael; the Borzoi Ch. Ranchitos Silversheen, owned by Audrey J. Dodson of 19 Ranch Road, San Rafael; the French Bulldog Ch. Terrett's Terri de Hampton, owned by Janis E. Hampton of 263 Cascade Drive, Mill Valley and the Sky Terrier Wishaw of Iradell, owned by Walter and Carol Simonds of 350 Ranchitos Road, San Rafael.

The Long-haired Dachshund Ch. Del Akers El Capitan, owned by B. K. Simpson of 673 Atherton Avenue, Novato, not only won best of variety honors but was best of breed in the Northern California dachshund specialty show on Saturday, shown by Helen Blair of Novato.

A rare bullmastiff, Veronda's Rebel of Olompoli, owned by Charmaine R. Veronda of the Burdell Ranch, started his show career with a three-point major and best of breed win.

Condition Same

No change was reported today in the fair condition of Samuel P. Gillespie, 36, of 340 Olema Drive, Fairfax, in Marin General Hospital with gunshoot wound. A friend found him Sunday after he staggered into the kitchen of his home.

Community Club Elects In Novato

Michael Jones was elected president of the Novato Community Club last night.

Rex Minshall was elected vice president; Mrs. Shirley Lane, secretary, and Albert Richter, treasurer. Mrs. Lois Wright will be the historian.

Installation of officers will be at Nero's restaurant in Nave Lanes on Saturday, with no-host cocktails at 6:30 and dinner at 8 p.m. The annual awards and trophies for performances during the year will be presented.

Fairgrounds Future Is Discussed

Hopes and fears for, fairgrounds development were voiced last night at a meeting in the supervisors' chambers at Civic Center sponsored by the ad hoc fairgrounds committee.

Architect Morris Neil Finisy of Mill Valley reviewed the history of planning the fairgrounds, at Civic Center, which, he pointed out, had been undre discussion for 15 years.

Finisy, noting that the Veterans Auditorium was the first construction planned for the fair complex warned the audience, which included a large delegation from veterans' organizations, that the facilities should not "become the exclusive domain of any single organization, facet of community life or group of artists."

James M. Brown, director of Oakland Museum, described the operation of fairgrounds under the "art council" concept" which he had observed in New York. This method provided a strong central administration under a single director backed by a complete staff, he said.

County Supervisor Peter H. Behr reminded the audience that a bill was up for consideration next week in the State Assembly which would change the allocation of parimutuel funds and might cost the county $1.2 million pledged for construction of the auditorium.

Stolen Auto Recovered

Sausalito police early today recovered a 1958 Volvo coupe stolen April 8 from Eric G. Ebert of Stetson Avenue, Kentfield. The car, stolen while parked in the U.S. Army Corps of Engineers' Bay model in Sausalito, was found partially stripped at the rear of an old building at 2800 Bridgeway, police said.

Theft Of Tires

Ten tires valued at $207 were stolen from a rack at Cerutti Brothers Richfield Station, 1221 Third Street, San Rafael Police reported today. The loss was reported by co-owner Harry D. Cerutti.

Tam Board Sets Meeting On Monday To Solve Crisis At Drake High School

The Tamalpais High School District Board decided last night to take another week before announcing a plan to ease crowding at Sir Francis Drake High School next fall.

The deferrment — until a special meeting at 8 p.m. Monday — came after Drake Principal Harold Allison presented trustees with nine possible substitutes to his controversial remcommendation to put freshmen on a split schedule.

The split schedule was criticized by Drake parents, who asked trustees to consider installing portables to handle the enrollment boost.

COMPLEX PLAN

Last night's suggestions were complex, seeking relief through various plans for adding new classroom space or shuffling students. The board seemed in favor, however, of combining plans which would add six portables and convert a language laboratory into a regular classroom.

Allison said he believed Drake's educational program still would best be served by his split session plan, but listed the combination idea as second best.

Supt. Chester G. Carlisle estimated installation and the first year's rent on six portables would cost $25,000, with an annual rental of about $2,250 to follow.

AWAITING FUNDS

Through the combination plan the board liked, as many as three portable portables could be eliminated by classroom use of the language laboratroy when federal funds come through to install language equipment in five classrooms, and through conversion into classroom space of the social studies resource center and the materials resource center in the library.

The advantages of such a plan, Allison said, would be that freshmen would have the same schedule as most other students, class periods would remain at 55 minutes each, and no special arrangements would have to made for freshmen to participate in student activities. None of this would be possible with a split session plan, he added.

In addition, the present school day — 8:30 a.m. to 3:05 p.m. with a pre-period at 7:30 a.m. — would hold under the proposal for portables and laboratory conversion, the principal said.

NEXT MEETING

Monday's special meeting to decide the course of action will be held in the superintendent's office at Redwood High School, scene of last night's regular session.

The board, by vote of 4-1, directed structural engineer H. M. Engle to cease work on proposed expansion of Redwood High School until the newly formed citizens' advisory committe on district building needs makes its recommendations.

Trustees also asked that Gromme and Priestley, district architects, be paid $27,000 for work to date on drawings for the Redwood expansion. Dr. John C. Siemens dissented on these votes.

FEE EXPLAINED

It was revealed at the board's last session by David D. Ring of Tiburon, trustee candidate in today's election, that Carlisle had authorized a change to monthly payment of fees to the architect through Engle for the drawings. Carlsile, calling the authorization a clerical error, said Engle had agreed it was not valid because it lacked trustee approval.

The 12-member building needs advisroy committee, appointed by the trustees April 3, organized last night while the trustees were in session. Mrs. Pat Thompson of Mill Valley was announced as a replacement on the committee for Richard A. Falge, also of Mill Valley, who informed the trustees he was forced to relinquish the appointment because of a heavy business shcedule.

Tiburon board of design review will consider architectural approval of the structure today at 8 p.m. in City Hall.

Statue, Camera Gear Stolen

Thieves stole a $400 sculpture and camera equipment valued at $667 Sunday night from vehicles parked in Sausalito, police reported.

The sculpture, a 21-pound steel and bronze figure of a man with a horse's head, was taken from the rear of a pick-up truck owned by John D. Jagger of Los Gatos while it was parked in front of Gatsby's, 39 Caledonia Street.

The camera equipment was stolen from an unlocked car parked at the Alta Mira hotel by a guest, Fred Sorri of Carmel.

Middle School Held Buildable On Three Sites

Three sites in Mill Valley's Project 17 area apparently are "buildable" for a "middle school," Supt. G. R. McConnell reported last night to school district trustees.

Informal discussion with soil engineers Harding, Miller, Lawson and Associates of San Rafael, he said, "Indications that there are probably three 'buildable' sites." The three are the Pacific Gas and Electric Co. property Biggio property in Camino Alto and site of the Community and Youth Center, he told trustees.

The engineers said the third was not so stable as the others, McConnell noted.

Trustees received a list of priorities of educational programs to consider cutting if necessary. The district's preliminary budget for next fiscal year shows a deficit of approximately $15,000, and includes no funds for reserves or for $90,000 in salary increases called for by present policy.

The list of priorities, prepared by the district's administrative council, recommended "high priority" items include maintenance of existing class size averages, shift of remedial reading from grades 3-8 to grades 1-3, change from small group instruction in grade six to increased library service, equivalent of a full-time administrator at each school, and continuation of the voluntary transfer program with Sausalito school district. Trustees approved the, last recommendation.

Mill Valley School District trustees also:

SUMMER SCHOOL — Announced summer school will run June 26 to July 28, with holidays July 3 and 4. Classes will be from 8:30 a.m. to 12:30 p.m. at Alto, Tamalpais Valley Park and Edna Maguire schools.

TEACHER AIDES — Heard a report that there is a critical shortage of volunteers and paid teacher aides.

RESIGNATION — Accepted resignation of Mrs. Franklin Ulrich, fifth grade teacher at Strawberry Point School, who has taught in the district for 16 years.

Supervisors Save Doomed Fir Tree

Marin County supervisors today agreed to save a 30-foot Douglas fir, in the way of a parking lot development in San Rafael, and transplant it at the Civic Center, using $63 in county funds and $100 worth of county labor.

Efforts to save the tree at 714 Mission Avenue were launched last week by Margaret McFarland of San Rafael.

Marin Municipal Water District has agreed to contribute a back hoe to dig up the tree, Ghilotto Brothers has agreed to contribute a crane to lift it, and Hamilton Air Force Base has agreed to contribute a truck to transport it to a new site at the north end of the Hall of Justice at the Civic Center.

Supervisor Ernest N. Kettenhofen called on fellow supervisors today to put up money for top soil and wilt-proofing spray.

If the tree survives — and the Public Works Department reports a 60 per cent chance — it could be decorated and serve as a Christmas tree for the Civic Center.

Escape Suspect Faces Sanity Examinations

Lewis Barton Pettijohn Jr., 33, scheduled for jury trial in Marin Superior Court today on charges of kidnaping, armed robbery and escape, has instead agreed to sanity examinations by two psychiatrists.

If the psychiatrists find Pettijohn was sane on Nov. 23, when he escaped from county jail, he agreed to trial without jury on his remaining plea of innocent by reason of insanity.

The hearing would involve only the psychiatrists' reports and testimony.

If one or both prychiatrists conclude he was insane Nov. 23, Pettijohn will be permitted to take the issue before a jury for trial on the insanity plea.

Judge Joseph G. Wilson today appointed Dr. George R. Caesar of Greenbrae and Dr. Gerald Hill of San Rafael to make the examinations and report May 8.

Pettijohn is charged with escape from county jail, kidnaping and robbing cab driver Bruce Hall, 35, of Forest Knolls, and kidnaping and robbing Mr. and Mrs. Arthur F. Jorgensen and their son, Larry, at 510 Fawn Drive, Sleepy Hollow. He had pleaded innocent and innocent by reason of insanity.

Late yesterday afternoon he withdrew his pleas of innocent to escape and the Jorgensen kidnaping and robbery. The judge then dismissed the kidnaping and robbery counts involving Hall.

"He is admitting that he committed the crimes but (maintains he) is not legally responsible because he was insance at the time," said Asst. Dist. Atty. Leonard Shaw.

A charge of passing a worthless $110 check on June 4, 1964, will be handled on the dame basis. Judge Wilson dismissed yet another charge, failure to return to county jail from work furlough on May 29, 1964.

Hampton of 263 Cascade Drive, Mill Valley and the Sky Terrier Wishaw of Iradell, owned by Walter and Carol Simonds of 350 Ranchitos Road, San Rafael.

A rare bullmastiff, Veronda's Rebel of Olompoli, owned by Charmaine R. Veronda of the Burdell Ranch, started his show career with a three-point major and best of breed win.

Condition Same

No change was reported today in the fair condition of Samuel P. Gillespie, 36, of 340 Olema Drive, Fairfax, in Marin General Hospital with gunshoot wound. A friend found him Sunday after he staggered into the kitchen of his home.

Michael Jones was elected president of the Novato Community Club last night.

Rex Minshall was elected vice president; Mrs. Shirley Lane, secretary, and Albert Richter, treasurer. Mrs. Lois Wright will be the historian.

Installation of officers will be at Nero's restaurant in Nave Lanes on Saturday, with no-host cocktails at 6:30 and dinner at 8 p.m. The annual awards and trophies for performances during the year will be presented.

Fairgrounds Future Is Discussed

Hopes and fears for, fairgrounds development were voiced last night at a meeting in the supervisors' chambers at Civic Center sponsored by the ad hoc fairgrounds committee.

Architect Morris Neil Finisy of Mill Valley reviewed the history of planning the fairgrounds, at Civic Center, which, he pointed out, had been undre discussion for 15 years.

Finisy, noting that the Veterans Auditorium was the first construction planned for the fair complex warned the audience, which included a large delegation from veterans' organizations, that the facilities should not "become the exclusive domain of any single organization, facet of community life or group of artists."

James M. Brown, director of Oakland Museum, described the operation of fairgrounds under the "art council" concept" which he had observed in New York. This method provided a strong central administration under a single director backed by a complete staff, he said.

County Supervisor Peter H. Behr reminded the audience that a bill was up for consideration next week in the State Assembly which would change the allocation of parimutuel funds and might cost the county $1.2 million pledged for construction of the auditorium.

Stolen Auto Recovered

Sausalito police early today recovered a 1958 Volvo coupe stolen April 8 from Eric G. Ebert of Stetson Avenue, Kentfield. The car, stolen while parked in the U.S. Army Corps of Engineers' Bay model in Sausalito, was found partially stripped at the rear of an old building at 2800 Bridgeway, police said.

Theft Of Tires

Ten tires valued at $207 were stolen from a rack at Cerutti Brothers Richfield Station, 1221 Third Street, San Rafael Police reported today. The loss was reported by co-owner Harry D. Cerutti.

Bagley Aide Hears Council Stand Against Proposed State Laws

Corte Madera Town Council got a few state-level opinions off it collective chest last night when an administrative assistant of Assemblyman William T. Bagley, R-San Rafael, paid a courtesy call.

The council gave aide John Vortruba its stand on several issues now pending in the legislature, in most cases supporting more local control and less state regulation.

The council opposed a bill to set statewide standards for police applicants, a bill for state regulation of community antenna television, a bill setting statewide recruiting standards for firemen, and a bill for mandatory arbitration of firemen's salary negotiations.

The council was dubious about proposed extensions of the Brown Act on public meetings. Vortruba said Bagley has withdrawn his support of one change he had backed to specify open meetings of non-quorum committees.

Bagley's help was asked in opening Sacramento doors for the town's finance director, John R. Vance, in a check of Corte Madera's sales tax receipts.

Mayor Edward W. Colthurst said the town has received $15,000 less than expected in sales tax returns from the state, and wants to check state records to see if there is an error. The council last night authorized Vance to audit the state sales tax returns.

A protest over an ordinance on non-conforming building sites was referred to the town planning commission for study. The ordinance, passed last year, says adjoining properties of substandard size, if owned by the same person, shall be treated as a single property for zoning purposes.

Contractor Albert Kosh, representing Theodora Morris, called the ordinance "confiscation" and challenged its legality.

Corte Madera Town Council Also:

UNDERGROUND — Continued public hearing on an underground utilities ordinance to June 15. Town Mgr. Ronald L. Usher said staff work on the ordinance was not complete, and the committee on undergrounding has not met.

CORPORATION YARD — Authorized negotiation to buy a new corporation yard site on Lucky Drive west of Fifer Avenue.

REZONING — Resoned five areas recently or about to be annexed. The Department of Motor Vehicles property was zoned highway commercial, Corte Madera Co-op was zoned local shopping, a parcel on Williams Avenue was zoned highway commercial, another Williams Avenue parcel was zoned light industrial, and a 7.4-acre Christmas Tree Hill area was zoned medium residential.

ANNEXATION — A June 5 public hearing was set on annexation of Christmas Hill, which was de-annexed by Larkspur a few weeks ago.

FOURTH OF JULY — Boosted to $750 its contributuion for a four-day Fourth of July celebration sponsored by the Larkspur and Corte Madera chambers of commerce.

AIR CONDITIONING —Gave Allen Heating and Sheet Metal, low bidder at $2,311, contract to install air conditioning in Town Hall offices and the council chamber.

APPOINTMENTS — Reappointed planning commissioners C. W. Thomas and Jack Hauser to new terms.

ABANDONMENT — Postponed proposed abandonment of a portion of Colony Way until the council has seen the road on a field trip.

CONFERENCES — Authorized Fire Chief Frank L. L. Nelson to attend the California Fire Chiefs Conference May 22-25 in Santa Rosa, and Public Works Director Arthur N. Morrison to attend a planning seminar for engineers and surveyors June 4-9 at Asilomar, Pacific Grove.

Coppolino's Lawyer Hits Snag In Trial

NAPLES, Fla. (AP) — Dr. Carl Coppolino's lawyers lost a bid to bring his first degree murder trial to a quick end today when Circuit Court Judge Lynn Silvertooth refused to throw out testimony of the prosecution's star witness.

The defense had argued that the testimony of Drs. Milton Helpern and Charles J. Umberger of the New York Medical Examiner's office was based on hearsay and was inadmissible.

Coppolino's lawyers did win one point when the court rejected an effort by the state to introduce hypodermic needles of various sizes as evidence.

Coppolino, 34-year-old anesthesiologist, is on trial in the death of his first wife, Carmela, in 1965. The state says Coppolino gave her a fatal injection of succinylcholine, a muscle relaxing drug, to clear the way for his marriage to a wealthy divorcee.

Meanwhile, a doctor who once had himself experimentally injected with the drug testified that he would have died in pain without artificial respiration.

"Within 30 seconds I felt cramping pains in my legs, arms and chest," said Dr. Valentino Mazzia, professor and chairman of anesthesiology at New York University.

In another 30 seconds, Mazzia said, he was completely unable to move and could not even ask his colleagues for water. Yet his mind was alert to what was happening.

Hospital insurance is carried by 70 per cent of the U.S. population, according to the Census Bureau.

Bagley Aide Hears Council Stand Against Proposed State Laws

Corte Madera Town Council got a few state-level opinions off it collective chest last night when an administrative assistant of Assemblyman William T. Bagley, R-San Rafael, paid a courtesy call.

The council gave aide John Vortruba its stand on several issues now pending in the legislature, in most cases supporting more local control and less state regulation.

The council opposed a bill to set statewide standards for police applicants, a bill for state regulation of community antenna television, a bill setting statewide recruiting standards for firemen, and a bill for mandatory arbitration of firemen's salary negotiations.

The council was dubious about proposed extensions of the Brown Act on public meetings. Vortruba said Bagley has withdrawn his support of one change he had backed to specify open meetings of non-quorum committees.

Bagley's help was asked in opening Sacramento doors for the town's finance director, John R. Vance, in a check of Corte Madera's sales tax receipts.

Mayor Edward W. Colthurst said the town has received $15,000 less than expected in sales tax returns from the state, and wants to check state records to see if there is an error. The council last night authorized Vance to audit the state sales tax returns.

A protest over an ordinance on non-conforming building sites was referred to the town planning commission for study. The ordinance, passed last year, says adjoining properties of substandard size, if owned by the same person, shall be treated as a single property for zoning purposes.

Contractor Albert Kosh, representing Theodora Morris, called the ordinance "confiscation" and challenged its legality.

Corte Madera Town Council Also:

UNDERGROUND — Continued public hearing on an underground utilities ordinance to June 15. Town Mgr. Ronald L. Usher said staff work on the ordinance was not complete, and the committee on undergrounding has not met.

CORPORATION YARD — Authorized negotiation to buy a new corporation yard site on Lucky Drive west of Fifer Avenue.

REZONING — Resoned five areas recently or about to be annexed. The Department of Motor Vehicles property was zoned highway commercial, Corte Madera Co-op was zoned local shopping, a parcel on Williams Avenue was zoned highway commercial, another Williams Avenue parcel was zoned light industrial, and a 7.4-acre Christmas Tree Hill area was zoned medium residential.

ANNEXATION — A June 5 public hearing was set on annexation of Christmas Hill, which was de-annexed by Larkspur a few weeks ago.

FOURTH OF JULY — Boosted to $750 its contributuion for a four-day Fourth of July celebration sponsored by the Larkspur and Corte Madera chambers of commerce.

AIR CONDITIONING —Gave Allen Heating and Sheet Metal, low bidder at $2,311, contract to install air conditioning in Town Hall offices and the council chamber.

APPOINTMENTS — Reappointed planning commissioners C. W. Thomas and Jack Hauser to new terms.

ABANDONMENT — Postponed proposed abandonment of a portion of Colony Way until the council has seen the road on a field trip.

CONFERENCES — Authorized Fire Chief Frank L. L. Nelson to attend the California Fire Chiefs Conference May 22-25 in Santa Rosa, and Public Works Director Arthur N. Morrison to attend a planning seminar for engineers and surveyors June 4-9 at Asilomar, Pacific Grove.

Marinites Are ROTC Scholars

Two San Rafael students have won four-year college scholarships from the Reserve Army Training Corps, Sixth Army Headquarters has announced.

They are Richard P. Hackett, son of Mr. and Mrs. Stephen H. Hackett of 26 El Cerrito Avenue, and Dovre C. Jensen Jr., son of Lt. Col. and Mrs. Dovre C. Jensen of 223 Devon Drive.

Hackett will be graduated in June from San Rafael Military Academy. Jensen, a graduate of Terra Linda High School, is now attending Drew School in San Francisco.

Scholarships will pay for tuition, books and laboratory fees, a subsistence of $50 a month, and $151.95 a month during six-week summer camps in junior and senior years.

Coppolino's Lawyer Hits Snag In Trial

NAPLES, Fla. (AP) — Dr. Carl Coppolino's lawyers lost a bid to bring his first degree murder trial to a quick end today when Circuit Court Judge Lynn Silvertooth refused to throw out testimony of the prosecution's star witness.

The defense had argued that the testimony of Drs. Milton Helpern and Charles J. Umberger of the New York Medical Examiner's office was based on hearsay and was inadmissible.

Coppolino's lawyers did win one point when the court rejected an effort by the state to introduce hypodermic needles of various sizes as evidence.

Coppolino, 34-year-old anesthesiologist, is on trial in the death of his first wife, Carmela, in 1965. The state says Coppolino gave her a fatal injection of succinylcholine, a muscle relaxing drug, to clear the way for his marriage to a wealthy divorcee.

Meanwhile, a doctor who once had himself experimentally injected with the drug testified that he would have died in pain without artificial respiration.

"Within 30 seconds I felt cramping pains in my legs, arms and chest," said Dr. Valentino Mazzia, professor and chairman of anesthesiology at New York University.

In another 30 seconds, Mazzia said, he was completely unable to move and could not even ask his colleagues for water. Yet his mind was alert to what was happening.

Hospital insurance is carried by 70 per cent of the U.S. population, according to the Census Bureau.

New Garbage Fees Get First Reading

Mill Valley City Council last night gave first reading to an ordinance setting a flat garbage collection rate of $2 a month a can, an increase for most residents.

Present rates are $1.50 for houses not more than 150 feet above sea level, $1.75 for houses between 150 and 350 feet, and $2.25 for houses more than 350 feet above sea level. The new rate, effective April 1, eliminates rates based on altitude, but introduces a new charge of 25 cents for each 50 feet beyond the first 50 feet garbage men must walk to reach a can. Each additional can will be $1.50 a month.

Vote on the new rate was 4-1, Councilman George E. Wickham dissenting on the ground that the garbage company's rate proposal last September of $2 ,$2.50 and $3 for each level "was a better deal."

Councilman Michael Wornum, who has a long driveway, had reservations about the new carrying charge, but voted with the majority. Terming the new charge "a sleeper," Wornum said, "We don't really know what this rate will be."

The new charge will encourage residents to put garbage cans closer to their curbs, said City Mgr. Bert Balmer.

Joe Molinari, dispatcher for Mill Valley Refuse Service Co., said charges for carrying cans more than 50 feet will not appear on customers' bills until the third quarter, but will be retroactive to april 1.

The new ordinance also calls for a franchise fee of 10 per cent of gross revenue, up from the present $2,100 a year. The new fee should bring the city $15,000 a year, Balmer estimated.

Rate for commercial yard containers will be $2 a cubic yard. Rates to collect rubbish will be negotiated on the basis of hourly cost of collection.

Christmas trees will be picked up free, Balmer said. His previous proposal that the company provide one free pick-up a year was dropped, Balmer said, because the company convinced him the practice would encourage customers to accumulate trash in their back yards.

The ordinance permits the company to seek new rates after one year.

The dispute between the city and company hung on the inability of the company to satisfy the council's demand that it prove its claim that it was losing money on its operation in the city. In October, the company changed its bookkeeping to separate its Mill Valley operations from those in other areas.

The Mill Valley City Council Also:

VICE-MAYOR — Elected Councilman Dean N. Meyer vice-mayor to replace George E. Wickham in an annual rotation of the post.

PARKING — Asked City Atty. Leland H. Jordan to determine whether the city could suspend parking meter regulations on Saturdays as requested by the chamber of commerce.

MARINCELLO — Urged county supervisors to extend Miller Avenue south to Highway 101 to prevent Mill Valley from being "blocked off" by Marincello from Shoreline Highway. Councilmen declined to act on the city planning commission's request that they ask supervisors to delay review of the mile-long mall for Marincello, pending review by the city's architectural advisory committee.

RETIREMENT — Approved financial statement of the city's retirement system, showing a balance of $401,847 and a yield of 5.05 per cent.

BLITHEDALE PARK — Approved final subdivision map of Blithedale Park, 22-lot subdivision between Manzanita Place and West Blithedale Avenue, with 10.5 of the 22 acres to be dedicated as a city park.

LEGISLATION — Opposed Senate bill 824, which would add two representatives of special districts to Local Agency Formation commissions, and Senate bill 876, which would delete from the subdivision act a requirement for dedication of park land.

SUBDIVISION — Deferred to May 15 action on a lot split by Harvey Wainwright on Monte Vista Avenue.

FEES — Adopted an ordinance increasing subdivision fees from $7 a lot, with a minimum of $35 a subdivision, to $10 a lot, with a minimum of $50, and increasing use permit fees from $35 to $50.

Union Slayer's Wife Again Tells Of Death Plot

OAKLAND (UPI) — Donna Ward, wife of a convicted killer and mistress to an accused one, has repeated her testimony that Ben Rasnick was behind the shotgun slayings of two Painters Union leaders.

Mrs. Ward, 32, is the wife of convicted killer Max Ward, now serving a life term for the slaying of San Francisco union leader Dow Wilson.

Mrs. Ward testified yesterday that Rasnick told her last April 26, during a motel room assignation, that he had ordered the slaying of Wilson and that Lloyd Green, a Hayward union leader, would be next. Her husband was named as triggerman for both slayings.

Rasnick's trial in San Francisco for the Wilson killing ended in a hung jury. Mrs. Ward's testimony yesterday repeated much of what she said at the earlier trial.

Boilermakers' Lockout Slated

SAN FRANCISCO (AP)—The 40 San Francisco area boilermaking plants were told to shut down today by their trade association because of a labor dispute.

The AFL-CIO Boilermakers Union on April 10 picketed four members of the California Metal Trades Division and 36 plants retaliated by shutting down.

Employers agreed to reopen if the pickets were removed. The union complied and wage negotiations resumed.

But an association spokesman said boilermakers appeared for work at only 20 of the 36 plants affected and posted pickets at four other plants.

The watermelon supply is short this year.

Dominican Amphitheater Will Be Culture Center

Impressive groundbreaking ceremonies last week officially launched Dominican College's project to build an amphitheater in Forest Meadows.

The amphitheater, nestled among the trees and woodland atmosphere, will be an asset, not only to Dominican College but to the entire community.

More specifically, it will provide a new home for the Marin Shakespeare Festival, which is about to begin its seventh season in Marin County.

There is precedent for such cooperative arrangements between cultural organizations and educational institutions.

The San Francisco Theological Seminary provides facilities for the Festival Theater. The Festival Theater had been without home base until it found a place on the seminary campus. The arrangement appears to be working satisfactorily to the mutual advantage of both.

Now comes the Dominican College plan to accommodate the Shakespeare Festival.

Congratulations to the Shakespeare Festival for finding a permanent home and to Dominican College for providing new and better facilities.

We wish them both success. The community looks forward to the opportunity to enjoy the performing arts in a new and beautiful setting.

Subscribe To Music Chest

The annual subscription drive is now open for the Marin Music Chest's 33rd concert season.

Subsequent concerts will bring Frank Guarrera, Metropolitan Opera baritone, and Luise Triana and a company of Spanish dancers, singers and musicians.

Not only does Marin Music Chest bring "the greatest music in the world for the lowest possible price"; it also provides scholarships for budding young musicians.

THREE MINUTES A DAY

By JAMES KELLER

SHIPWRECK TAKES ALL LIVES BUT ONE

Only one man survived a ship disaster that took 28 lives on Lake Huron.

The sailor from Ohio, tossed for 36 hours on a life raft, saw his shipmates leap into the icy waves and perish when their ship broke up and sank. Then he watched the only three others on the raft, the captain, first mate and second mate, slowly die of exposure.

Using their bodies for protection, the sailor slipped in and out of consciousness. Finally a helicopter sighted the raft and plucked the half-frozen sailor from the stormy waters.

The question that automatically occurs to a lone survivor of a tragedy costing dozens of lives would be "Why me? Why was my life alone saved?"

It is impossible to know the complete answer to this profound mystery. But it must give the person a heightened sense of the uniqueness of his life. From beginning to end, we have a divinely shaped purpose. We will be judged according to the love and service with which our lives have been filled.

"He reached from on high, He took me,
He drew me out of many waters."
(Psalm 18:16)

Keep me conscious, Lord, of the good I can accomplish with Your divine help.

AFFAIRS OF STATE

First 100 Days No Sure Clue To Success Of Reagan Program

By HENRY C. MacARTHUR

SACRAMENTO (CNS) — Much to-do has been made during the past few days concerning "the first 100 days" of the Reagan administration in office

Any appraisal of accomplishments of the new administration at this time is highly premature, for the simple reason that, so far, the Reagan forces have accomplished nothing of a concrete nature.

IT IS MUCH TOO early in the current political game to evaluate results. The first quarter isn't even over; in fact, it's hardly begun. The administration thus has more than three quarters to go before any solid determination can be made as to what it has done on behalf of the citizens of the state.

Reagan made certain statements during his campaign for office as to what he intended to do if elected governor of the state. These statements have been interpreted as "promises," when, in effect, they merely were statements as to the course of government activities he would pursue when and if elected.

HE WAS ELECTED, and since January 1, he has attempted to put his pronouncements in effect, with little success, but with persistence which augurs well for the end result. A philosophy built up over an eight-year period which determined the operation of state government has no chance of being overturned in 100 days.

Reagan has seen proposal after proposal postponed in execution. He back-tracked for the time being on tuition for the University of California. He also delayed extensive layoffs in the state's mental institutions, execution of which would have alleviated the financial burden on the taxpayer.

MEANWHILE, he presented to the legislature a record budget of nearly $5 billion and a tax program which contemplates the largest take in the history of California.

His primary accomplishment during these first few months of administration is the fact that his budget is not as big as it might have been had administrators less careful with the public money been in office to make monetary requests of the legislature.

But it is not up to Reagan or his administration as to the final amount the state will spend during the next fiscal year. It should be understood that this is the responsibility and decision of the state legislature, which also represents the people of California.

THE FINAL decision on both the spending program and the tax program can come only from the legislature, outside of some minor cuts the governor can make in the budget as it is presented to him. Thus, when the time comes to evaluate factually the accomplishments of the administration, the action of the legislature will have to be taken into consideration as well.

If Reagan has brought anything home to the people of California, it is the fact that they have condoned overspending of their resources for a good many years, and that the time has come to call a halt. The legislature, as representatives of the people, has as much or even more of a duty to see that sound fiscal policies are enacted as has the administration.

Beautification Not Worth G.I's Lives

Editor, Independent-Journal:

Beautification is fine, but we are in war. Which is more important, our fighting men in Viet Nam or making our highways and parks modern and a pleasure to look at? I feel we should help our soldiers first and help to the best of our ability, and second beautify our cities.

Maybe we all know there is a war, but we aren't there so why worry. Men are fighting and dying for us, so why don't we forfeit just a little and consider them a little more. It won't hurt us to stop "keeping up with the Jones" for a few months and maybe a few years. We can always catch up, and that is more than the men killed in action can ever do!! Ways To Get Reagan Out

Editor, Independent-Journal:

Theoretically there is only one democratic way to get rid of the retired B-picture performer who occupies the Gubernatorial chair in Sacramento: To protest every time he outrages human decency and to work to replace him at the end of his term of office.

Actually, there is another way that may be even more effective: To cheer him on and encourage him to implement his campaign pledges and the "ideas" he has exposed since his election.

Let us therefore:

1. Urge him to close more welfare centers.

2. Persuade him to cut the budget for education still further.

3. Plead with him to economize by hiking our taxes and padding the state's budget even more.

4. Beg him to close down all the mental hospitals and clinics.

5. Suggest him into asking all working people to work free on holidays.

6. Demand the execution of the 60 men awaiting legal murder in San Quentin — while he attends other Hollywood ceremonies, and other baseball games.

1. Applaud his piety so he will assure us again that it is perfectly all right with him for people to pray for the souls of the condemned when they are being put to death.

8. Inveigle him into pouting when people disagree with him, scowling when he is contradicted, narrowing his eyes and tightening his lips like all Western heroes when people express disapproval of his mindless philosophy.

9. Assure him that he is not a sanctimonious hypocrite or a vertriloquist dummy for the rich and reactionary who write his scripts.

This way we can almost guarantee that he will either leave Sacramento the most discredited individual ever to hold so exalted a position, or stride off-stage in a fit of theatrical pique before we have suffered the full four years of humiliation he promises our great state and nation.

Viet Visit Answers Peaceniks' Claims?

Editor, Independent-Journal:

. . . I had the pleasure of reading Leverett Richards article in the "Morning Oregonian," Portland's newspaper. It was refreshing to read a report from a man who has just returned from Vietnam after a seven week study of what honestly is happening. In summary he says:

1. While we have 500,000 men in Vietnam against 472,000 in Korea, U.S. losses are lower than in any war in our history.

2. The air war is hurting North Vietnamese. 300,000 men imobilized to repair the damage. War supplies from Hanoi to the Mu Gia Pass slowed from one week to seven or eight weeks.

3. The economic war in South Vietnam has been all but won. Inflation is now under control. Miles and miles of new highways, new housing and new industries.

4. On the political front, where the Viet Cong almost succeeded in throwing the country into chaos, there is now a stable government under Ky; the Country's first free popular election; a new constitution; village and hamlet elections scheduled this summer. 80 per cent of the people voted against communism at the risk of their lives.

5. The Viet Cong in documents captured while Richards was in Vietnam admitted losing control over another million South Vietnamese.

Our peaceniks would gladly turn all this over to Maoism slavery.

Historically Egypt lost in appeasing the Assyrians, Rome lost in appeasing Gaul, Chamberlin in appeasing Hitler, so let us not be so foolish again to let Fullbright ruin the world through appeasement of Ho Chi Minh.

It is a good time for the local papers to start taking account of what they print and publish the whole of what is happening in Vietnam. Let us see some honest support of our armed forces who are really working for peace — not appeasement.

Attend Meeting Of Supervisors

Editor Independent-Journal:

On Tuesday morning, April 11, I did attend the meeting of our Marin County Board of Supervisors. I was particularly interested in the agenda item pertaining to Marin's Community Health Program as affected by Governor Reagan's economy drive.

I do find it difficult to describe my reaction to the very businesslike operations of our elected representatives, individually and collectively. It was indeed rewarding to sit and observe them in action. Each member listening attentively to each speaker on the subject matter, then expressing their own reactions and recommendations and finally, together arriving at a reasonable and prudent solution to the problem at hand.

Attend a meeting and see and hear for yourself, a good board in action.

TRY AND STOP ME

By BENNETT CERF

ONE OF THE most hazardous occupations in the theater for the past two decades has been trying to steal a scene from the inimitable Tallulah Bankhead — but a brash monkey almost got away with it at a tryout one evening. The curtain had just gone up for Act Two and Tallulah had not yet delivered her first line when the monkey yanked off the wig she was wearing for her part, jumped from her arms, and threw the wig to a startled play-goer in Row C of the orchestra. Miss Bankhead, however, promptly stole the scene back by doing a perfect double somersault.

OLD LADY Scroggins had celebrated her eighty-fifth birthday, but still had plenty of ginger left in her. In fact, on a date with a gay widower, she had to slap him three times. "Did he get fresh with you, grandma?'' asked her grandson anxiously. "Fresh?" echoed Old Lady Scroggins. "He wouldn't dare! I had to slap him to make sure he wasn't DEAD!"

Uncle Sam Reluctant To Take Steps To Prevent Key Strikes

WASHINGTON (AP) — One of the myths of American life is the sanctity of free, collective bargaining. It's worshiped, protected and encouraged — until the going gets too rough.

It gets too rough when there is danger of a strike that would shut down an industry vital to American health, welfare, or security. No President or Congress is going to sit idly by and let that happen, at least not for long.

But, instead of approving a law which beforehand would forbid a strike in an essential industry by, for instance, compelling both sides to submit to compulsory arbitration, the presidents and Congress have skipped around the dilemma.

APPARENTLY hoping these emergency strike threats won't come along too often, and therefore can be handled as special cases when they do occur, the presidents and Congrss have tried to get by with "one-shot" actions.

One of them occurred this week when President Johnson asked Congress for, and instantly got, legislation forbidding a railroad strike for 20 days, or until May 3.

If these is a settlement then between six railroad craft unions and the country's major rail lines, Congress will probably follow the pattern it has adopted for years: don't do anything until the next big threat comes.

But the population is increasing, thus increasing the nation's needs and the interdependency of its various parts. Inevitably, therefore Congress will eventually have to pass antistrike legislation in vital industries.

MEANWHILE, the only strikes likely to stay free of government interference indefinitely are those in industries of a minor nature.

President Johnson, who values the goodwill of labor, has shown a great reluctance to hand Congress proposals for coping with emergency strikes although in his State of the Union message in January 1966, he called for laws to "enable us effectively to deal with strikes which threaten to damage the national interest."

BUT HE NEVER followed this up with specific proposals. Instead, he created a task force to study the problem and the task force hasn't been heard from, either.

This week the task force reportedly had finished its work and perhaps Johnson will send its report to Congress but that doesn't mean Johnson will send along with it his own recommendations.

After the 43-day airline strike last summer by the machinist's union, it seemed possible the 1967 Congress, where Republicans had captured a lot of seats, thanks to the 1966 elections, might take some action. It hasn't yet.

IN THE AIRLINE dispute, when the strike was supposed to start April 23, Johnson compelled a 60-day delay under the authority given him by the Railway Labor Act. After the 60 days were over, the strike began and became the longest in the history of the airlines.

Before it ended the Senate passed a bill which would have ordered the strikers back to work for another 30 days and empowered the President to extend the back-to-work order another 150 days. But the strike ended before the House acted.

If now the railroad unions try to strike when the government's no-strike edict expires on May 3, Johnson almost certainly will ask Congress for some further legislation to prevent a shutdown.

But this is all running around the mulberry bush by President and Congress, hoping the threat of a big bad strike will disappear, so they won't have to take the definite no-strike action which they will have to take someday.

THUS free, collective bargaining is only sanctified up to a point, and the point is reached when a strike threatens to hurt the country. But it sounds good, just to talk about it.

Military Millions Go To College Research

By ROBERT S. ALLEN
and PAUL SCOTT

WASHINGTON — The Army, Navy and Air Force are spending tens of millions of dollars for so-called studies and inquiries — which on the basis of available official information would appear to have little, if any, military value.

Exactly what these large expenditures are all about is unclear.

But in 1965 (most recent official figures), the three armed services expended $33,827,000 for this purpose. The year previous the total was $24,776,000.

Of the $33,827,000 in 1965, the Air Force parceled out a whopping $23,453,000 in 554 grants; the Army, $9,651,000 in 271 grants; the Navy, $723,000 in 78 grants. In 1964, the Air Force again was way out in front with $17,871,000 for 396 grants; the Army, $6,226,000 on 242 grants; the Navy, $678,000 with 69 grants.

IN 1965, 116 foreign universities and schools of various kinds got $3,362,000 in these so-called research grants; 32 U. S. universities received around $20 million. The remaining $10.5 million was divided among 192 other U. S. schools.

These details of large-scale military research spending follow on the heels of two reports by this column of similar expenditures by U.S. Arms Control and Disarmament Agency and the office of Economic Opportunity, which administers the anti-poverty program.

THE ARMS Control Agency has spent approximately $25 million for so-called research out of a total of $53.831 million in appropriations it has had in six years. The OEO has spent $7,788,365, as of June 30, 1966, on numerous studies, inquiries, assessments, evaluations and surveys — none of which seemed to get at the real problems of poverty, such as training the unemployed and providing jobs for them.

Inquiries at the Army, Navy and Air Force about the nature of the projects for which they are handing our millions to "non-profit institutions" in the U. S. and abroad brought shrugs and blank stares.

"Nobody ever asked us what the money goes for," said a Navy official. "The only interest seems to be in how much we are spemding. To my knowledge, this is the first time anyone has wanted to know what these grants are for."

THE STORY was the same at the Army and Air Force. At the former, an official stated the last time an effort was made to ascertain what the service was spending on research and the nature of the projects was in 1961 at the demand of a senator.

"It took us eight weeks and cost thousands of dollars to assemble this data," said the Army spokesman.

Digging at random through one Navy file cabinet shed a little light on these "research" projects, as follows:

Colorado State College got $10,200 for a study of "Metabolism of Hibernation; Wilkes College, Wilkes-Barre, Pa., $19,000 for a study of "Microstress Research;" National Academy of Science, $6.150 for a "Breathold Diving Symposium;" University of Hawaii, $3,960 for a study of "Albatross Biology," and the University of California received 59 grants amounting to $3,147,361; Yale, 10 grants for $1,229,000.

Dominican Amphitheater Will Be Culture Center

Impressive groundbreaking ceremonies last week officially launched Dominican College's project to build an amphitheater in Forest Meadows.

The amphitheater, nestled among the trees and woodland atmosphere, will be an asset, not only to Dominican College but to the entire community.

More specifically, it will provide a new home for the Marin Shakespeare Festival, which is about to begin its seventh season in Marin County.

There is precedent for such cooperative arrangements between cultural organizations and educational institutions.

The San Francisco Theological Seminary provides facilities for the Festival Theater. The Festival Theater had been without home base until it found a place on the seminary campus. The arrangement appears to be working satisfactorily to the mutual advantage of both.

Now comes the Dominican College plan to accommodate the Shakespeare Festival.

Congratulations to the Shakespeare Festival for finding a permanent home and to Dominican College for providing new and better facilities.

We wish them both success. The community looks forward to the opportunity to enjoy the performing arts in a new and beautiful setting.

SHIPWRECK TAKES ALL LIVES BUT ONE

Only one man survived a ship disaster that took 28 lives on Lake Huron.

The sailor from Ohio, tossed for 36 hours on a life raft, saw his shipmates leap into the icy waves and perish when their ship broke up and sank. Then he watched the only three others on the raft, the captain, first mate and second mate, slowly die of exposure.

Using their bodies for protection, the sailor slipped in and out of consciousness. Finally a helicopter sighted the raft and plucked the half-frozen sailor from the stormy waters.

The question that automatically occurs to a lone survivor of a tragedy costing dozens of lives would be "Why me? Why was my life alone saved?"

It is impossible to know the complete answer to this profound mystery. But it must give the person a heightened sense of the uniqueness of his life. From beginning to end, we have a divinely shaped purpose. We will be judged according to the love and service with which our lives have been filled.

> **He drew me out of many waters."**

AFFAIRS OF STATE

First 100 Days No Sure Clue To Success Of Reagan Program

By HENRY C. MacARTHUR

SACRAMENTO (CNS) — Much to-do has been made during the past few days concerning "the first 100 days" of the Reagan administration in office

Any appraisal of accomplishments of the new administration at this time is highly premature, for the simple reason that, so far, the Reagan forces have accomplished nothing of a concrete nature.

IT IS MUCH TOO early in the current political game to evaluate results. The first quarter isn't even over; in fact, it's hardly begun. The administration thus has more than three quarters to go before any solid determination can be made as to what it has done on behalf of the citizens of the state.

Reagan made certain statements during his campaign for office as to what he intended to do if elected governor of the state. These statements have been interpreted as "promises," when, in effect, they merely were statements as to the course of government activities he would pursue when and if elected.

HE WAS ELECTED, and since January 1, he has attempted to put his pronouncements in effect, with little success, but with persistence which augurs well for the end result. A philosophy built up over an eight-year period which determined the operation of state government has no chance of being overturned in 100 days.

Reagan has seen proposal after proposal postponed in execution. He back-tracked for the time being on tuition for the University of California. He also delayed extensive layoffs in the state's mental institutions, execution of which would have alleviated the financial burden on the taxpayer.

MEANWHILE, he presented to the legislature a record budget of nearly $5 billion and a tax program which contemplates the largest take in the history of California.

His primary accomplishment during these first few months of administration is the fact that his budget is not as big as it might have been had administrators less careful with the public money been in office to make monetary requests of the legislature.

But it is not up to Reagan or his administration as to the final amount the state will spend during the next fiscal year. It should be understood that this is the responsibility and decision of the state legislature, which also represents the people of California.

THE FINAL decision on both the spending program and the tax program can come only from the legislature, outside of some minor cuts the governor can make in the budget as it is presented to him. Thus, when the time comes to evaluate factually the accomplishments of the administration, the action of the legislature will have to be taken into consideration as well.

If Reagan has brought anything home to the people of California, it is the fact that they have condoned overspending of their resources for a good many years, and that the time has come to call a halt. The legislature, as representatives of the people, has as much or even more of a duty to see that sound fiscal policies are enacted as has the administration.

WASHINGTON — The Army, Navy and Air Force are spending tens of millions of dollars for so-called studies and inquiries — which on the basis of available official information would appear to have little, if any, military value.

Exactly what these large expenditures are all about is unclear.

But in 1965 (most recent official figures), the three armed services expended $33,827,000 for this purpose. The year previous the total was $24,776,000.

Of the $33,827,000 in 1965, the Air Force parceled out a whopping $23,453,000 in 554 grants; the Army, $9,651,000 in 271 grants; the Navy, $723,000 in 78 grants. In 1964, the Air Force again was way out in front with $17,871,000 for 396 grants; the Army, $6,226,000 on 242 grants; the Navy, $678,000 with 69 grants.

IN 1965, 116 foreign universities and schools of various kinds got $3,362,000 in these so-called research grants; 32 U. S. universities received around $20 million. The remaining $10.5 million was divided among 192 other U. S. schools.

These details of large-scale military research spending follow on the heels of two reports by this column of similar expenditures by U.S. Arms Control and Disarmament Agency and the office of Economic Opportunity, which administers the anti-poverty program.

THE ARMS Control Agency has spent approximately $25 million for so-called research out of a total of $53.831 million in appropriations it has had in six years. The OEO has spent $7,788,365, as of June 30, 1966, on numerous studies, inquiries, assessments, evaluations and surveys — none of which seemed to get at the real problems of poverty, such as training the unemployed and providing jobs for them.

Inquiries at the Army, Navy and Air Force about the nature of the projects for which they are handing our millions to "non-profit institutions" in the U. S. and abroad brought shrugs and blank stares.

"Nobody ever asked us what the money goes for," said a Navy official. "The only interest seems to be in how much we are spemding. To my knowledge, this is the first time anyone has wanted to know what these grants are for."

THE STORY was the same at the Army and Air Force. At the former, an official stated the last time an effort was made to ascertain what the service was spending on research and the nature of the projects was in 1961 at the demand of a senator.

"It took us eight weeks and cost thousands of dollars to assemble this data," said the Army spokesman.

Digging at random through one Navy file cabinet shed a little light on these "research" projects, as follows:

Colorado State College got $10,200 for a study of "Metabolism of Hibernation; Wilkes College, Wilkes-Barre, Pa., $19,000 for a study of "Microstress Research;" National Academy of Science, $6,150 for a "Breathold Diving Symposium;" University of Hawaii, $3,960 for a study of "Albatross Biology," and the University of California received 59 grants amounting to $3,147,361; Yale, 10 grants for $1,229,000.

Execution, Hippies, Drath Trip Are Sour Notes In Week's News

News in Marin last week was highlighted, lowlighted or omitted by the following:

The execution of Aaron Charles Mitchell in San Quentin's gas chamber. The proven killer of Sacramento Police Officer Arnold Gamble was made the momentary hero of a horde of people who would destroy the 10,000 year old law of the human race of an eye for an eye and a tooth for a tooth.

Mitchell was such a credit to the human race that he had been in jail or on probation for 23 years out of 37 on this earth. He had been a blot on society since he was a boy.

All over the Bay Area Episcopal church bells tolled. They tolled not for such things as proclaiming the risen Christ or to proclaim liberty throughout the land as on each July 4. They tolled for a man who was so low down that he had to be caged like an animal most of his life.

THE PICTURES of the crowd at the gate at San Quentin looked as though Haight-Ashbury had vomited its swill in front of the gate to protest the carrying out of justice.

I thought what if Mitchell had stuck a gun in the ribs of any of them to rob them, they would have been glad to have someone like Officer Gamble lay down his life to protect them.

The news did not tell what Gamble might have thought as he died in the line of duty. What were his last thoughts of dying just to enforce the law and protect life and property.

IT DID NOT tell what his widow nor his two children thought and felt when their husband and father was killed. It did not tell how they had lived in a broken home since that day.

Hidden inside the paper was a paid "In Memoriam" to Robert A. Johnson of Novato was killed one year ago in Vietnam.

I have sat at this desk and written other obits, such as Mike Tandy and other upright, clean cut young men who have been killed in Vietnam. Theirs were lives which could have contributed something to society, not taken from it. I do not remember the mass of church bells tolling for them or the other 278 who were killed in Vietnam last week.

I DO NOT remember seeing any news story of the number of hippies taken to the state mental hospital last week, their minds disarranged by LSD. There were some of course, even from Marin County.

Phil Drath returned to Marin County from North Vietnam where he bragged about giving blood plasma and medical supplies to the North Vietnamese.

He said that they were intended for civilian use of our enemy, the people of North Vietnam. He had their word for it.

I COULD NOT believe this from an enemy which has never kept its word about a truce or anything else, an enemy which has killed more innocent civilians in South Vietnam in its war of terror by many times over than all of our bombing of North Vietnam has done. This is by their own figures.

We will not see any news in Marin County about how quickly those medical supplies were sent to the battlefronts. If there was any way of proving it, we'd wager that it was being used to aid soldiers of North Vietnam before Drath's plane arrived in San Francisco.

I HOPE that no Marin County serviceman is killed, maimed or wounded by the North Vietnamese who have been saved through the use of American blood plasma.

I saw no news story on how all this could be. Not being an attorney, I knew of no law which would permit this. All I could do was to back to the Constitution of the United States to refresh my memory on what I had been taught in school.

Sure enough, it read States shall consist only in levying war against them, or in adhering to their enemies, giving them aid and comfort."

I DID NOT see any news story on this either.

School Sites In Marincello Are Approved

The Marin County Planning Commission, acknowledging the wishes of two Marincello area school boards, approved two school sites in the development's master plan yesterday.

A 38-acre site north of Marincello's commercial mall was set aside for an "education park," per a request by the Sausalito School District Board, and a 30-acre site asked by the Tamalpais High School District trustees at the southeast corner of the Tennessee Valley and Marincello access roads was approved.

Approval came after two previous postponements on school site designation, which the commission said must be passed on before further Marincello development was considered.

Tamalpais trustees declined to accept the mall site for a high school March 13, voting instead for the Tennessee Valley tract. The Sausalito board, meanwhile, said it disliked the original plan for three 10-acre sites for neighborhood schools, opting for the "educational park" plan.

MORRIE RYSKIND

The Thrifty Squirrel Figures Better Than Security Planners

One of the lessons of history is that men will not learn from it. Its pages are full of the tragedies that befell welfare states which attempted to spend their way out of debt, but our intellectuals still urge us to give the managed economy just one more try. This time, the savants assure us — as did their predecessors all through the ages — the bugs have all been taken out.

The Diocletian edict of 301 A.D. had all the answers, too. It repealed the law of supply and demand by fixing the prices for everything marketable, including wages, and settled down for a secure and stable economy. Just to make sure, violations were punishable by death or exile. But, somehow, it didn't work and disaster followed.

AND JOHN LAW was a popular economist — you are far more popular when you promise Utopia than when you preach living on one's income — who was highly persuasive. His company promised to pay off the French national debt with no pain, and, when he opened his bank in 1716, people fought to get in on the ground floor.

The shares shortly rose to 20 times their original cost, and within three years were worth 80 times the amount of the then-current specie in France. This was truly a Great Society.

But one year later the grandiose Mississippi Bubble burst, throwing France into a fearsome panic. The great economist fled and later died penniless in Venice.

THE ROAD TO BANKRUPTCY is often paved with good intentions, and unquestionably some of the payers have only the noblest of motives. But, dilettante do-gooder or deliberate demagogue, the pathway of fiscal irresponsibility ends in the same catastrophe. The debts of the fathers must be paid—if not by themselves, then by their descendants to the third generation. And with compound interest.

Take Social Security: I am aware this is a sacred cow, and I know how important it has been to many elderly citizens. But it was planned badly, without the careful actuarial figures an insurance company must apply if it would remain in business.

AS A RESULT, some early beneficiaries received as much as 100 times what they put in; and even now there are those who will get their money back ten-fold. That's better than anything Billy Sol Estes ever promised.

But now — inevitably — the cupboard is as bare as Mother Hubbard's. Today's luckless youngster of 18 will contribute (together with his employer's share and allowing for interest) over $84,000 — I quote Barron's, the financial weekly — and will receive in benefits (if he lives to 79) less than $26,000. That may be social, but it is hardly security.

John Chamberlain wrote recently of the danger of setting the minimum wage so high that it deprives potential workers of jobs. He cited a poll of business concerns showing that 15 per cent had dropped their marginal help because of the increased minimum wage.

DISCUSSING THIS situation with a group the other day, I quoted some figures which placed Italy's Social Security Tax at 50 per cent, of which the employee paid 8 per cent and the employer the rest. In other words, it cost the firm $142 a week to fill a $100 job.

They whistled and said such a tax must eventually bankrupt any economy, and frankly doubted my statistics.

I have just checked with the local Italian Consulate — and find I may have understated the case. A semi-skilled worker draws a basic pay of 233.15 lire an hour; fringe benefits bring that up to 296.38.

But — hold on to your hats! — the employer's payroll tax comes to an additional 287.80 lire an hour, almost equal to what he pays his worker. Which, in the case of the better $100 job, would stand the firm almost $200, not $142. Might tend to make the boss extra careful.

We non-intellectuals stick together, and I have made friends with a squirrel in the small park not far from my house. When I bring my bag of peanuts, he eats his fill and then buries the rest to provide for the rainy days when I don't get around. And he never expects to find two nuts where he has deposited only one.

I DOUBT he has read much history, but he seems to know more than some currently popular economists.

Only Candidate's Son Is Married

A report in Marin Magazine Saturday on Dr. John C. Siemens, running for re-election to the Tamalpais High School District Board today, incorrectly stated all his children were married.

Only his son, Roger, is married while daughter Lori is a senior at Redwood High School and another daughter, Janet, is a graduate of Redwood.

Redwood High Wins Trophies

Redwood High School Forensics Club members took five places in Saturday's speech tournament in Daly City, in which all Bay area schools participated.

Louise Nemschoff, who placed in the girls' impromptu class, will go on to compete in the May 5 statewide tourney at University of California at Santa Barbara.

Others who placed were Karen Smoot, in the dramatic interpretation class; Scott Hansen, Roger Klemm, and Peter Birdsall, in the boys' impromptu class.

HELEN HELP US!

By HELEN BOTTEL

Etiquette Expert Says The Old 'Mam' And 'Sir' Is Outmoded

DEAR HELEN:

My folks taught me to say "Mam" and "Sir" to adults older than I, and I still do. Now that I've moved up north, my girlfriend kids me about my "Suthen manners."

Is "Mam" and "Sir" out of style? — **FROM LOUISANA**

DEAR FROM:

A well-known etiquette expert says "Mam" and "Sir" are becoming outmoded, and this makes me a little sad. Nothing impresses me more than a teen who shows respect for elders with these two words.

Don't change — PLEASE! — **H.**

DEAR HELEN:

I'm 14 and I still suck my thumb. I try not to, but sometimes it gets so bad I have to go into my room and hide. I'm way over-weight, being five feet two inches and 180 pounds. I just have to eat.

The reasons for this are that my mother never gave me a pacifier when I was a baby, and she overfed me.

I have gone to the doctor about dieting, but I can't stay on one. I'm so ashamed of the way I was raised that I don't have any friends. — **HELP**

DEAR HELP:

You have all the wrong reasons for your problems, honey. So long as you blame your mother, you'll never get up the gumption to change.

My long distnace guess is: you're shy and somewhat nervous. So you compensate for your inability to make friends by eating and sucking your thumb, both of which give you a false sense of security. The more weight you gain, the farther you withdraw from people, and that causes you to gorge all the more, because it's the only pleasure you have.

A pediatrician who specializes in teen problems could do wonders for you. He'd explain why you overeat and retain baby habits; then inspire you to lose by showing you how much you'd gain by it.

If you follow his instructions — and stop blaming "the lack of a pacifier" and an indulgent mother for your woes—you'll be back to normal by next year. Count on it! — **H.**

DEAR HELEN:

May a teenager put in a word about working mothers? People who condemn them just don't know what they're talking about. My mother is a school teacher and in constant contact with teenagers. Naturally she gets irritable when I act like a dumb teen too. When she gets this way I go into my room and think. I realize she is working to save enough money to get me into college next year. This is the reason most mothers work — to give their families something extra, that will benefit them all their lives. Sure it's hard for me, a boy, to tell the guys I can't go out Saturday because I have to help clean house, but it's worth it. I'm learning resposibility too.

Our family isn't deprived — it benefits from my mother's working. — **C.B.**

This column is dedicated to family living, so if you're having kid trouble or just plain trouble, let Helen help you. She will also welcome your own amusing experiences. Address Helen Bottel in care of the Independent-Journal.

HELEN HELP US!

By HELEN BOTTEL

Etiquette Expert Says The Old 'Mam' And 'Sir' Is Outmoded

DEAR HELEN:

My folks taught me to say "Mam" and "Sir" to adults older than I, and I still do. Now that I've moved up north, my girlfriend kids me about my "Suthen manners."

Is "Mam" and "Sir" out of style? — **FROM LOUISANA**

DEAR FROM:

A well-known etiquette expert says "Mam" and "Sir" are becoming outmoded, and this makes me a little sad. Nothing impresses me more than a teen who shows respect for elders with these two words.

Don't change — PLEASE! — **H.**

DEAR HELEN:

I'm 14 and I still suck my thumb. I try not to, but sometimes it gets so bad I have to go into my room and hide. I'm way over-weight, being five feet two inches and 180 pounds. I just have to eat.

The reasons for this are that my mother never gave me a pacifier when I was a baby, and she overfed me.

I have gone to the doctor about dieting, but I can't stay on one. I'm so ashamed of the way I was raised that I don't have any friends. — **HELP**

DEAR HELP:

You have all the wrong reasons for your problems, honey. So long as you blame your mother, you'll never get up the gumption to change.

My long distnace guess is: you're shy and somewhat nervous. So you compensate for your inability to make friends by eating and sucking your thumb, both of which give you a false sense of security. The more weight you gain, the farther you withdraw from people, and that causes you to gorge all the more, because it's the only pleasure you have.

A pediatrician who specializes in teen problems could do wonders for you. He'd explain why you overeat and retain baby habits; then inspire you to lose by showing you how much you'd gain by it.

If you follow his instructions — and stop blaming "the lack of a pacifier" and an indulgent mother for your woes—you'll be back to normal by next year. Count on it! — **H.**

DEAR HELEN:

May a teenager put in a word about working mothers? People who condemn them just don't know what they're talking about. My mother is a school teacher and in constant contact with teenagers. Naturally she gets irritable when I act like a dumb teen too. When she gets this way I go into my room and think. I realize she is working to save enough money to get me into college next year. This is the reason most mothers work — to give their families something extra, that will benefit them all their lives. Sure it's hard for me, a boy, to tell the guys I can't go out Saturday because I have to help clean house, but it's worth it. I'm learning resposibility too.

Our family isn't deprived — it benefits from my mother's working. — **C.B.**

This column is dedicated to family living, so if you're having kid trouble or just plain trouble, let Helen help you. She will also welcome your own amusing experiences. Address Helen Bottel in care of the Independent-Journal.

MEMORIES OF GREAT DIRECTOR — Mrs. Gerrie Reichard of Corte Madera shows "Oscar" awarded to her great uncle, D. W. Griffith, and a photo of Griffith which are among her collection of mementoes of the great director of silent movie days. (Independent-Journal photo)

D. W. GRIFFITH

Fond Remembrance Of An Oscar Winner

By ALAN D. JONES

To most people—among those who remember the name at all—D. W. Griffith means the great director and producer of the silent film epoch, the man who created the full-scale movie narrative epic with "Birth of a Nation."

To Mrs. Gerrie Reichard of Corte Madera, D. W. Griffith means a much-loved, dashing great-uncle who sent letters from strange far-off places, and who would appear every so often, loaded with presents, to take a young niece out to dinner or sit and talk about movie stars and other fascinations.

As a child, Mrs. Reichard said, she didn't really know what Griffith did, "except that he was important to a lot of people."

"And he was important to us, because he was something special," she said. "I wish my kids had someone like him to spoil them and to look up to."

Mrs. Rechard grew up in Santa Ana. Griffith visited the family on his frequent trips to Hollywood. He made most of his films in the east, and only settled in Beverly Hills when his career was all but over.

Griffith's last production was "Abraham Lincoln" in 1930. He hated talking pictures and hoped they wouldn's last, Mrs. Reichard said. He felt sound reduced the importance of acting.

Griffith returned to Hollywood in 1936, an important year for him and for his niece. W. S. Van Dyke, one of Griffith's proteges, made the picture "San Francisco" that year, and in the sort of sentimental gesture Hollywood is so fond of, hired Griffith as a special assistant to create the earthquake scenes.

Hollywood made a sentimental gesture of its own. The Academy of Motion Picture Arts and Sciences gave Griffith a special award for his contribution to the movie. The academy wasn't formed until the late 1920s, when the bulk of Griffith's work was behind him.

Mrs. Reichard still has Griffith's "Oscar," a little tarnished now despite being replated once, but just as impressive as the kind you saw awarded on TV this month.

The Oscar came to Mrs. Reichard from Griffith's estate after his death in 1948. She has a collection of other Griffith mementos, a few from his estate and the rest gathered as she grew up.

The great director left little else but memories. "He made a lot and spent a lot," Mrs. Reichard said. And he spent it in style, in the tradition of Hollywood's golden age.

Mrs. Reichard, like her husband Ken, is a professional photographer, and Griffith had something to do with that too. "He always wanted someone in the family to be a writer," she said. She studied journalism at the University of California at Los Angeles, but switched to photography.

She served in the WAVEs in World War II, in the Navy's photography department which ground out thousands of pictures released to the public.

Griffith started his career as an actor for Biograph Studios, Mrs. Reichard said, and grew out of acting into directing and producing.

His acting background helped give him the flair he had throughout his life. He was the sort of man who could wear a top hat without looking self-conscious. Mrs. Reichard has one of them, discarded because of a cigarette burn inflicted on some forgotten occasion.

The top hat is part of the collection, along with a stack of photos scenes from Griffith's movies.

There are photos of two gala Hollywood dinners in 1936, one showing a glowing young Miss Griffith seated next to D.W., surrounded by the stars and earthshakers of pre-war Hollywood.

"It was the only time I ever actually saw squab under glass," Mrs. Reichard said, "and I didn't get to eat it because they took it away while I was dancing."

There are lots of movie books in the collection, and an irreplaceable printed program from the 1915 premiere of "Birth of a Nation." But the showpiece of the lot is Griffith's Oscar.

Redwood High Will Host English Boy

John Robert Earley of Blandford, England, will attend Redwood High School next year as the first student participant in a new exchange program with three schools in John's hometown of Blandford.

According to Redwood student exchange director Robert Mautner, the new program was conceived when Mautner led a tour of Redwood students to Europe in 1965. Encouraged by the reception given his entourage at Blandford, he began to discuss with the local Rotary Club the possibility of setting up an exchange program. Final details were worked out when Mautner returned to England in 1966.

Because the plans were made in England, Redwood will not send a student to Blandford until 1968. After that, the two schools will exchange students every year.

"This program will differ somewhat from the other programs Redwood now participates in," said Mautner. "There are actually three schools taking part at Blandford: the Lower Grammar school, which is college preparatory, the Secondary Modern school, for students not planning to go to college, and the school at Brianstoun for advanced students. This different set-up of the schools means that we will be able to send people other than just the top students as we do now. Anyone could go because they do have schools for varying abilities."

Still remaining is finding a home for John. Mautner said he would like a junior or senior boy to host the English student next year.

At the public spring concert of the Marin Youth Orchestra, he will be the narrator of the words by Ogden Nash to Saint-Saens' "Carnival of the Animals."

Nash wrote the poem while at a dinner party at the home of Saint Saens. He was so bored with the guests that he saw them all as animals and wrote it on the spot.

The concert will be under direction of Hugo Rinaldi at 7:30 p.m. in Angelico Hall of Dominican College, San Rafael.

College of Marin Opera Workshop will present a one-act Puccini opera and scenes from several contemporary operas in its spring program at 8 p.m. Friday and Saturday at Olney Hall.

San Geronimo Upset By Ranch In Preserve

Inclusion of Silveira Ranch land fronting on Highway 101 in the agricultural preserve came under fire at last night's meeting of the San Geronimo Valley Association.

Secretary Louise L. Wood said the association directors voted to write the state Board of Equalization protesting the action by the Board of Supervisors as "misuse of the agricultural preserve."

On March 14, the supervisors corrected minutes of a meeting a year earlier to include in the preserve a 95-acre, 1,800-foot corridor belonging to Anthony Silveira and fronting on Highway 101 near St. Vincent's Hill.

The action by the supervisors was estimated to have saved Silveira $1.1 million in assessed valuation by preventing its use for commercial development for 10 years.

Mrs. Wood reported the association board as feeling that the "land is being held for commercial speculation" ultimately and that this "put the tax load on other property owners."

The association last night elected Stanley R. Fredericks of Lagunitas as president. Other officers chosen were: Jean A. Bevans, vice president; Mary Furdas, treasurer, and Mrs. Wood, secretary.

Elected directors were Clary Stevens, Marie Ringer, Theresa Bevans, Dorothy McAuliffe, Betty Gardner, and Joseph Furdas.

Burglars Take Cash

Joseph A. Geromini of 211 Canal Street, San Rafael, reported $100 in currency was stolen from his apartment after midnight Saturday, police reported yesterday. Entry was apparently gained through a door leading to a patio shared by several apartment.

Coffee House Plea On Agenda

A perimt to operate a coffee house with entertainment at 2222 Bridgeway will be considered by Sausalito City Council at 8 p.m. today in city hall. Planning commissioners have recommended the permit be granted to Gary W. Penders.

Also on the agenda are requests by Police Chief Edward S. Kreins for no-parking zones on Glen Court to provide room for emergency vehicles and at Johnson and Caledonia streets to facilitate access to driveways.

Councilmen are to hear a proposed amendment to open area district regulations to permit yacht harbors. The amendment was requested by Sausalito Yacht Club.

Kindergarten Sign Up

Kindergarten registration for Ross school for next fall will be from 1 to 3:30 p.m. tomorrow and Thursday in the kindergarten room. Parents should take some proof of their children's birth dates, school officials said.

Hub Zoning Law Revision Hearing Draws No Critics

San Anselmo Planning Commission held its first public hearing last night on proposed zoning ordinance amendments, and in the absence of any comment from the audience scheduled a second hearing for May 1.

The amendments would set height, space and bulk requirements in neighborhood apartment and single and two-family residential zones.

The commissioners denied Safeway Stores a permit for outdoor display of merchandise at Red Hill Shopping Center, and gave the store until next Monday to remove flowers displayed without a permit. All other goods displayed outdoors were ordered removed immediately.

The commission approved application of Allan Larkins Jr. for rezoning property at 60 Magnolia Avenue from single family to neighborhood apartment.

Paul Foti and James Townsend Jr. were granted a permit for an auto repair shop at 640 Sir Francis Drake Boulevard, but forbidden any outdoor storage.

A three-lot subdivision at 28 Elk Horn Way by Peter Haywood was approved.

The commission postponed to May 1 discussion of revisions to the sign ordinance.

Champ Benvenuti Is Boxing's New Golden Boy

By MURRAY ROSE

NEW YORK (AP) — Boxing had a new Golden Boy today in handsome Nino Benvenuti, Italy's first world middleweight boxing champion on his decisive upset of Emile Griffith in a spectacular 15-round fight.

"Sure, I'll be happy to fight him again," said the 28-year-old as he left Madison Square Garden last night with the resounding cheers of the pro-Benvenuti crowd of 14,251 still ringing in his ears after his unanimous decision victory.

"We'd like to put on the return bout in the Garden in July," said Harry Markson, the Garden's director of boxing who was pleased with the $141,799 gate for the televised fight.

"It was a sensational fight and should be a complete sellout. There's a handshake agreement between the managers for the return fight but I'd like to get it on paper."

Benvenuti, called The Intellectual in Italy because he likes to read books and talk about them, certainly had the book on the 29-year-old Griffith.

The fast-punching Italian, taller by 3½ inches and heavier by 5½ pounds-159 to 153½, dropped the 13-5 favored champion in the second round with a short right and was floored himself by a long right in the fourth.

Nino used his weight, height and reach — 75 inches to 72 — advantages effectively, spearing his foe with stiff left jabs, snapping left hooks and right and left uppercuts to the head. When Griffith tried to storm in, Nino met his rushes with well-timed blows to the head.

The pro-Benvenuti crowd roared "Nee-no, Nee-no, Nee-no" as the challenger finished with a flourish, taking the final round with a determined attack even though he had the decision wrapped up.

Referee Mark Conn and judge Leo Birnbaum each had Benvenuti the winner on rounds, 10-5. Judge Al Berl had it 9-6 for Nino. The Associated Press scorecard had Benvenuti in front, 10-5.

The challenger was nicked on the bridge of his nose in the second round and cut deeply in the same place by an accidental butt in the seventh round. Griffith's left eye was half closed and he was lumped under the right eye.

"I knew I had him after the sixth round," said Benvenuti. "I trained for this like I never trained before. I wanted very much to knock him out but I'm very happy that I won. I wanted it so much."

"The kid won a beautiful fight," conceded Griffith. "He's a wonderful champion, and I hope to fight him again. I enjoyed the fight, I really did.

"But even Sandy Koufax got knocked out of the box once in a while."

Griffith had won eight straight title fights as a welterweight and then middleweight champion.

He won the middleweight crown from Dick Tiger a year ago and then beat Joey Archer in two defenses, all in New York. His over-all record is 52-8.

Benvenuti's record is 72-1. His only defeat was a disputed 15-round decison that cost him the world junior middleweight crown at Seoul, South Korea, last June 25. He was edged by Korean Ki Sim-Soo.

Griffith earned about $90,000 and Benvenuti about $30,000.

A return bout with Griffith could bring Nino, already a wealthy businessman as well as boxer, about $100,000.

We'll Have Top-Flight Baseball In San Rafael

FIRST CLASS—If you're tired of the long haul to Candlestick or the cuteness of our local junior leagues, there is relief in sight for you Marin County baseball filberts.

The San Rafael Braves, a semi-professional enterprise of sportsman Irving B. "Whitey" Litchfield, have been accepted into the Western Baseball Association and will play a high caliber schedule right in our own backyard.

JOE ANSELMO

Regarded as the finest non-professional circuit in the country, the WBA also includes entries from Grand Junction, Colo., Fairbanks, Alaska, Bellingham, Wash., Fallon, Nev., Eureka, Ukiah and Santa Rosa.

"I'm flattered that we were even accepted into such fast company," smiled Joseph J. Anselmo, personable manager of the Braves. "But we are ranked fifth nationally in semi-pro circles, so you can be sure we will hold our own."

ANSELMO, A FORMER professional player until an injury cut short his career, has enjoyed phenomenal success as a semi-pro manager in Marin. In five years his teams have won 247 games, lost only 54 for an .820 winning percentage. Regarded as the Walter Alston of Northern California sandlots, Anselmo stands tall in fast company.

Enthusiastically discussing the Braves over lunch the other day, the 38-year-old Anselmo said: "We'll try to fill our roster with as many local boys as possible to stimulate local interest. This is an expensive proposition, so we'll need all the support we can get. We've received permission to cover the fences at Albert Field to discourage the freeloaders. The caliber of this league is so outstanding that fans shouldn't mind paying to watch.

"**AS FURTHER** inducements, we plan ladies nights, kids' nights and various giveaway programs. Another attraction will be the first Marin visit of the Indianapolis Clowns featuring Satchel Paige.

"Our home schedule will include Saturday night single games and Sunday doubleheaders. None of our home games will conflict with Giants' home or TV games. We open our schedule June 3 and will play three league games a week through late July."

THE BRAVES will play in the split league's Coastal Division with home and home dates with Santa Rosa, Ukiah and Fallon. The league's interlocking schedule also will bring Bellingham to San Rafael for one game and send San Rafael to Bellingham for a weekend series (June 17-18) and to Grand Junction for three games (July 21-22-23).

Division titlists will play off for the league championship in August.

"We'll travel over 5,000 miles by bus before the season's over," Anselmo added.

ANSELMO, A retail salesman for Kielty and Dayton Stationers of San Francisco and also a scout for the Atlanta Braves, credited with discovering Chicago White Sox outfielder Walt Williams, is conducting weekly tryouts for his Braves. He plans to carry six pitchers, two catchers, five infielders and five outfielders on his league roster.

You can bet Anselmo will field the best 18 men available. He has never had a loser.

Cassius To 'Stand On Beliefs'

CHICAGO AP) —If he loses his legal battle, which sagged under a Supreme Court ruling yesterday, heavyweight champion Cassius Clay says he will appear at his scheduled April 28 Army induction in Houston and "stand on my religious beliefs."

Clay, whose pleas for exemption as a Black Muslim minister have been rejected by draft officials, said that his religion forbids fighting and killing in wars.

"I will stand up for my religious beliefs even if it means I am put in jail for 50 years or am stood up in front of machine guns," he said.

"I am ready to suffer for my religion and take any punishment. I pray five times a day and am calling on Allah."

TO FACE PUNISHMENT

Asked if his appearance for induction would bring his refusal to take the oath, Clay replied, "I'm not saying that, but I've made my decision and I will give it at that time. You can make your own conclusions when I say I will stand on my religious beliefs and will be ready to face any punishment in order to follow them."

The U.S. Supreme Court denied yesterday without comment Clay's request for an injunction to block his April 28 induction.

This was followed in Cincinnati with the 6th U.S. Circuit of Appeals turning down an injunction to halt the induction pending an appeal from a decision by Judge James F. Gordon of U.S. District Court in Owensboro, Ky.

Judge Gordon had refused to grant Clay's plea in March that he should be exempt because he is a Black Muslim minister.

The court also denied a request to order Judge Gordon to impanel a three-judge court to consider the original case.

Clay's attorney, Hayden Covington of New York, had claimed that a three-judge court was necessary to consider constitutional questions raised in Clay's behalf.

Covington indicated legal manuevering still was in the works.

"This is only the 10th round of a 15-round decision and I can tell you definitely there will be 15 rounds," said Covington after the Supreme Court ruling.

Covington said he will appeal again to the Supreme Court tomorrow. He said he would ask the court to reconsider its decision.

White Collars Rough It Up In Marin Lacrosse Action

By GARY TISCHLER

It is a Sunday afternoon in the spring.

Dogs of all sizes and shagginess parade up and down the makeshift sidelines looking for strangers to adopt.

Women and children are scattered on either side or in back of the benches in a gentle mishmash of chatter, squeals and colors. Some of them are even watching the proceedings.

Out in front of the playing field, a father is teaching his weary son how to become a Willie Mays.

You reach the field by trudging across a mass of wet grass and patches of mud and water, past short-skirted girls and their boyfriends playing at tennis, past a noisy age-group swim meet at the College of Marin pool. The surrounding hills and postcard houses complete the picture like set pieces for a painting.

EAST MEETS WEST

The East has met the West. The playing fields of Harvard and Yale, the placid falls of boarding schools have been transported to Marin County in the spring.

Out on thef ield is the "piece de resistance." A game of lacrosse. Stanford and the Marin Lacrosse Club. During the course of the afternoon, the little hard ball will slither into the Marin net nine times, which is still eight times less than the Sunday before this.

To the casual visitor, untrained in the rulebook, the whole things looks like a confusing but charming brawl.

Take the Marin Lacrosse Club.

Five to tix days out of the week, its members will get up in the morning, put on their business suits, white shirts and ties, grab their attache cases and trek to their offices and secretaries. Some of them are executives. Almost all are what can be generally termed "white collar."

Today, their collars and everything else is colored a deep muddy. They wear helmets that

Warriors On Home Court

Coach Bill Sharman hopes his San Francisco Warriors find their shooting eyes and rebounding strength in the friendly Cow Palace gallery tonight.

Trailing 2-0 and with their backs to the wall in the best-of-seven final National Basketball Association playoff series, the Warriors are home to resume battle with Wilt Chamberlain and the Philadelphia 76ers. Tipoff is at 8:30.

"In baseball they say pitching is 80 per cent of the game and in basketball I'd say rebounding is 70 per cent," declared Sharman. "They killed us on the boards," 101 to 81.

He referred to the 126-95 lacing the Warriors took in Philadelphia on Sunday after losing the opener in overtime 141-135.

REVENGE

Winning two straight and the NBA title in San Francisco could be sweet revenge to 76er coach Alex Hannum who was fired as the Warrior coach last year.

The 7-foot 1-inch Chamberlain, most valuable player in the loop, might also gain extra satisfaction. The Warriors traded him to Philadelphia in 1965.

San Francisco had good news from the casualty contingent with word that 6-11 Nate Thurmond will play. The big pivotman, a key to the Warriors' rebounding, suffered an injured hip in Philadelphia on Sunday.

The hip still is sore but Nate will play. There's no such assurance for Fred Hetzel, who teams with Rich Barry in the forward spots. Although X-rays srowed no fracture, his left ankle still is sore.

BARRY TROUBLED

Barry also is troubled with a bum left ankle but shots and tape will have him ready to go although he lacks the balance which made him the league's leading scorer.

He did score 30 on Sunday, the same as Philadelphia's Hal Greer, but that was below his average.

Tom Meschery of the Warriors remarked on a "new" Chamberlain.

"What's he doing getting back so fast and playing defense?" asked the veteran Warrior.

During the regular season, the 76ers held a 6-2 margin over San Francisco. On the other hand, the Warriors haven't lost this season in the Cow Palace, winning three regular season games and five playoff encounters.

Champ Benvenuti Is Boxing's New Golden Boy

By MURRAY ROSE

NEW YORK (AP) — Boxing had a new Golden Boy today in handsome Nino Benvenuti, Italy's first world middleweight boxing champion on his decisive upset of Emile Griffith in a spectacular 15-round fight.

"Sure, I'll be happy to fight him again," said the 28-year-old as he left Madison Square Garden last night with the resounding cheers of the pro-Benvenuti crowd of 14,251 still ringing in his ears after his unanimous decision victory.

"We'd like to put on the return bout in the Garden in July," said Harry Markson, the Garden's director of boxing who was pleased with the $141,799 gate for the televised fight.

"It was a sensational fight and should be a complete sellout. There's a handshake agreement between the managers for the return fight but I'd like to get it on paper."

Benvenuti, called The Intellectual in Italy because he likes to read books and talk about them, certainly had the book on the 29-year-old Griffith.

The fast-punching Italian, taller by 3½ inches and heavier by 5½ pounds-159 to 153½, dropped the 13-5 favored champion in the second round with a short right and was floored himself by a long right in the fourth.

Nino used his weight, height and reach — 75 inches to 72 — advantages effectively, spearing his foe with stiff left jabs, snapping left hooks and right and left uppercuts to the head. When Griffith tried to storm in, Nino met his rushes with well-timed blows to the head.

The pro-Benvenuti crowd roared "Nee-no, Nee-no, Nee-no" as the challenger finished with a flourish, taking the final round with a determined attack even though he had the decision wrapped up.

Referee Mark Conn and judge Leo Birnbaum each had Benvenuti the winner on rounds, 10-5. Judge Al Berl had it 9-6 for Nino. The Associated Press scorecard had Benvenuti in front, 10-5.

The challenger was nicked on the bridge of his nose in the second round and cut deeply in the same place by an accidental butt in the seventh round. Griffith's left eye was half closed and he was lumped under the right eye.

"I knew I had him after the sixth round," said Benvenuti. "I trained for this like I never trained before. I wanted very much to knock him out but I'm very happy that I won. I wanted it so much."

"The kid won a beautiful fight," conceded Griffith. "He's a wonderful champion, and I hope to fight him again. I enjoyed the fight, I really did.

"But even Sandy Koufax got knocked out of the box once in a while."

Griffith had won eight straight title fights as a welterweight and then middleweight champion.

He won the middleweight crown from Dick Tiger a year ago and then beat Joey Archer in two defenses, all in New York. His over-all record is 52-8.

Benvenuti's record is 72-1. His only defeat was a disputed 15-round decison that cost him the world junior middleweight crown at Seoul, South Korea, last June 25. He was edged by Korean Ki Sim-Soo.

Griffith earned about $90,000 and Benvenuti about $30,000.

A return bout with Griffith could bring Nino, already a wealthy businessman as well as boxer, about $100,000.

We'll Have Top-Flight Baseball In San Rafael

FIRST CLASS—If you're tired of the long haul to Candlestick or the cuteness of our local junior leagues, there is relief in sight for you Marin County baseball filberts.

The San Rafael Braves, a semi-professional enterprise of sportsman Irving B. "Whitey" Litchfield, have been accepted into the Western Baseball Association and will play a high caliber schedule right in our own backyard.

JOE ANSELMO

Regarded as the finest non-professional circuit in the country, the WBA also includes entries from Grand Junction, Colo., Fairbanks, Alaska, Bellingham, Wash., Fallon, Nev., Eureka, Ukiah and Santa Rosa.

"I'm flattered that we were even accepted into such fast company," smiled Joseph J. Anselmo, personable manager of the Braves. "But we are ranked fifth nationally in semi-pro circles, so you can be sure we will hold our own."

ANSELMO, A FORMER professional player until an injury cut short his career, has enjoyed phenomenal success as a semi-pro manager in Marin. In five years his teams have won 247 games, lost only 54 for an .820 winning percentage. Regarded as the Walter Alston of Northern California sandlots, Anselmo stands tall in fast company.

Enthusiastically discussing the Braves over lunch the other day, the 38-year-old Anselmo said: "We'll try to fill our roster with as many local boys as possible to stimulate local interest. This is an expensive proposition, so we'll need all the support we can get. We've received permission to cover the fences at Albert Field to discourage the freeloaders. The caliber of this league is so outstanding that fans shouldn't mind paying to watch.

"**AS FURTHER** inducements, we plan ladies nights, kids' nights and various giveaway programs. Another attraction will be the first Marin visit of the Indianapolis Clowns featuring Satchel Paige.

"Our home schedule will include Saturday night single games and Sunday doubleheaders. None of our home games will conflict with Giants' home or TV games. We open our schedule June 3 and will play three league games a week through late July."

THE BRAVES will play in the split league's Coastal Division with home and home dates with Santa Rosa, Ukiah and Fallon. The league's interlocking schedule also will bring Bellingham to San Rafael for one game and send San Rafael to Bellingham for a weekend series (June 17-18) and to Grand Junction for three games (July 21-22-23).

Division titlists will play off for the league championship in August.

"We'll travel over 5,000 miles by bus before the season's over," Anselmo added.

ANSELMO, A retail salesman for Kielty and Dayton Stationers of San Francisco and also a scout for the Atlanta Braves, credited with discovering Chicago White Sox outfielder Walt Williams, is conducting weekly tryouts for his Braves. He plans to carry six pitchers, two catchers, five infielders and five outfielders on his league roster.

You can bet Anselmo will field the best 18 men available. He has never had a loser.

Cassius To 'Stand On Beliefs'

CHICAGO AP) —If he loses his legal battle, which sagged under a Supreme Court ruling yesterday, heavyweight champion Cassius Clay says he will appear at his scheduled April 28 Army induction in Houston and "stand on my religious beliefs."

Clay, whose pleas for exemption as a Black Muslim minister have been rejected by draft officials, said that his religion forbids fighting and killing in wars.

"I will stand up for my religious beliefs even if it means I am put in jail for 50 years or am stood up in front of machine guns," he said.

Presenting Peerless, Painless Predictions

Baseball is upon us. Once again we hear the glad cries of "Play Ball!" Not to say "Shut up!" "Down in front!" "Get that jerk outta there, Franks!" "Hey, Roseboro, whyn't you buy a book on how to hit?" "Willie, what happened—you caught it!"

It is time once again for Murray's Peerless Predictions and I must rush into print with an expert's eye view of the upcoming season. I don't know what odds Vegas is posting but here are my painless prognostications:

I predict:

1. That Willie Mays will hit five times as many popups as home runs.

2. That the best hitter in the game will go to bat unsuccessfully 7 times out of every 10.

3. That every time the Dodgers get shut out, someone will shake his head and say "They sure miss old Koufax."

4. That every conceivable record will be kept, from putouts made by Brooklyn-born, Italian-descended first basemen to the number of warmup pitches made in the bullpen by Yugaslavian relief pitchers with names ending in "i," "o" or "u" to the foul-tip record for Yankee Stadium batters by right-handed, left-handed or switch-hitting pinch-batters, but nobody will have an exact count on the number of martinis consumed by the starting rotation of a seventh-place club, or the number of pending paternity suits for power-hitting left-fielders.

'No Dissension On This Club'

5. That reports of dissension on a championship club will be met by the manager's icy observation, "I wouldn't want a complacent club." This will be made by a manager who had to remove a knife from his shortstop's hands before he had to remove it from his pitcher's throat.

6. That a player who says "Play me or trade me" will not be capable enough for either.

7. That a team whose cleanup hitter is batting .205, whose star pitcher comes in with a sore arm, and whose first-string catcher gets mononucleosis, will meet its problems by firing the manager.

8. That a player who has been on 11 major league rosters will be traded to a 12th and will say, "I think I can help this club," and no one will say "Why?"

9. That a manager who has five .300 hitters, two Hall-of-Fame pitchers and a keystone combination that can make the double-play blindfolded. will be hailed as a "wizard" for winning the pennant by a game and a half.

10. That every trade made over the winter will prove to be of no benefit whatsoever to either party.

Stockholders Believe Rumors

11. That the stockholders of every club will believe the rumor that they hear from their bartender, that their club could have gotten Frank Robinson, only their general manager was too stubborn to part with a player who's now in Spokane, and not doing too well there.

12. That 9 out of 10 players put in a game "for defensive purposes" in the late innings will never get a ball hit at them, and 8 out of 10 will strike out with the bases loaded when the other team unexpectedly ties the score.

13. That the day after 50,000 sports commentators solemnly assure their listeners that Willie Mays "loves the game so much he would play for nothing," Willie Mays will collapse in the dugout from the frustrations and anxiety and pressures of playing for $125,000 a year.

14. That after a pitcher gets line drives whizzed past his head just after being advertised as "having a faster ball than Koufax," someone will ask, "Do you mean coming or going?"

15. That the commissioner of baseball will, with firm purpose and forthrightness, do absolutely nothing.

Intra-Squad Tilt For San Rafael Semi-Pro Nine

The Litchfield Braves, San Rafael entry in the newly created Western Baseball Association, went through an unscheduled intersquad game Sunday with the A's equeezing out a 6-5 win over the B squad.

It proved one thing. Pitcher Ben Trujillo, former Houston righthander, knows how to win and lose. Trujillo hurled three innings for both sides and he turned out to be the winner-loser.

Former Terra Linda star Fred Daniele got a single and double, Bill Clark hurled three scoreless frames, striking out six for the B squad, and Ken Turner doubled home the winning run to highlight the fray played at Albert Field in San Rafael.

The Braves originally expected to play Jeffersons, but due to a schedule mixup, they faced each other instead.

Mayhem Leader

ANAHEIM (UPI) — Southpaw Marcelino Lopez of the California Angels hit nine batters in 1966 to lead the American League in that category.

Burnell-Evans Team Triumphs

Harold Burnell and Betsy Evans walked away with the honors Saturday at the Indian Valley Golf Club's mixed best ball tournament with a 59, winning on low gross supremacy.

Ernie Korn and Imy Jones also had 59 but lost out in the low gross department. Mabel Vincent and Dan Bysom were the hole in one contest winners.

Other top scores were Torc Bedayan and Ann Sears, 62, Bill Raatz and Mabel Vincent, Rowe Waller and Bonnie Bauer, Wally Jones and Lucille Bysom, all with 63; Bill Malmstrom and Rae Purday, Art Sears and Doris Tallman, Charles Royce and Bennie Edwards, all with a 64, and Lew Baysinger and Margie Duddy, and Bill Schoenfeld and June Burnell with 65.

Marin Man Scores His Second 'Ace'

Russell Reese of San Rafael plunked in the second hole-in-one of his golfing life at Marin Country Club last week. He aced the 169-yard second hole with a five iron.

Pat Patterson, Tom Purdy and Harry Lee were witnesses.

Russ-U.S. Athletic Break Healing?

NEW YORK (AP) — The split in athletic relations between the United States and Russia, caused by the Soviet withdrawal from a track meet between the two countries last year, is showing signs of healing.

The Russians indicated yesterday that they are ready to begin discussing ways of making payments to compensate for the cost of preparations of the meet that was canceled last June.

Russia withdrew from the meet, scheduled for Los Angeles, as a protest against American participation in the war in Vietnam.

Col. Donald Hull, executive director of the Amateur Athletic Union, said yesterday that he had received a letter from Russian officials suggesting several methods of making the payments.

Hull said the officials had offered to make the payment in rubles to be spent by American officials in Russia or to be used for travel expenses of Russian and American athletes in exchange competition.

Hull said the second method would probably be used, because the U.S. State Department opposed payment in rubles. He said the final settlement would probably be about $100,000.

"How they do it is not as important to me as the fact that they do it," said Hull.

He said the final settlement would probably be about $100,000 and also noted that Poland, which had pulled out of a similar meet to be held in Berkeley the week before the Russian meet, had already met half of its reparation payments.

Also to be settled is reimbursement of expenses for an American basketball team that was in Europe when the boycott was announced and didn't play 12 games that were scheduled with Russia, Poland and Czechoslovakia.

Hull said Czechoslovakia had already paid $2,000 and that the AAU was asking for an additional $2,000 for each of the canceled games.

He also indicated the two countries were discussing an exchange of athletes for next winter's indoor season.

Little Rain Won't Stop The Clippers

Rain or moonshine, the California Clippers and New York Generals will play a National Professional Soccer League game in Oakland Coliseum tonight.

Showers are forecast.

Rain means nothing but soaked uniforms to soccer players, who shy from neither dampness nor mud.

However, the stadium field drains beautifully, said Clipper Gen. Mgr. Derek Liecty, so there shouldn't be any mud. It was resodded after the January All-Star football game.

And 17,000 of the stadium's seats are under cover. Fans will be ushered into them no matter what their tickets call for if it's raining at game time, 8 p.m., or thereafter.

The Clippers opened their season Sunday with a 3-3 tie with Pittsburgh before 9,771 fans.

The Generals lost 3-2 at Los Angeles.

Tonight's game will be taped by TV station KTVU, Channel 2, for televising April 29 to arouse interest in the Clipper's game with Toronto in the stadium April 30.

Hockey Merger Has To Wait

NEW YORK (AP) — Any merger between the Western and American hockey leagues has been put off until May after a meeting yesterday of the AHL Board of Directors.

No positive action was taken during the one day meeting, but an AHL spokesman said "there should be a definite answer by May 1." Another meeting is scheduled at that time.

The leagues, which played partial interlocking schedules in 1965-66, began discussing possible merger when the National Hockey League announced plans to expand next season. The AHL will lose Pittsburgh and the WHL San Francisco-Oakland and Los Angeles in the expansion.

Hurler's Revenge: Mets Trip Pirates

PITTSBURGH (AP) — New York Met pitcher Don Cardwell is giving his old Pittsburgh Pirate teammates something to remember him by--headaches.

Cardwell, frequently the butt of jokes by Pirate fans for his inability to complete more than one game last season with the Bucs, went 7⅔ innings last night and was credited with a 9-6 victory over the Pirates.

What's more, he slammed a home run over the 406-mark in left center, driving in two runs.

"I like to beat anybody, not only the Pirates," said the 31-year-old right-hander when asked if he received any particular kick in beating his former teammates.

Cardwell expressed some bitterness when he was traded to the Mets last December after four seasons with the Bucs, saying Pirate Manager Harry Walker didn't use him right last year.

"There's no longer any animosity between Walker and me," Cardwell said. "I said something and it was my opinion."

Last year, Cardwell appeared in 32 games, started 14, completed one and wound up with a 6-6 record with the Pirates who finished third in the National league race.

Although it's early in the season, the veteran pitcher seems stronger on the mound as evidenced in last night's performance and in his season opener last Wednesday, also against the Pirates.

In that game, Cardwell pitched like a winner, but the Mets played like losers, committing five errors. He held the Pirates at bay until the ninth inning when they broke a 3-3 tie and won 6-3, handing Cardwell the loss.

The story was reversed last night with the Mets jumping off to a 9-3 lead at the end of five innings. The Pirates, tabbed by the oddsmakers as the National League team to beat this year, committed four errors in those five innings and overall used five pitchers who gave up 11 hits.

The game was the only one played yesterday in the majors. The others, Chicago at Philadelphia, Washington at New York and Cleveland at Minnesota, were rained out.

SALT LAKE CITY (AP) — Paul Hornung, veteran professional football halfback, will play the part of a lumberjack in a movie called "The Devil's Brigade."

Hollywood producer David Wolper made the announcement yesterday. The movie, being filmed in the Salt Lake City area stars William Holden, Cliff Robertson and Vince Edwards.

Wolper said this would be Hornung's debut in a motion picture feature. The one-time Green Bay Packer star is expected to join the cast early next month.

Hornung now is on the roster of the New Orleans Saints, newest entry in the National Football League.

49ers Open Slate Against Vikings

The San Francisco 49ers, playing in a "new" division of a league with a "new" look, will open against an old face.

The 49ers will again open against Minnesota Vikings at Minneapolis, Sept. 17 to be followed by their home opener against the Atlanta Falcons, Sept. 24.

The still growing National Football League will sport one new team, the New Orleans Saints, and four divisions, two each in the Western Conference and Eastern Conference.

The 49ers will be thrown into the Coastal Division with Atlanta, Baltimore, and Los Angeles for two games each, and will play the remaining teams in the Western Conference once and the teams of the Capitol Division in the Eastern Conference once.

That way the 49ers will see the Green Bay Packers only once.

The other Western Conference division is the Central Division while the Eastern Conferencs has the Capitol Division and the Century Division.

Winners in each division will play off for the Conference titles Dec. 23 and 24 to be followed by the NFL title game Dec. 31.

The 49er schedule:

Sept. 17, at Minnesota; Sept. 24, Atlanta; Oct. 1, at Baltimore; Oct. 8, at Los Angeles; Oct. 15 at Philadelphia; Oct. 22 New Orleans; Oct. 29, Detroit; Nov. 5, Los Angeles; Nov. 12 at Washington; Nov. 19, at Green Bay; Nov. 26, Baltimore; Dec. 3, Chicago; Dec. 10, at Atlanta; Dec. 16, Dallas.

Cadets' Nine Wins One Game, Loses Another

San Rafael Military Academy's baseball team got tangled in a pair of one-run affairs last week, winning one, 2-1, and losing the other, 4-3, in a nine-error circus.

The Cadets, behind superb relief pitching by Tom Davis and a three-for-three performance at the plate by Vic Williams, squeezed by St. Vincent's, 2-1, on a run-scoring single in the eighth inning by Williams last Wednesday.

Thursday, they dropped a 4-3 decision to Lick Wilmerding, on an unearned run in the eighth inning. All seven runs in the game were unearned as SRMA had four errors and Lick Wilmerding had five.

JIM MURRAY

Presenting Peerless, Painless Predictions

Baseball is upon us. Once again we hear the glad cries of "Play Ball!" Not to say "Shut up!" "Down in front!" "Get that jerk outta there, Franks!" "Hey, Roseboro, whyn't you buy a book on how to hit?" "Willie, what happened—you caught it!"

It is time once again for Murray's Peerless Predictions and I must rush into print with an expert's eye view of the upcoming season. I don't know what odds Vegas is posting but here are my painless prognostications:

I predict:

1. That Willie Mays will hit five times as many popups as home runs.

2. That the best hitter in the game will go to bat unsuccessfully 7 times out of every 10.

3. That every time the Dodgers get shut out, someone will shake his head and say "They sure miss old Koufax."

4. That every conceivable record will be kept, from putouts made by Brooklyn-born, Italian-descended first basemen to the number of warmup pitches made in the bullpen by Yugaslavian relief pitchers with names ending in "i," "o" or "u" to the foul-tip record for Yankee Stadium batters by right-handed, left-handed or switch-hitting pinch-batters, but nobody will have an exact count on the number of martinis consumed by the starting rotation of a seventh-place club, or the number of pending paternity suits for power-hitting left-fielders.

'No Dissension On This Club'

5. That reports of dissension on a championship club will be met by the manager's icy observation, "I wouldn't want a complacent club." This will be made by a manager who had to remove a knife from his shortstop's hands before he had to remove it from his pitcher's throat.

6. That a player who says "Play me or trade me" will not be capable enough for either.

7. That a team whose cleanup hitter is batting .205, whose star pitcher comes in with a sore arm, and whose first-string catcher gets mononucleosis, will meet its problems by firing the manager.

8. That a player who has been on 11 major league rosters will be traded to a 12th and will say, "I think I can help this club," and no one will say "Why?"

9. That a manager who has five .300 hitters, two Hall-of-Fame pitchers and a keystone combination that can make the double-play blindfolded. will be hailed as a "wizard" for winning the pennant by a game and a half.

10. That every trade made over the winter will prove to be of no benefit whatsoever to either party.

Stockholders Believe Rumors

11. That the stockholders of every club will believe the rumor that they hear from their bartender, that their club could have gotten Frank Robinson, only their general manager was too stubborn to part with a player who's now in Spokane, and not doing too well there.

12. That 9 out of 10 players put in a game "for defensive purposes" in the late innings will never get a ball hit at them, and 8 out of 10 will strike out with the bases loaded when the other team unexpectedly ties the score.

13. That the day after 50,000 sports commentators solemnly assure their listeners that Willie Mays "loves the game so much he would play for nothing," Willie Mays will collapse in the dugout from the frustrations and anxiety and pressures of playing for $125,000 a year.

14. That after a pitcher gets line drives whizzed past his head just after being advertised as "having a faster ball than Koufax," someone will ask, "Do you mean coming or going?"

15. That the commissioner of baseball will, with firm purpose and forthrightness, do absolutely nothing.

Intra-Squad Tilt For San Rafael Semi-Pro Nine

The Litchfield Braves, San Rafael entry in the newly created Western Baseball Association, went through an unscheduled intersquad game Sunday with the A's equeezing out a 6-5 win over the B squad.

It proved one thing. Pitcher Ben Trujillo, former Houston righthander, knows how to win and lose. Trujillo hurled three innings for both sides and he turned out to be the winner-loser.

Former Terra Linda star Fred Daniele got a single and double, Bill Clark hurled three scoreless frames, striking out six for the B squad, and Ken Turner doubled home the winning run to highlight the fray played at Albert Field in San Rafael.

The Braves originally expected to play Jeffersons, but due to a schedule mixup, they faced each other instead.

Mayhem Leader

ANAHEIM (UPI) — Southpaw Marcelino Lopez of the California Angels hit nine batters in 1966 to lead the American League in that category.

Burnell-Evans Team Triumphs

Harold Burnell and Betsy Evans walked away with the honors Saturday at the Indian Valley Golf Club's mixed best ball tournament with a 59, winning on low gross supremacy.

Ernie Korn and Imy Jones also had 59 but lost out in the low gross department. Mabel Vincent and Dan Bysom were the hole in one contest winners.

Other top scores were Torc Bedayan and Ann Sears, 62, Bill Raatz and Mabel Vincent, Rowe Waller and Bonnie Bauer, Wally Jones and Lucille Bysom, all with 63; Bill Malmstrom and Rae Purday, Art Sears and Doris Tallman, Charles Royce and Bennie Edwards, all with a 64, and Lew Baysinger and Margie Duddy, and Bill Schoenfeld and June Burnell with 65.

Marin Man Scores His Second 'Ace'

Russell Reese of San Rafael plunked in the second hole-in-one of his golfing life at Marin Country Club last week. He aced the 169-yard second hole with a five iron.

Pat Patterson, Tom Purdy and Harry Lee were witnesses.

Russ-U.S. Athletic Break Healing?

NEW YORK (AP) — The split in athletic relations between the United States and Russia, caused by the Soviet withdrawal from a track meet between the two countries last year, is showing signs of healing.

The Russians indicated yesterday that they are ready to begin discussing ways of making payments to compensate for the cost of preparations of the meet that was canceled last June.

Russia withdrew from the meet, scheduled for Los Angeles, as a protest against American participation in the war in Vietnam.

Col. Donald Hull, executive director of the Amateur Athletic Union, said yesterday that he had received a letter from Russian officials suggesting several methods of making the payments.

Hull said the officials had offered to make the payment in rubles to be spent by American officials in Russia or to be used for travel expenses of Russian and American athletes in exchange competition.

Hull said the second method would probably be used, because the U.S. State Department opposed payment in rubles. He said the final settlement would probably be about $100,000.

"How they do it is not as important to me as the fact that they do it," said Hull.

He said the final settlement would probably be about $100,000 and also noted that Poland, which had pulled out of a similar meet to be held in Berkeley the week before the Russian meet, had already met half of its reparation payments.

Also to be settled is reimbursement of expenses for an American basketball team that was in Europe when the boycott was announced and didn't play 12 games that were scheduled with Russia, Poland and Czechoslovakia.

Hull said Czechoslovakia had already paid $2,000 and that the AAU was asking for an additional $2,000 for each of the canceled games.

He also indicated the two countries were discussing an exchange of athletes for next winter's indoor season.

YACHTING QUEEN — Mary Ellen Goepp of San Rafael has been chosen "Queen of Loch Lomond Yacht Club" to reign over the club's 1967 activities. She is a student at Terra Linda High School and a daughter of the Peter E. Goepps of 279 Devon Drive.

Paul Hornung Gets A Role

SALT LAKE CITY (AP) — Paul Hornung, veteran professional football halfback, will play the part of a lumberjack in a movie called "The Devil's Brigade."

Hollywood producer David Wolper made the announcement yesterday. The movie, being filmed in the Salt Lake City area stars William Holden, Cliff Robertson and Vince Edwards.

Wolper said this would be Hornung's debut in a motion picture feature. The one-time Green Bay Packer star is expected to join the cast early next month.

Hornung now is on the roster of the New Orleans Saints, newest entry in the National Football League.

49ers Open Slate Against Vikings

The San Francisco 49ers, playing in a "new" division of a league with a "new" look, will open against an old face.

The 49ers will again open against Minnesota Vikings at Minneapolis, Sept. 17 to be followed by their home opener against the Atlanta Falcons, Sept. 24.

The still growing National Football League will sport one new team, the New Orleans Saints, and four divisions, two each in the Western Conference and Eastern Conference.

The 49ers will be thrown into the Coastal Division with Atlanta, Baltimore, and Los Angeles for two games each, and will play the remaining teams in the Western Conference once and the teams of the Capitol Division in the Eastern Conference once.

That way the 49ers will see the Green Bay Packers only once.

The other Western Conference division is the Central Division while the Eastern Conferencs has the Capitol Division and the Century Division.

Winners in each division will play off for the Conference titles Dec. 23 and 24 to be followed by the NFL title game Dec. 31.

The 49er schedule:

Sept. 17, at Minnesota; Sept. 24, Atlanta; Oct. 1, at Baltimore; Oct. 8, at Los Angeles; Oct. 15 at Philadelphia; Oct. 22 New Orleans; Oct. 29, Detroit; Nov. 5, Los Angeles; Nov. 12 at Washington; Nov. 19, at Green Bay; Nov. 26, Baltimore; Dec. 3, Chicago; Dec. 10, at Atlanta; Dec. 16, Dallas.

Cadets' Nine Wins One Game, Loses Another

San Rafael Military Academy's baseball team got tangled in a pair of one-run affairs last week, winning one, 2-1, and losing the other, 4-3, in a nine-error circus.

The Cadets, behind superb relief pitching by Tom Davis and a three-for-three performance at the plate by Vic Williams, squeezed by St. Vincent's, 2-1, on a run-scoring single in the eighth inning by Williams last Wednesday.

Thursday, they dropped a 4-3 decision to Lick Wilmerding, on an unearned run in the eighth inning. All seven runs in the game were unearned as SRMA had four errors and Lick Wilmerding had five.

The FISHIN' FOOL

Californians Haven't Gone Soft; Here's Another Juicy Fish Story

STEVENS

Who said Californians have gone soft? Whoever did has committed an error. Despite cold winds, threatened or actual rainy days, and choppy water, our local fishing stars racked up some mighty fine records. That is especially true of the salmon trollers. All boats out the past few days have done fairly well and a couple of them unloaded a flock of salmon.

For example: The report from Caruso's Sausalito spot disclosed the boat, "Salmon Queen," netted an even 40 salmon to 21 pounds. "That was the high Saturday boat, Ralph," said genial Tony Caruso. The low boat had 11 salmon and the average for all the boats was a fraction better than one and one-half fish per rod.

THE HIGH BOAT working from Lee Anderson's headquarters in Oakland registered 30 salmon to 22 pounds; the "Sea Horse" boated 19 to 16 pounds, the "Sea Wolf" had 26 to 12 pounds, and the "Hazel B" took 11 to 15 pounds. The boat with the most salmon (30 to 22 pounds) was the "Yvette."

Hal Boenner of Lee Anderson's reported the "Duke No. 2" with seven bass to 24 pounds, plus a 42-inch sturgeon. Also the boat, "Flying Cloud," reported four sturgeon to 50 pounds.

SPEAKING OF STRIPER striving, perhaps the hottest action on the weekend and just past was had near the Brothers Islands. Tony Caruso reported at least two small craft limited out in the later afternoon while trolling white bug-eye jigs. From China Camp the word was good for sturgeon taken on grass shrimps, and "spotty" for striped bass, which might be expected on minus tide days.

Let's head the following with the title, "Was it a sturgeon or a striper?"

AS A FISH STORY it is different from most.

Wayne G. Just of San Leandro wrote: "We want to tell you of our recent experience, on April 11. Four of us aboard Lou Johnson's double-ender were fishing for bass at Buoy No. 25. We stayed there until 3:45 p.m. We had caught a few bass, but decided to try False River. We had just anchored and were relaxing, when Lou had a hit on his rod. Ralph, I have fished in Minnesota and Canada for muskies, but I never saw a fish hit like this one did. The fish never gave Lou an inch of slack line. About 80 yards of line ran off the reel; we had to lift the anchor and follow him half-way to the Ferry Landing. Lou was using a 7½-foot light rod, a Zebco closed reel and 18-pound line. This fish fought like nothing we had known. He carried us back and forth for 26 minutes; Lou was suffering the strain on his arms, his face became a bright red; his would run out at times, and we would hurry to reverse our course.

LOU'S BROTHER, Stanley, handled the wheel and worked hard to keep us over the fish; we lost all track of time. Just when we thought the fish had given up, he would shoot off at a tangent, then hug the bottom. Once Lou was almost pulled overboard, he leaned far out, and — the line broke.

We all said nothing but gazed at the water in amazement. We will never know how big that fish was, but we will all have something to remember about the big fish that got away.

WAYNE ASSUMES that the fish Lou hooked was a monstrous sturgeon, and maybe it was, but it could have been that striped bass of 100 or more pounds I have been raving about for the past 25 years.

Lacrosse Is Quick, Exciting

Continued from page 23

look like a battered throwback to the days of Knute Rockne. They wear protective padding on their arms and hands and carry a stick with a netting attached to the end of it in which they pass and carry a small ball like a hot potato.

At first glance, it looks like a drawn-out John Wayne bar fight. Players are on the ground as often as they're standing on their feet and the field sometimes looks like Gettysburg after the big fight. Sticks are swung and flung with what looks like alarming carelessness.

But looks are deceiving. Lacrosse is neither as exotic nor complicated as it looks nor is it a catharsis for would-be mayhemers.

On principle, it's very much like soccer or hockey, only quicker and sometimes more exciting. The goalkeeper's job is more difficult. Sometimes he is like the man trying to catch a bullet with his teeth.

Neither is lacross a "new" game. It is most popular in the east and the Ivy League where it is even played at a high school level at an exploding rate.

Although it has almost hallowed roots in the East, the game is flourishing at a modest rate in the Bay Area.

The Marin Lacross Club and its members would ike to change the modest into something a little more substantial.

Quite a few of them, including Doane Leydecker, goalkeeper Dick Treadwell, Lee Gannu, an All-American at Dartmouth, Bob Clark from Lehigh and Carl Junghaas from Virginia, all come from the Meccah of lacrosse.

Leydecker, vice-president of the Northern California Lacrosse Association, is steeped in lacrosse tradition. His father, the late Irving B. Leydecker, was president of the International Lacrosse Association and Doane spent his playing days at Colgate.

The club, which competes in the Northern California Lacrosse Association, is working toward building lacrosse from the ground up by sponsoring weekly clinics for the Marin County Boys Club. It seems to be doing well.

"I was amazed by the response," Leydecker said. "We've done very well."

The coach is Commander Edgar Hanson, former assistant lacrosse coach at the U.S. Naval Academy now stationed at Mare Island.

The club would like to see the sport played at the high school level and, contrary to outward appearance, it is not as rough as it looks, if number of injuries sustained means anything.

Last year, among 16,700 active participants, there were 155 injuries, the most serious of which was a broken leg.

Perhaps its biggest asset and its main charm is that everyone can play lacrosse, even sports writers and financial wizards.

IT IS OPENING DAY AGAIN
AND A NEW SEASON OF FINE BASEBALL
AT CANDLESTICK PARK.

The San Francisco Giants enter the 1967 campaign confident they will be all season contenders for the National League pennant. They present a well balanced and solidly established team, and Manager Herman Franks and all of his players believe that their play through the year will win the approval of their fans.
Meanwhile the Giants express their thanks for the wholehearted support that has been accorded to them by the San Francisco and Bay Area fans through all the years they have played here.
All of us hope the 1967 season will be the most satisfying yet.

Sincerely

Horace Stoneham

Lacrosse Is Quick, Exciting

Continued from page 23

look like a battered throwback to the days of Knute Rockne. They wear protective padding on their arms and hands and carry a stick with a netting attached to the end of it in which they pass and carry a small ball like a hot potato.

At first glance, it looks like a drawn-out John Wayne bar fight. Players are on the ground as often as they're standing on their feet and the field sometimes looks like Gettysburg after the big fight. Sticks are swung and flung with what looks like alarming carelessness.

But looks are deceiving. Lacrosse is neither as exotic nor complicated as it looks nor is it a catharsis for would-be mayhemers.

On principle, it's very much like soccer or hockey, only quicker and sometimes more exciting. The goalkeeper's job is more difficult. Sometimes he is like the man trying to catch a bullet with his teeth.

Neither is lacross a "new" game. It is most popular in the east and the Ivy League where it is even played at a high school level at an exploding rate.

Although it has almost hallowed roots in the East, the game is flourishing at a modest rate in the Bay Area.

The Marin Lacross Club and its members would ike to change the modest into something a little more substantial.

Quite a few of them, including Doane Leydecker, goalkeeper Dick Treadwell, Lee Gannu, an All-American at Dartmouth, Bob Clark from Lehigh and Carl Junghaas from Virginia, all come from the Meccah of lacrosse.

Leydecker, vice-president of the Northern California Lacrosse Association, is steeped in lacrosse tradition. His father, the late Irving B. Leydecker, was president of the International Lacrosse Association and Doane spent his playing days at Colgate.

The club, which competes in the Northern California Lacrosse Association, is working toward building lacrosse from the ground up by sponsoring weekly clinics for the Marin County Boys Club. It seems to be doing well.

"I was amazed by the response," Leydecker said. "We've done very well."

The coach is Commander Edgar Hanson, former assistant lacrosse coach at the U.S. Naval Academy now stationed at Mare Island.

The club would like to see the sport played at the high school level and, contrary to outward appearance, it is not as rough as it looks, if number of injuries sustained means anything.

Last year, among 16,700 active participants, there were 155 injuries, the most serious of which was a broken leg.

Perhaps its biggest asset and its main charm is that everyone can play lacrosse, even sports writers and financial wizards.

IT IS OPENING DAY AGAIN
AND A NEW SEASON OF FINE BASEBALL
AT CANDLESTICK PARK.

The San Francisco Giants enter the 1967 campaign confident they will be all season contenders for the National League pennant. They present a well balanced and solidly established team, and Manager Herman Franks and all of his players believe that their play through the year will win the approval of their fans.

Meanwhile the Giants express their thanks for the wholehearted support that has been accorded to them by the San Francisco and Bay Area fans through all the years they have played here. All of us hope the 1967 season will be the most satisfying yet.

Sincerely

President

"I'm writing the Great American Novel. It's a list of do's and don'ts for the sitter while we're away."

ALMANAC

Today is Tuesday, April 18, the 108th day of 1967 with 257 to follow.

The moon is between its first quarter and full stage. The morning star is Mars. The evening stars are Venus, Mars and Jupiter.

Born on this day in 1882 was British-born symphony conductor, Leopold Stokowski.

On this day in history:

In 1875, American patriot Paul Revere began his famed ride through the Massachusetts countryside, calling, "The British are coming."

In 1906, the three-day San Francisco earthquake began. Five hundred persons died as a result.

In 1942, Lt. Col. James Doolittle and a squadron of 16 B25s bombed Japan for the first time.

In 1964, 17 U.S. servicemen died when two troop planes collided over Ohio.

A thought for the day — British statesman John Selden once said: "They that govern the most, make the least noise."

HOW TO PLAY
WINNING BRIDGE

GOOD START

Whenever this hand was played South took the ace of spades, cashed the ace of diamonds and overtook the queen of diamonds with dummy's king to discard a spade on the jack of diamonds. It was a good start.

In most cases declarer then led dummy's nine of hearts. East took the ace of hearts, cashed a spade, and then led the ten of diamonds to put South's trumps in the middle.

If South ruffed low, West would over-ruff at once with the eight of hearts. The king of hearts would later take the setting trick.

MUST DISCARD

If South ruffed with the ten of hearts, West could defeat the contract by discarding. West would still have K-8-3 of trumps and would surely win two trump tricks from South, who held Q-J-7-6-5.

West must not over-ruff when the fourth diamond is led, since then West has only 8-3 of trumps and South can draw both with the queen and jack.

CAREFUL PLAY

South can avoid the awkward position by leading dummy's fourth diamond to discard another spade before he touches trumps. When East gets in with the ace of trumps he has no diamonds to lead; and if East leads a spade, South can safely ruff with a low trump.

What do you say?

ANSWER: Bid one no-trump. Even though you have 10 points in high cards, you should not bid two clubs. The clubs are too weak, and you have no fit for hearts. You would bid two clubs if partner opened with one spade, since you would plan to show the spade support at your next turn.

Their Sideline Is Firecrackers

BENBROOK, Tex. (UPI) —In this suburb of Fort Worth, the firemen sell firecrackers. The sideline, in which stands are manned by volunteer firemen, mostly around Christmas and major holidays, brings the firemen enough money to get new equipment. Once they bought a new fire engine with the proceeds.

What do you say?

ANSWER: Bid one no-trump. Even though you have 10 points in high cards, you should not bid two clubs. The clubs are too weak, and you have no fit for hearts. You would bid two clubs if partner opened with one spade, since you would plan to show the spade support at your next turn.

Their Sideline Is Firecrackers

BENBROOK, Tex. (UPI) —In this suburb of Fort Worth, the firemen sell firecrackers. The sideline, in which stands are manned by volunteer firemen, mostly around Christmas and major holidays, brings the firemen enough money to get new equipment. Once they bought a new fire engine with the proceeds.

SUCCESSFUL INVESTING

Phone Stocks Among Best Income Yields

By ROGER E. SPEAR

Q. "I have retired early due to a heart ailment. Our income is from Social Security and $35,000 in savings and loan institutions at 5.25 per cent. We live in a retirement community where monthly expenses average $200. We'd like to put some of our money into securities to produce better income. What do you suggest" D. M.

A. I am sincerely sorry to read of your heart ailment. Under present money conditions there is no safe way to increase significantly the income you're now getting from savings and loan accounts. Interest on such accounts is voted by the directors periodically and there is, of course, no guarantee that the present relatively high rate will continue indefinitely.

You can invest a portion of your funds in bonds with good call protection, which will give greater assurance that your rate of return will continue for some years ahead.

Part can be put into good common stocks where the dividend seems safe. I suggest $5,000 each in American Telephone 5½s of 1997 to yield 5.37 per cent and Bethlehem Steel 5.40s of 1992 on a 5.29 per cent basis; $5,000 divided between U. S. Steel common and Lone Star Gas, each yielding 5.5 per cent.

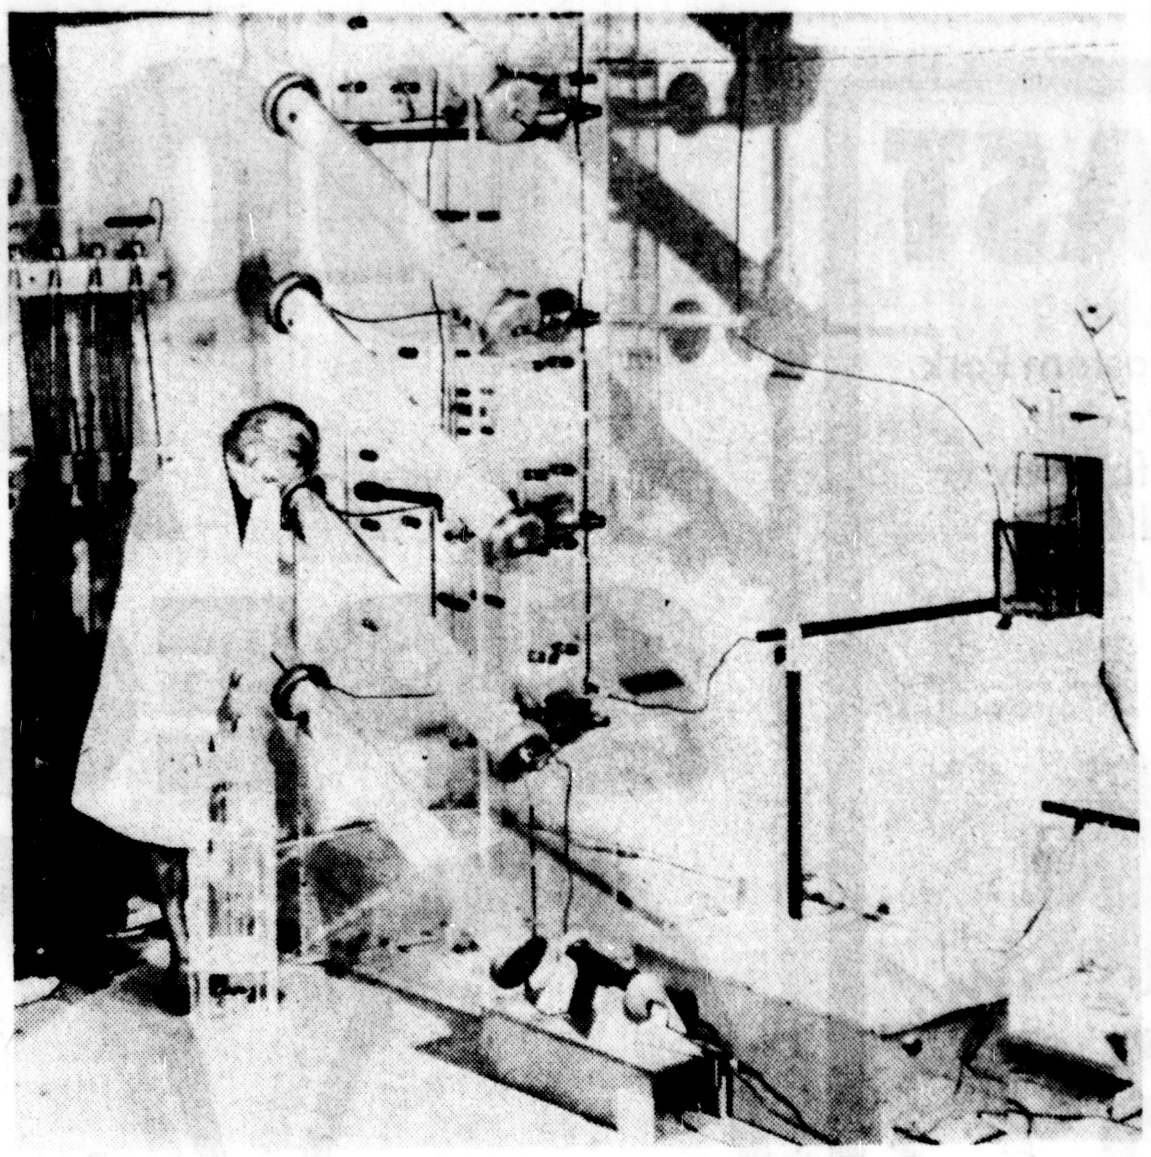
Q. "We have five young grandchildren and would like to start buying stocks for their college education. Sound growth stocks are what we want. We'll start with $5,000 and add some each month. Can you advise us?" J. C.

A. With very great pleasure, for your worthwhile purpose. The stocks you want sell at relatively high price-earnings ratios. This simply means that they are no longer cheap and are discounting growth a long way ahead. But the best ones have done this for some time past and should continue to do so in the future. Over the next decade, I believe you will considerably enhance your grandchildren's college funds by buying such stocks as American Home Products; Becton, Dickinson; General Telephone; Consolidated Foods; Holiday Inns.

American Motors To Double Ramblers

DETROIT — American Motors Corp will double Rambler American production as quickly as plant arrangement and material flow permit.

It will be the second major Rambler American production increase, and will be in addition to the 40 per cent boost announced earlier this month, it has been announced.



NEW SPEED PHOTO MACHINE

A photographic process for ultra high speed photography, which can even film various stages of blinding events such as explosions, has been developed by a firm near Munich, Germany. The apparatus differentiates itself from so-called high voltage photography in that it uses X-rays instead of light.

Mart Shuts High, Trading Is Active

NEW YORK (AP)—The stock market closed higher today for the fourth straight session. Trading was active.

Prices were a little higher at the start but the gain on average was small then because many blue chips eased on profit taking. The average improved later.

Here was the picture near the close:

Chrysler, which advanced 2 yesterday as the most active stock, sank as much as a point after the lower first quarter earnings were reported. Then the stock erased the loss and edged to a net gain in a show of resilience.

American Motors passed Chrysler to pace the list on volume, racking up about a point on prospects of its doubling production.

Ford, up about a point, and General Motors, a fractional gainer, canceled early losses.

Many blue chips throughout the list suffered fractional losses as traders nailed down profits on recent gains. They recovered selectively, giving the list a pretty fair gain.

Du Pont gained 2, Eastman Kodak and American Can 1 each.

The top four steelmakers made fractional gains.

Xerox rose 5, Polaroid 4, United Air Lines and MGM about 2 each.

Kerr McGee Oil lost about 4.

The gains in March for housing starts and personal income were encouraging market factors.

Prices rose substantially on the American Stock Exchange.

Stocks, Bonds Talk Slated

Alice Turnley Williams, manager of the portfolio department of a stock brokerage firm and a teacher of investment classes, will speak at the Novato Newcomers Club luncheon Wednesday at Tiburon Tommies.

Miss Turnley will speak on "Let's Look at Stocks and Bonds."

A social hour will begin at 11 a.m. with luncheon served at noon. Reservations chairmen are Mesdames Nevin Howell and Clyde Wrightsman.

Deposits Up During March

Marin County bank debits for March were down from the 1966 level but deposits showed gains over March, 1966.

The Federal Reserve Bank of San Francisco reported unadjusted debts of $158,997,000, compared with $165,554,000 in March of last year. Unadjusted deposits increased to $84,922,000 from $78,943,000 a year ago.

No seasonally adjusted debits, deposits or turnover ratios are reported for Marin County.

UCB Awarded Bonds Purchase

United California Bank today was awarded purchase of $1,050,000 in Novato Unified School Distrcit bonds with a bid of 3.89572 per cent, the lowest offer of four opened by county supervisors today.

The bid had given an erronious net interest of 4.89572 per cent, but other rates in the bid and a check with the firm's main office showed this to be a typing error.

Other bidders were Bank of America at 3.9998 per cent, Blythe and Co. at 4.00793 per cent and Crocker-Citizens National bank at 4.01698.

Interstate Hosts Sets New Records

SAN FRANCISCO — Sales and earnings for Interstate Hosts, Inc., set new records in the first quarter of the fiscal year, it has been announced by Hulsey S. Lokey president at the annual meeting of shareholders.

Sales were $12,542,554 for the quarter ended March 31, a 29.9 per cent increase over the $9,656,840 for the same period last year. Net income was $341,880, a 33.42 per cent increase over last year's $256,278.

OTHER PEOPLE'S BUSINESS

Holiday Magic Is Embarking Upon Another Big Expansion

What is probably now Marin's fastest growing individual "big business" — **Holiday Magic** — is in the midst of another expansion program, its third, at a building cost amounting to something like $113,000.

An addition of 7,900 square feet is under way at the 616 Canal Street, San Rafael headquarters. This will include four executive offices, an enlarged data processing center, new mailroom, a second floor complex with executive sauna bath, barber shop, locker and shower facilities. Also more offices, employee lounges, kitchen and training room that converts to two private conference rooms.

Other improvements include installation of a teletype system for instant communication with Holiday's four manufacturing facilities in Georgia, California, New Jersey and Mexico, a cedar deck adjoining the floating deck on the canal side of the building, new sign and awning.

And still another 4,000 square feet of office space has been purchased on Harbor Street. The adjoining lot will be landscaped with parking for 77 cars serving both buildings.

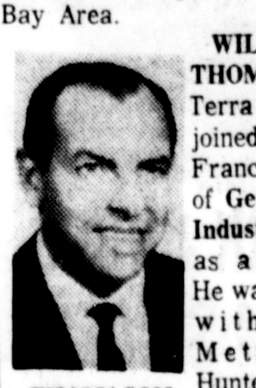
The company now employs 159 persons and expects to run this up to 300 by the time the improvements are completed next month.

HOLIDAY MAGIC has been drawing into its organization people from all professions and walks of life. Most recent name to come to my attention as joining the speeding **William Penn Patrick** cosmetic cavalcade is that of Mill Valley pediatrician **Dr. Richard C. Adler**, who is now one of Holiday's master distributors. I understand there are about 60 doctors and lots of lawyers in the organization.

THERE'S ANOTHER San Rafael business that's doing some expanding. It is not as large as Holiday, but its pace is pretty brisk.

A. D. Harty of San Anselmo, who bought out Bay Area Catering about a year ago and has been set up at 2147 Francisco Boulevard as **Harty's Industrial Catering**, will move to new 10,000-square-foot quarters at 26 Woodland Avenue by the first of July. This has nothing to do with catering for parties, but services industrial projects, construction jobs and the like — all the way from South San Francisco to Santa Rosa and across the bay to Richmond.

But meanwhile he has formed another corporation, **Crown Sandwiches, Inc.**, which will open at 55 Belvedere Street, San Rafael about the first of May. This will be a wholesale business, supplying thousands of sandwiches daily to other caterers throughout the entire Bay Area.



THOMASON

WILLIAM W. THOMASON of Terra Linda has joined the San Francisco office of **General Steel Industries, Inc.** as a salesman. He was formerly with American Metal Climax, Hunter Engineering Division, Riverside.

A NEW BOOK of basic information about the United States that should be a valuable addition to business libraries is "Pocket Data Book, U. S. A. 1967." It is published by the Bureau of Census and is now available at the **Department of Commerce** field office in San Francisco at 450 Golden Gate Avenue. Price is $1.50.

Subject headings include population, vital statistics, immigration, area and climate, federal government, state and local governments, elections, national defense and veterans, law enforcement, labor, health, education, science, welfare, income, prices, parks and recreation, agriculture, forests, fisheries, business enterprise, manufacturers, mining, construction and housing, transportation, communications, power, finance and insurance, distribution and services and foreign countries. And a lot of other topics — enough information to help you write a speech about almost anything.

Lower Costs Of Mortgages Now Possible

PALM SPRINGS (AP)—The governor of the Federal Reserve Board says a sharp reduction in home mortgage costs and stabilization of mortgage funds might result from a strengthening of the secondary mortgage market.

Sherman J .Maisel told the annual meeting of the California Mortgage Bankers Association Friday "The Federal National Mortgage Association should investigate the feasibility of establishing a real trading desk.

"This might make a market in accordance with current demand and supply," he added. "A true secondary market with traders and dealers should cut mortgage costs," he said.

Maisel also said the Federal Housing Administration should re-examine the possibilities of making the FHA mortgage "completely insured to the ultimate investor."

He said, "The objective would be to have mortgages trade more like bonds with their far smaller costs and spreads."

Chrysler Reports Drop In Profits

DETROIT (UPI) — Chrysler Corp. reported today its first quarter profits plummeted more than 60 per cent and blamed anti-inflation moves by the federal government.

Lynn Townsend, chairman, told Chrysler's annual meeting of stockholders that Chrysler's sales in the first quarter totaled $1.3 billion compared with $1.4 billion in the same period last year.

He said profits for the three-month period were $18.2 million, or 40 cents a share, down sharply from the record $62.5 million, or $1.38 per share, chalked up in the January-March period of 1966.

SUCCESSFUL INVESTING

Phone Stocks Among Best Income Yields

By ROGER E. SPEAR

Q. "I have retired early due to a heart ailment. Our income is from Social Security and $35,000 in savings and loan institutions at 5.25 per cent. We live in a retirement community where monthly expenses average $200. We'd like to put some of our money into securities to produce better income. What do you suggest" D. M.

A. I am sincerely sorry to read of your heart ailment. Under present money conditions there is no safe way to increase significantly the income you're now getting from savings and loan accounts. Interest on such accounts is voted by the directors periodically and there is, of course, no guarantee that the present relatively high rate will continue indefinitely.

You can invest a portion of your funds in bonds with good call protection, which will give greater assurance that your rate of return will continue for some years ahead.

Part can be put into good common stocks where the dividend seems safe. I suggest $5,000 each in American Telephone 5½s of 1997 to yield 5.37 per cent and Bethlehem Steel 5.40s of 1992 on a 5.29 per cent basis; $5,000 divided between U. S. Steel common and Lone Star Gas, each yielding 5.5 per cent.

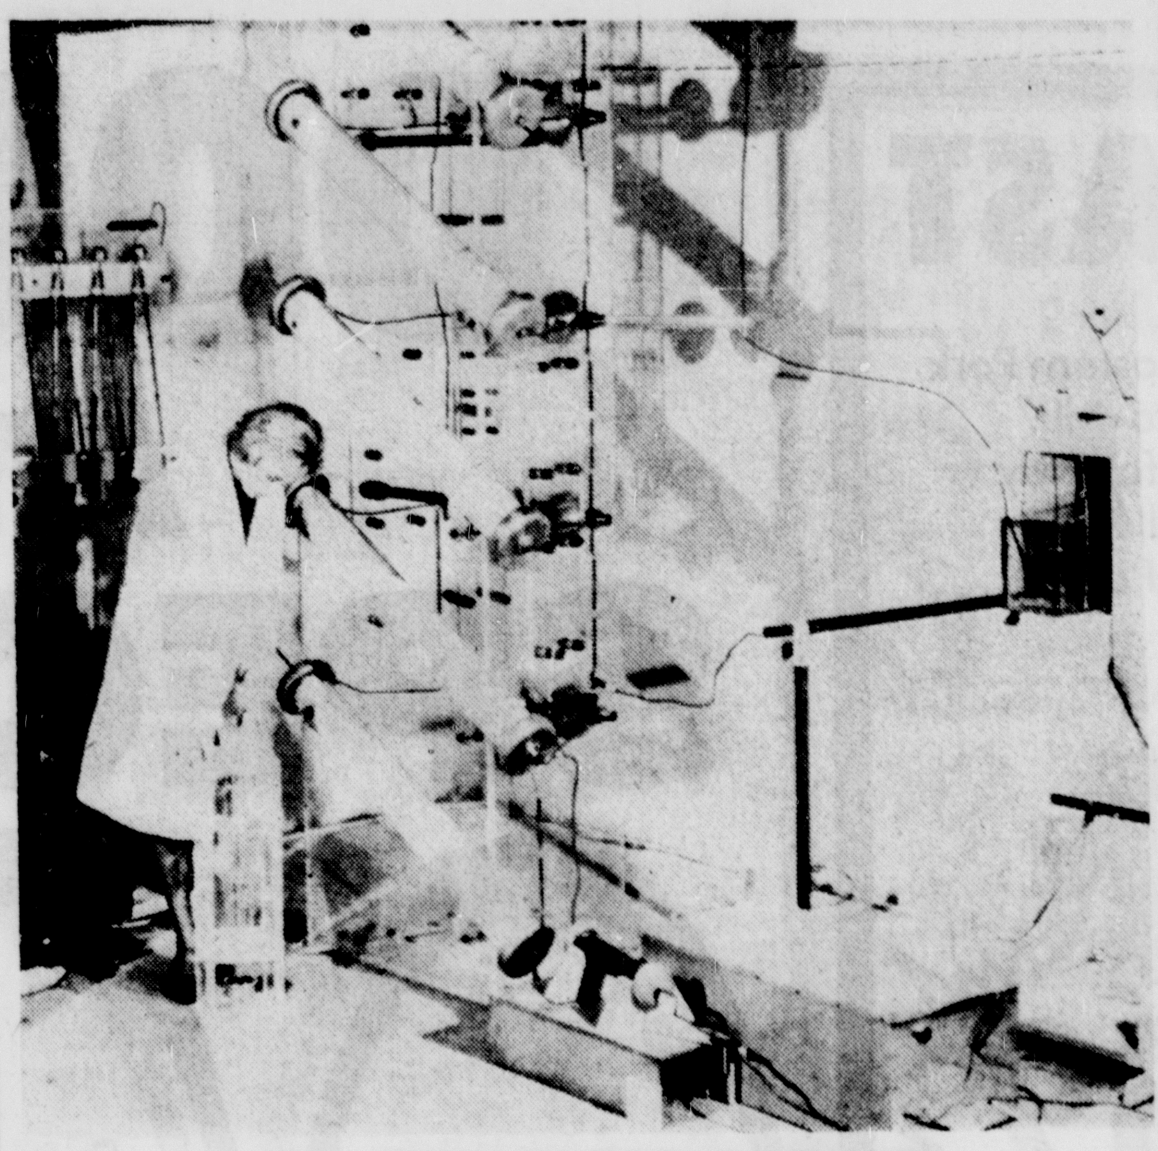
Q. "We have five young grandchildren and would like to start buying stocks for their college education. Sound growth stocks are what we want. We'll start with $5,000 and add some each month. Can you advise us?" J. C.

A. With very great pleasure, for your worthwhile purpose. The stocks you want sell at relatively high price-earnings ratios. This simply means that they are no longer cheap and are discounting growth a long way ahead. But the best ones have done this for some time past and should continue to do so in the future. Over the next decade, I believe you will considerably enhance your grandchildren's college funds by buying such stocks as American Home Products; Becton, Dickinson; General Telephone; Consolidated Foods; Holiday Inns.

American Motors To Double Ramblers

DETROIT — American Motors Corp will double Rambler American production as quickly as plant arrangement and material flow permit.

It will be the second major Rambler American production increase, and will be in addition to the 40 per cent boost announced earlier this month, it has been announced.



NEW SPEED PHOTO MACHINE

A photographic process for ultra high speed photography, which can even film various stages of blinding events such as explosions, has been developed by a firm near Munich, Germany. The apparatus differentiates itself from so-called high voltage photography in that it uses X-rays instead of light.

Mart Shuts High, Trading Is Active

NEW YORK (AP)—The stock market closed higher today for the fourth straight session. Trading was active.

Prices were a little higher at the start but the gain on average was small then because many blue chips eased on profit taking. The average improved later.

Here was the picture near the close:

Chrysler, which advanced 2 yesterday as the most active stock, sank as much as a point after the lower first quarter earnings were reported. Then the stock erased the loss and edged to a net gain in a show of resilience.

American Motors passed Chrysler to pace the list on volume, racking up about a point on prospects of its doubling production.

Ford, up about a point, and General Motors, a fractional gainer, canceled early losses.

Many blue chips throughout the list suffered fractional losses as traders nailed down profits on recent gains. They recovered selectively, giving the list a pretty fair gain.

Du Pont gained 2, Eastman Kodak and American Can 1 each.

The top four steelmakers made fractional gains.

Xerox rose 5, Polaroid 4, United Air Lines and MGM about 2 each.

Kerr McGee Oil lost about 4.

The gains in March for housing starts and personal income were encouraging market factors.

Prices rose substantially on the American Stock Exchange.

Stocks, Bonds Talk Slated

Alice Turnley Williams, manager of the portfolio department of a stock brokerage firm and a teacher of investment classes, will speak at the Novato Newcomers Club luncheon Wednesday at Tiburon Tommies.

Miss Turnley will speak on "Let's Look at Stocks and Bonds."

A social hour will begin at 11 a.m. with luncheon served at noon. Reservations chairmen are Mesdames Nevin Howell and Clyde Wrightsman.

Deposits Up During March

Marin County bank debits for March were down from the 1966 level but deposits showed gains over March, 1966.

The Federal Reserve Bank of San Francisco reported unadjusted debts of $158,997,000, compared with $165,554,000 in March of last year. Unadjusted deposits increased to $84,922,000 from $78,943,000 a year ago.

No seasonally adjusted debits, deposits or turnover ratios are reported for Marin County.

UCB Awarded Bonds Purchase

United California Bank today was awarded purchase of $1,050,000 in Novato Unified School Distrcit bonds with a bid of 3.89572 per cent, the lowest offer of four opened by county supervisors today.

The bid had given an erronious net interest of 4.89572 per cent, but other rates in the bid and a check with the firm's main office showed this to be a typing error.

Other bidders were Bank of America at 3.9998 per cent, Blythe and Co. at 4.00793 per cent and Crocker-Citizens National bank at 4.01698.

Interstate Hosts Sets New Records

SAN FRANCISCO — Sales and earnings for Interstate Hosts, Inc., set new records in the first quarter of the fiscal year, it has been announced by Hulsey S. Lokey president at the annual meeting of shareholders.

Sales were $12,542,554 for the quarter ended March 31, a 29.9 per cent increase over the $9,656,840 for the same period last year. Net income was $341,880, a 33.42 per cent increase over last year's $256,278.

OTHER PEOPLE'S BUSINESS

By HARRY CRAFT

Holiday Magic Is Embarking Upon Another Big Expansion

What is probably now Marin's fastest growing individual "big business" — **Holiday Magic** — is in the midst of another expansion program, its third, at a building cost amounting to something like $113,000.

An addition of 7,900 square feet is under way at the 616 Canal Street, San Rafael headquarters. This will include four executive offices, an enlarged data processing center, new mailroom, a second floor complex with executive sauna bath, barber shop, locker and shower facilities. Also more offices, employee lounges, kitchen and training room that converts to two private conference rooms.

Other improvements include installation of a teletype system for instant communication with Holiday's four manufacturing facilities in Georgia, California, New Jersey and Mexico, a cedar deck adjoining the floating deck on the canal side of the building, new sign and awning.

And still another 4,000 square feet of office space has been purchased on Harbor Street. The adjoining lot will be landscaped with parking for 77 cars serving both buildings.

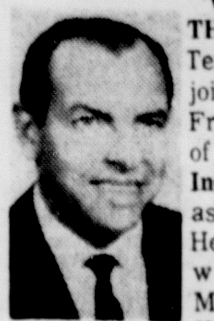
The company now employs 159 persons and expects to run this up to 300 by the time the improvements are completed next month.

HOLIDAY MAGIC has been drawing into its organization people from all professions and walks of life. Most recent name to come to my attention as joining the speeding **William Penn Patrick** cosmetic cavalcade is that of Mill Valley pediatrician **Dr. Richard C. Adler**, who is now one of Holiday's master distributors. I understand there are about 60 doctors and lots of lawyers in the organization.

THERE'S ANOTHER San Rafael business that's doing some expanding. It is not as large as Holiday, but its pace is pretty brisk.

A. D. Harty of San Anselmo, who bought out Bay Area Catering about a year ago and has been set up at 2147 Francisco Boulevard as **Harty's Industrial Catering**, will move to new 10,000-square-foot quarters at 26 Woodland Avenue by the first of July. This has nothing to do with catering for parties, but services industrial projects, construction jobs and the like — all the way from South San Francisco to Santa Rosa and across the bay to Richmond.

But meanwhile he has formed another corporation, **Crown Sandwiches, Inc.**, which will open at 55 Belvedere Street, San Rafael about the first of May. This will be a wholesale business, supplying thousands of sandwiches daily to other caterers throughout the entire Bay Area.



THOMASON

WILLIAM W. THOMASON of Terra Linda has joined the San Francisco office of **General Steel Industries, Inc.** as a salesman. He was formerly with American Metal Climax, Hunter Engineering Division, Riverside.

A NEW BOOK of basic information about the United States that should be a valuable addition to business libraries is "Pocket Data Book, U. S. A. 1967." It is published by the Bureau of Census and is now available at the **Department of Commerce** field office in San Francisco at 450 Golden Gate Avenue. Price is $1.50.

Subject headings include population, vital statistics, immigration, area and climate, federal government, state and local governments, elections, national defense and veterans, law enforcement, labor, health, education, science, welfare, income, prices, parks and recreation, agriculture, forests, fisheries, business enterprise, manufacturers, mining, construction and housing, transportation, communications, power, finance and insurance, distribution and services and foreign countries. And a lot of other topics — enough information to help you write a speech about almost anything.

Lower Costs Of Mortgages Now Possible

PALM SPRINGS (AP)—The governor of the Federal Reserve Board says a sharp reduction in home mortgage costs and stabilization of mortgage funds might result from a strengthening of the secondary mortgage market.

Sherman J. Maisel told the annual meeting of the California Mortgage Bankers Association Friday "The Federal National Mortgage Association should investigate the feasibility of establishing a real trading desk.

"This might make a market in accordance with current demand and supply," he added. "A true secondary market with traders and dealers should cut mortgage costs," he said.

Maisel also said the Federal Housing Administration should re-examine the possibilities of making the FHA mortgage "completely insured to the ultimate investor."

He said, "The objective would be to have mortgages trade more like bonds with their far smaller costs and spreads."

Chrysler Reports Drop In Profits

DETROIT (UPI) — Chrysler Corp. reported today its first quarter profits plummeted more than 60 per cent and blamed anti-inflation moves by the federal government.

Lynn Townsend, chairman, told Chrysler's annual meeting of stockholders that Chrysler's sales in the first quarter totaled $1.3 billion compared with $1.4 billion in the same period last year.

He said profits for the three-month period were $18.2 million, or 40 cents a share, down sharply from the record $62.5 million, or $1.38 per share, chalked up in the January-March period of 1966.

This is not the run of the mill type of employment opportunity. We differ in type of benefits— method of approach — amount of earnings & ease of selling. We have just introduced a financing plan where the agent receives not only compensation for his own business but overrides & renewals on others. Supervisors receive double overrides plus the renewals mentioned above. There is really so much we have to tell you that we know you will be interested. You owe it to yourself to find out just how good an opportunity this is Phone for appointment.

CREAMPUFF '67 MUSTANG HARDTOP $2595
Here's the closest-to-new little Mustang 2-Dr. hardtop in Marin County at a real savings in price.

Local lady who has always owned Buicks purchased from local Ford dealer a little over four months ago and has put just over 2,000 miles on the car. She couldn't get used to the Mustang size and has just purchased a new Buick Skylark.

This all-white Mustang has blue bucket seats with automatic transmission, radio, heater, 6-cyl. economy engine and lots of other extras.

Sold new for almost $3300—but we'll sell for only $2595. Our lady customer will be glad to verify the condition of this car to any valid buyer.

CREAMPUFF '67 MUSTANG HARDTOP $2595
Here's the closest-to-new little Mustang 2-Dr. hardtop in Marin County at a real savings in price.

Local lady who has always owned Buicks purchased from local Ford dealer a little over four months ago and has put just over 2,000 miles on the car. She couldn't get used to the Mustang size and has just purchased a new Buick Skylark.

This all-white Mustang has blue bucket seats with automatic transmission, radio, heater, 6-cyl. economy engine and lots of other extras.

Sold new for almost $3300—but we'll sell for only $2595. Our lady customer will be glad to verify the condition of this car to any valid buyer.

CITY COUNCIL OF THE TOWN OF FAIRFAX

RESOLUTION NO. 805

RESOLUTION GIVING NOTICE OF PROPOSED ANNEXATION TO THE TOWN OF FAIRFAX OF UNINHABITED TERRITORY DESCRIBED HEREIN AND DESIGNATED "NORTHERLY ANNEXATION" AND GIVING NOTICE OF TIME AND PLACE FOR HEARING OF PROTESTS THERETO.

BE IT RESOLVED BY THE COUNCIL OF THE TOWN OF FAIRFAX:

1. That it has come to the attention of the City Council of the Town of Fairfax, and this Council finds, that it would be for the best interests of said Town and of the residents of the contiguous area herein described to alter the boundaries of said Town by annexing thereto and incorporating therein as a part thereof under the provisions of the annexation of Uninhabited Territory Act of 1939, as amended, certain property situated in the County of Marin, State of California, hereby designated "NORTHERLY ANNEXATION," and described in Exhibit "A" attached hereto and made a part hereof.

2. The reasons why the Town of Fairfax desires said annexation are as follows:

(a) Said territory is within the City's growth area and its forthcoming General Plan and should be governed in its development by the same zoning and planning regulations which govern territory within the Town of Fairfax.

(b) Because of its location and forthcoming development said territory should be provided with and receive the benefits of urban level services.

3. The Town of Fairfax has heretofore filed with the Local Agency Annexation Commission of Marin County, a notice of intention to annex the territory more particularly described in Exhibit "A". Said notice contained the specific boundaries of the territory proposed to be annexed. Thereafter, the Local Agency Annexation Commission of Marin County after public hearing did approve said proposed annexation on April 6, 1967.

4. That Monday, May 8, 1967, at the hour of 8:00 o'clock p.m., in the Council Chambers, Fairfax Women's Club Bldg., in the Town of Fairfax, County of Marin, California, is hereby fixed as the time and place for hearing on said proposed annexation when and where any person owning real property within the uninhabited territory above described and proposed to be annexed to the Town of Fairfax, and any owner of property within the Town of Fairfax, having any objections to the proposed annexation, may appear before the Council of the Town of Fairfax and show cause why such uninhabited territory should not be so annexed to the Town of Fairfax. The protest must be in writing, may be filed at any time before the hour set for hearing objections to the proposed annexation, and shall state the name or names of the owner or owners of property affected and the description and area of such property, in general terms.

5. The City Clerk of the Town of Fairfax is hereby authorized and directed to cause a copy of this resolution to be published at least twice, but not oftener than once a week, in the Independent-Journal, a newspaper of general circulation published in the County of Marin, said publication to be complete at least twenty (20) days prior to the date set for hearing.

6. The City Clerk is further authorized and directed to post a copy of this resolution in at least three conspicuous places within the territory and at three (3) conspicuous places in the Town of Fairfax, to-wit:

(a) Bulletin Board, Fairfax City Hall
(b) Bulletin Board, Fairfax Post Office
(c) Bulletin Board, Fairfax Women's Club Bldg.

which said places are hereby designated for this purpose, at least twenty (20) days prior to the date of the hearing on said proposed annexation.

I HEREBY CERTIFY that the foregoing resolution was duly and regularly adopted by the City Council of the Town of Fairfax, Marin County, California, at a regular meeting thereof, held on the 10th day of April, 1967, by the following vote, to-wit:

Judge Slates Plea Date On Drug Charges

A soft-spoken former convict residing in Fairfax, Oren Reginald Williams Jr., 31, was arraigned in Marin Municipal Court yesterday on three counts of selling marjiuana and two counts of manufacturing the dangerous drug, amphetamine.

Judge Peter Allen Smith reduced bail from $55,000 to $20,000, then scheduled plea entry for 2 p.m. Thursday.

Williams, of 5 Bell Avenue, was areested Friday afternoon by sheriff's and state narcotics bureau officers at an abandoned shed in Sleepy Hollow. Described as "a big-wheel trafficker in heavy drugs," he allegedly sold an undercover agent 2,000 of the pep pills and marijuana worth $500.

The unidentified agent also reported Williams sold him 600 of the pills worth $150 and $150 worth of marijuana last Tuesday on a yacht in the San Rafael Yacht Harbor. Last Wednesday, the agent said, he bought marijuana form Williams worth $250.

During arrignment, Deputy Dist. Atty. Joshua Thomas said Williams had a lengthy record including arrests for forgery, statutory rape, and auto theft. He was a San Quentin "walkaway" in 1959, Thomas said, was re-arrested in Tulsa, Okla., and returned in June of that year, then paroled on March 2, 1964.

Did Viet Reds Brainwash U.S. Pilot?

By ADVANCE NEWS SERVICE

WASHINGTON — U.S. officials believe that a captured Navy flyer was either drugged or suffering from a long lack of sleep when he made a robot-like appearance at a communist-staged "news conference" in Hanoi last month.

Medical experts have advised that the appearance of Lt. Cmdr. Richard A. Stratton, as shown on video tape and as described by several eyewitnesses suggested drugs or sleep deprivation.

However, none of the experts was willing to make a firm diagnosis without more evidence.

An American photographer, Lee Lockwood, was present at the "news conference." He reported in Life Magazine this week that Stratton's behavior was robot-like and that he moved only in response to commands in Vietnamese.

Lockwood's account led Ambassador-At-Large Averill Harriman to say the United States feared North Vietnam might be using "brainwashing" techniques on captured American pilots.

Lockwood said that an American voice read a "confession" of deliberate terror attacks against civilian targets in Hanoi over a loudspeaker before Stratton was brought through a curtained doorway and presented to Western and Communist newsmen.

The Stratton episode is not the only indication that officials have received that American prisoners are being subjected to physical and mental pressure by North Vietnamese authorities in a effort to obtain propaganda statements attacking U.S. Vietnam policy.

Defense officials say there is reason to believe that the occasional "confessions" of captured pilots broadcast by Hanoi are manufactured by North Vietnamese authorities.

They cite in particular an interview with two Navy flyers staged by Hanoi officials for Japanese movie cameramen.

The film show the two flyers apparently admitting that they had deliberately dropped napalm on civilian targets.

The American Broadcasting Co., which obtained a copy of the film from Japan, said it hired three top U.S. lip-readers to puzzle out what the pilots were acturally saying on the film.

The lip-readers could find no spot where napalming civilians was discussed with the North Vietnamese interviewer, ABC reported.

Instead, the pilots were making small talk about their ages, their physical condition and their desire to rejoin their families.

At one ponit, the lip readers said one pilot began to talk about efforts to avoid killing civilians on bombing raids.

But there was an interruption at this point. The lip-readers foun dan interruption on the film whenever either of the pilots made any remarks except small talk, ABC reported.

The film identified the two pilots as Cmdr. Charles Tanner of Tennessee and Lt. Ross Terry of Texas, and said both came from the carrier Coral Sea.

Under a Geneva convention on the treatment of prisoners, all a captive is required to divulge is his name, rank, service number and date of birth.

Servicemen are particularly advised now that "oral or written confessions true or false, questionnaires, personal history statements, propaganda recordings and broadcasts, appeals to other prisoners of war, signatures to peace or surrender appeals, self-citicisms, or any other oral or written communication on behalf of the enemy or critical or harmful to the United States, its allies, the armed forces or other prisoners are forbidden."

A recent propaganda broadcast by Radio Hanoi suggests that at least one pilot has gone beyond the strict interpretation of this "code" while trying to fool North Vietnamese authorities.

The officer was the same Cmdr. Tanner who was filmed in the interview by Japanese.

According to Radio Hanoi, Tanner said that two of his flying mates had refused to participate in air raids on North Vietnam.

Their names, the broadcast said, were Lt. Cmdr. Ben Casey and Lt. Clark Kent (Superman).

HOW TO KEEP WELL

Heavy Smoking Overwhelms Dangers Of Polluted City Air

VAN DELLEN

Polluted air seldom kills a healthy person. Exposure, however, may aggravate an existing lung or heart disorder and hasten death. The lethal effects are usually reported as "excess of deaths in exposed human population." For example, if 100 persons die every day in a certain city and the rate increases to 120 per day during a four-day smog, the excess fatalities are attributed to air pollution.

MANY HEAVY cigar smokers blame contaminated air for their chronic bronchitis and emphysema. A Swedish study involving identical twins, showed that cigaret smoking overwhelmed the possible effects of dirty air.

When doing research along this line it is difficult to make comparisons when competing causes exist.

Some reports, for example, show that city dwellers who smoke have 25 per cent more lung cancer than smokers living on farms 10 miles away.

THE TYPE AND concentration of pollutants play a role as well as well as the number of years of exposure and whether the individual had previous respiratory disease. Those with respiratory trouble are more sensitive to a variety of air pollutants.

Competing causes also enter the asthma picture. Air pollution may trigger an attack but most of these people also are allergic to other substances capable of inducing asthma.

Most of the research and preventive measures have been left to larger communities where the problem is serious. The federal government is being pressured into doing something. We wish them more success than they had with the problem of concentrated pollutants that come from smoking.

AIR POLLUTION always will be with us but the levels accepted will depend upon what is compatible with the health and comfort of the public.

Dr. Van Dellen will answer questions on medical topics if stamped, self-addressed envelope accompanies request to the I-J.

EYE DISORDER

L. J. C. writes: I developed glaucoma and my doctor tells me I must not get upset or excited. What is the tie-in between emotions and this eye disorder?

REPLY

In glaucoma, pressure within the eyeballs is increased above normal. Excitement adds to tension and in this respect, aggravates the condition.

DIZZINESS

L. D. writes: Could Meniere's disease be caused by hardening of the arteries in a man of 57?

REPLY

No, but impairment of the circulation may lead to symptoms such as vertigo and nausea that are indistinguishable from Meniere's syndrome. Send a stamped, self-addressed envelope for leaflet on this condition.

NOT TRUE

Mrs. T. K. writes: After removal of one ovary, can a woman have children of only one sex?

REPLY

There is no truth to the old wives' tale that ova from the right ovary produce only girls and from the left, only boys — or vice versa.

SWITCH IN SIDE

B. J. writes: What is the best thing to do for a stitch in the side? I get this every winter and it lasts several days.

REPLY

Pleurisy is one of several possibilities. Avoid respiratory infection or take your vacation down south in winter.

MORE WORK

F. C. W. writes: Why does an overactive gland make the heart pound?

REPLY

Because the metabolism of the body is increased and the heart is forced to work faster and harder.

Today's Health Hint— The home atmosphere should be free of tension.

Judge Slates Plea Date On Drug Charges

A soft-spoken former convict residing in Fairfax, Oren Reginald Williams Jr., 31, was arraigned in Marin Municipal Court yesterday on three counts of selling marjiuana and two counts of manufacturing the dangerous drug, amphetamine.

Judge Peter Allen Smith reduced bail from $55,000 to $20,000, then scheduled plea entry for 2 p.m. Thursday.

Williams, of 5 Bell Avenue, was areested Friday afternoon by sheriff's and state narcotics bureau officers at an abandoned shed in Sleepy Hollow. Described as "a big-wheel trafficker in heavy drugs," he allegedly sold an undercover agent 2,000 of the pep pills and marijuana worth $500.

The unidentified agent also reported Williams sold him 600 of the pills worth $150 and $150 worth of marijuana last Tuesday on a yacht in the San Rafael Yacht Harbor. Last Wednesday, the agent said, he bought marijuana form Williams worth $250.

During arrignment, Deputy Dist. Atty. Joshua Thomas said Williams had a lengthy record including arrests for forgery, statutory rape, and auto theft. He was a San Quentin "walkaway" in 1959, Thomas said, was re-arrested in Tulsa, Okla., and returned in June of that year, then paroled on March 2, 1964.

Did Viet Reds Brainwash U.S. Pilot?

By ADVANCE NEWS SERVICE

WASHINGTON — U.S. officials believe that a captured Navy flyer was either drugged or suffering from a long lack of sleep when he made a robot-like appearance at a communist-staged "news conference" in Hanoi last month.

Medical experts have advised that the appearance of Lt. Cmdr. Richard A. Stratton, as shown on video tape and as described by several eyewitnesses suggested drugs or sleep deprivation.

However, none of the experts was willing to make a firm diagnosis without more evidence.

An American photographer, Lee Lockwood, was present at the "news conference." He reported in Life Magazine this week that Stratton's behavior was robot-like and that he moved only in response to commands in Vietnamese.

Lockwood's account led Ambassador-At-Large Averill Harriman to say the United States feared North Vietnam might be using "brainwashing" techniques on captured American pilots.

Lockwood said that an American voice read a "confession" of deliberate terror attacks against civilian targets in Hanoi over a loudspeaker before Stratton was brought through a curtained doorway and presented to Western and Communist newsmen.

The Stratton episode is not the only indication that officials have received that American prisoners are being subjected to physical and mental pressure by North Vietnamese authorities in a effort to obtain propaganda statements attacking U.S. Vietnam policy.

Defense officials say there is reason to believe that the occasional "confessions" of captured pilots broadcast by Hanoi are manufactured by North Vietnamese authorities.

They cite in particular an interview with two Navy flyers staged by Hanoi officials for Japanese movie cameramen.

The film show the two flyers apparently admitting that they had deliberately dropped napalm on civilian targets.

The American Broadcasting Co., which obtained a copy of the film from Japan, said it hired three top U.S. lip-readers to puzzle out what the pilots were acturally saying on the film.

The lip-readers could find no spot where napalming civilians was discussed with the North Vietnamese interviewer, ABC reported.

Instead, the pilots were making small talk about their ages, their physical condition and their desire to rejoin their families.

At one ponit, the lip readers said one pilot began to talk about efforts to avoid killing civilians on bombing raids.

But there was an interruption at this point. The lip-readers foun dan interruption on the film whenever either of the pilots made any remarks except small talk, ABC reported.

The film identified the two pilots as Cmdr. Charles Tanner of Tennessee and Lt. Ross Terry of Texas, and said both came from the carrier Coral Sea.

Under a Geneva convention on the treatment of prisoners, all a captive is required to divulge is his name, rank, service number and date of birth.

Servicemen are particularly advised now that "oral or written confessions true or false, questionnaires, personal history statements, propaganda recordings and broadcasts, appeals to other prisoners of war, signatures to peace or surrender appeals, self-cticisms, or any other oral or written communication on behalf of the enemy or critical or harmful to the United States, its allies, the armed forces or other prisoners are forbidden."

A recent propaganda broadcast by Radio Hanoi suggests that at least one pilot has gone beyond the strict interpretation of this "code" while trying to fool North Vietnamese authorities.

The officer was the same Cmdr. Tanner who was filmed in the interview by Japanese.

According to Radio Hanoi, Tanner said that two of his flying mates had refused to participate in air raids on North Vietnam.

Their names, the broadcast said, were Lt. Cmdr. Ben Casey and Lt. Clark Kent (Superman).

HOW TO KEEP WELL

By DR. THEODORE R. VAN DELLEN

Heavy Smoking Overwhelms Dangers Of Polluted City Air

VAN DELLEN

Polluted air seldom kills a healthy person. Exposure, however, may aggravate an existing lung or heart disorder and hasten death. The lethal effects are usually reported as "excess of deaths in exposed human population." For example, if 100 persons die every day in a certain city and the rate increases to 120 per day during a four-day smog, the excess fatalities are attributed to air pollution.

MANY HEAVY cigar smokers blame contaminated air for their chronic bronchitis and emphysema. A Swedish study involving identical twins, showed that cigaret smoking overwhelmed the possible effects of dirty air.

When doing research along this line it is difficult to make comparisons when competing causes exist.

Some reports, for example, show that city dwellers who smoke have 25 per cent more lung cancer than smokers living on farms 10 miles away.

THE TYPE AND concentration of pollutants play a role as well as well as the number of years of exposure and whether the individual had previous respiratory disease. Those with respiratory trouble are more sensitive to a variety of air pollutants.

Competing causes also enter the asthma picture. Air pollution may trigger an attack but most of these people also are allergic to other substances capable of inducing asthma.

Most of the research and preventive measures have been left to larger communities where the problem is serious. The federal government is being pressured into doing something. We wish them more success than they had with the problem of concentrated pollutants that come from smoking.

AIR POLLUTION always will be with us but the levels accepted will depend upon what is compatible with the health and comfort of the public.

Dr. Van Dellen will answer questions on medical topics if stamped, self-addressed envelope accompanies request to the I-J.

EYE DISORDER

L. J. C. writes: I developed glaucoma and my doctor tells me I must not get upset or excited. What is the tie-in between emotions and this eye disorder?

REPLY

In glaucoma, pressure within the eyeballs is increased above normal. Excitement adds to tension and in this respect, aggravates the condition.

DIZZINESS

L. D. writes: Could Meniere's disease be caused by hardening of the arteries in a man of 57?

REPLY

No, but impairment of the circulation may lead to symptoms such as vertigo and nausea that are indistinguishable from Meniere's syndrome. Send a stamped, self-addressed envelope for leaflet on this condition.

NOT TRUE

Mrs. T. K. writes: After removal of one ovary, can a woman have children of only one sex?

REPLY

There is no truth to the old wives' tale that ova from the right ovary produce only girls and from the left, only boys — or vice versa.

SWITCH IN SIDE

B. J. writes: What is the best thing to do for a stitch in the side? I get this every winter and it lasts several days.

REPLY

Pleurisy is one of several possibilities. Avoid respiratory infection or take your vacation down south in winter.

MORE WORK

F. C. W. writes: Why does an overactive gland make the heart pound?

REPLY

Because the metabolism of the body is increased and the heart is forced to work faster and harder.

Today's Health Hint—

The home atmosphere should be free of tension.

South Pole Document Is Superb

By RICK DU BROW

HOLLYWOOD (UPI) —Televiewers have come to expect exceptional documentaries from the ABC-TV "Saga of Western Man" series of producer John Secondari and his wife Helen Jean Rogers. Last night this remarkably consistent and distinguished series offered us an altogether memorable addition to its achievements, "Robert Scott and the race for the South Pole."

Taking what might seem to have appeared a rather remote subject, an ill-fated 1910-12 expendition to Antarctica by a British explorer, the hour superbly built a piece of film and narration that resulted finally in a highly dramatic and noving celebration of the human spirit, a tribute to grace and courage that outlived death.

Unlike most of the previous "Saga of Western Man" documentaries which have re-created significant moments of history. The hour was supplied with considerable actual film footage of the story being told and this gave an added dimension of reality and personal involvement, as well as intensifying the action.

The re-creation technique, however, was also employed, and meshed beautifully with the actual preserved documentary film. Shot on location, the final piece of re-creation of the last days of the doomed explorers, who perished in the icy no-man's-land, was a gripping film experience.

There is an old saying about Los Angeles that no matter how hot it gets during the day, there's nothing to do at night. ABC-TV partially solved this deficiency last night by introducing a 90-minute Hollywood-based late-evening show with Joey Bishop as competition for NBC-TV's "Tonight" program, a New York series.

I think the show will do best if it does not rely wholly on big movie star visitors, for many film people are not too impressive before a live audience, and the biggest stas are often over-cautious about their images. The "Tonight" show has had a certain cosmopolitan fliair that the new entry must match.

WHILE BRITONS GAPE

Prince Charles Has First Date In Public

LONDON (UP$) — Prince Charles appeared in public last night for the first time with a girl friend—tall, blonde and very anonymous.

Queen Elizabeth II's 18-year-old son and heir to the throne escorted the girl through a barrage of gaping commoners and into a theater where she stole the show.

The fashionable audience at a West End revival of Noel Coward's play "Fallen Angels" squirmed, stretched necks and nudged each other in frustrated attempts to identify the royal date.

ALL LIPS TIGHT

It was in vain. Royal attendants kept stiff lips. Buckingham Palace spokesmen declined to comment. Theater folk from stars to stage door keeper refused to talk. They said they had "orders."

Charles, the mysterious miss, the prince's sister Princess Anne, her escort, Charles' aunt Princess Margaret and her husband Lord Snowdon kept to themselves. They perhaps were the only persons in the audience who focused their eyes on the stage.

A few persons clustered close when Charles arrived. After all it was the first public drive for the prince with the Beatle hair-do since he got his license last week. But the crowd mushroomed when the blonde appeared.

In the past Charles had attracted special attention by breaking his nose in a rugby match, in appearances singing and playing the cello, trumpet and guitar and once by slipping away from school for a nip of cherry brandy.

MARGARET UPSTAGED

But romance. Never.

Continental newspapers said last year Charles had a girl friend. London society circles pooh poohed the idea.

Charles, who for years has escorted only sister Anne in public, and the girl with the unknown face both dressed informally, Charles in a black suit and bow tie.

Inside the theater Princess Margaret, usually the center of attention, was upstaged by Charles' girl.

The princess dropped her purse. It was a long moment before nearby theater-goers took their eyes off the blonde, scrambled for the purse and handed it to Snowdon.

After the show Charles drove off with Anne, her escort and the Girl.

Redwood Empire Expects Busy Tourist Season

Special to the I-J

SAN FRANCISCO — There's a busy tourist season ahead in the Redwood Empire.

First-quarter mail inquiries were the heaviest on record, increasing 2 per cent over the comparable period in 1966. Traveler counts at the REA's visitor information center in San Francisco kept pace, and the center expects to welcome its 100,000th visitor soon.

William A. Hynes, chairman of REA's publicity and advertising committee, reported 135,000 persons now have viewed "Redwood Empire," the color-and-sound film produced by Pacific Gas & Electric Co. and that a telecast is being arranged over a major Los Angeles station.

A colorful display booth showing the region's attractions is being constructed, and will be unveiled at the Sonoma County Fair in Santa Rosa, July 17.

A second visitor information center will be opened 14 miles north of Grants Pass, June 1, with the object of diverting southbound motorists down Highway 199 to Highway 101.

Driver Shaken Up

A San Francisco youth, David Frank Lopez, 17, suffered a sprained left foot and cuts and bruises Sunday at 2:20 p.m. when his car, going down Mount Tamalpais on Ridgecrest Road, collided with a car going up the mountain, driven by Richard Clough Blakely, 21, of 61 Canal Street, San Rafael. He was treated at Marin General Hospital and transferred to Kaiser Hospital in San Francisco.

Language-Arts Review Slated

"Revolution in English," a staff briefing on Reed School District's language-arts program, will be heard by trustees at 8 p.m. today at Reed School.

Resignations will be received from three teachers: Don Cowan and Mrs. Rosemary Mund, Bel Aire School, and Mrs. Jane Tankersley, Del Mar School.

The board will be asked to confirm hiring of Richard Bradshaw, Mrs. Jean Carroll, Doris Hunker, Richard Hurley, Mrs. Kathleen Jensen, George Logvy, Phoebe McConnell, Nancy Schlegel and Peter J. Serences as teachers for next school year.

Probers May Recommend Condemnation For Dodd

WASHINGTON (UPI)—A recommendation of censure or condemnation or both is the tentative punishment decided upon by Senate investigators in the case of Sen. Thomas J. Dodd.

Members of the Senate Ethics Committee have narrowed down their options on how to deal with the 59-year-old Connecticut Democrat to these three alternatives, it was learned yesterday.

The resolution to be sent to the Senate by the committee is still incomplete. But reliable sources said the panel agreed about 10 days ago to confine its recommendations to these three options.

Still unresolved, however, is whether "condemn" or "censure" is the stronger. It was indicated that the committee members still have not decided which carries the greater impact.

Actually, according to congressional observers, the difference between censure and condemnation is a matter of semantics. Either term means an expression of criticism by a lawmaker's colleagues, with condemnation generally considered somewhat milder.

There is a possibility the committee will vote both to condemn Dodd's actions and censure him. In any event, the committee's recommendations must be voted upon by the full Senate.

For the past year the committee has been investigating charges that Dodd diverted campaign funds for his own personal use and ran errands for Julius Klein, a Chicago public relations man who represented West German interests.

The most sensational charge against the Connecticut Senator is that $150,000 from series of testimonial affairs flowed into his personal bank accounts.

Dodd told the Senate investigators that the money raised at the testimonials constituted gifts which he could use as he saw fit. He said anyone who was misled could have his money back.

Teen-Ager Gets Breathing Help

Renee Heinichen, 17, of Palo Alto, was rushed to Marin General Hospital Sunday afternoon after experiencing breathing difficulty at Bolinas. She was treated at Bolinas Fire Station with a resuscitator and then administered oxygen during the trip to the hospital in a Marin County Fire Department ambulance from Point Reyes Station.

The girl was treated for hyperventilation—shortage of exygen caused by overbreathing — and released.

Marijuana Charge Arraignment Held

Michael Oulette, 19, of Canada, and Joel Morton Isaacson, 24, of Berkeley, were arraigned in Marin Superior Court yesterday on charges of marijuana possession, and are to enter pleas at 9:30 a.m. next Monday.

The pair allegedly had marijuana when sheriff's officers made a March 9 raid on a rented Inverness Mesa house. Seventeen other persons also were arrested. Eleven have been certified to juvenile court, and the other six are scheduled for jury trial June 19 on charges of being present where marijuana was being used.

Coast-to-coast bus service across the country began in 1928.

How much
Life Insurance
do you need?

It would be nice if we could give you the exact answer in our advertising, but for this we require considerable knowledge about your financial situation, your family responsibilities and your present assets.

However, we do have a formula which enables you to list most of your important financial needs. These guidelines for life insurance are expressed in terms of a total dollar amount in some cases; in a percentage of annual income in others.

Our formula looks like this: 1 M ½ ¼ ½.

1 1 year's income—the amount your family will need to cover Estate Clean-Up costs.
M The mortgage remaining on your house.
½ ½ your annual salary for your wife until the children are out of school.
¼ ¼ of your present salary to your wife after the children are educated.
½ ½ of your average annual earnings as a retirement income for yourself.

Now you have on paper the basis of a truly sound plan for financial security for you and your family. The next step is to guarantee this security with life insurance. The Man from Manufacturers can show you how much you need.

WHILE BRITONS GAPE

Prince Charles Has First Date In Public

LONDON (UP$) — Prince Charles appeared in public last night for the first time with a girl friend—tall, blonde and very anonymous.

Queen Elizabeth II's 18-year-old son and heir to the throne escorted the girl through a barrage of gaping commoners and into a theater where she stole the show.

The fashionable audience at a West End revival of Noel Coward's play "Fallen Angels" squirmed, stretched necks and nudged each other in frustrated attempts to identify the royal date.

ALL LIPS TIGHT

It was in vain. Royal attendants kept stiff lips. Buckingham Palace spokesmen declined to comment. Theater folk from stars to stage door keeper refused to talk. They said they had "orders."

Charles, the mysterious miss, the prince's sister Princess Anne, her escort, Charles' aunt Princess Margaret and her husband Lord Snowdon kept to themselves. They perhaps were the only persons in the audience who focused their eyes on the stage.

THE WORLD'S LARGEST HAMBURGER

Would you believe? A hamburger 21 feet high and 26 feet wide. It's only a billboard sign but it represents Zim's Restaurants which are located throughout the Bay Area. In the center of the three men helping to hold up the hamburger is Arthur Zimmerman, president of Zim's. One of his restaurants is located in the Corte Madera Shopping Center.

Captain Satellite Will Pay Visit

Marin youngsters will be treated to a personal visit by television space age personality "Captain Satellite" on Saturday, at the Corte Madera Shopping beginning at 1 p.m.

"Captain Satellite" (otherwise known as Bob March) will be appearing in Marin for the first time in what promises to be an avalanche of space age enthusiasts — both young and old.

When March appeared at the Westlake Shopping Center recently, he was swamped with the presence of some 40,000 youngsters.

At Corte Madera, he will issue 'Space Cone certificates to the first 1,000 youngsters who greet him. These certificates will entitle the holder to a free Sweden Freeze, soft-serve ice cream cone at the mobile unit circulating throughout the Corte Madera Center and hosted by the Larkspur Job's Daughters.

In addition, "Captain Satellite" will sign autographs, shake kiddies' hands, and reveal his forthcoming space plans. The TV star will also distribute free space age souvenirs to his young friends.

"Captain Satellite" is seen daily on TV Station KTVU (Channel 2) from 3 to 5 p.m. His personal appearances in other Bay Area "space centers" has always brought hordes of his admirers and future astronauts down to hear his words of wisdom.

In connection with his appearance, the Corte Madera Shopping Center Merchants are featuring "out of this world" bargains.

A mammoth "Satellite Days Sale" will be in progress in the Corte Madera Center, beginning tomorrow through Saturday.

Censorship Subject Of U.C. Collection

(Special to the I-J)

SANTA BARBARA — Censorship is the subject of a new collection added to the library at the University of California-Santa Barbara.

The Morris L. Ernst collection, containing about 700 volumes, represents censored or "banned" books. The collection is supplemented by a card file listing the cause for censorship.

Ernst, a well-known New York attorney, has for many years fought censorship by federal, state, local, private and ecclesiastical bodies. He has won the right of sale for such books as Dr. Marie Stopes' "Married Love," Radclyffe Hall's "The Well of Loneliness," Arthur Schnitzler's "Casanova's Homecoming" and James Joyce's "Ulysses."

The collection, and an accompanying essay by Ernst, indicate that many great books have been banned at one time or another. While current censorship is centered on obscenity, in other periods the issue focused on political, economic and philosophical thinkers, or on writings of scientists.

The collection includes Lewis Carroll's "Alice's Adventures in Wonderland," banned in 1931 in Hunan Province of China on the grounds that "animals should not use human language and it is dangerous to put animals and human beings on the same level."

Publication of "Elmer Gantry," by Sinclair Lewis, caused a furor in the U. S., Ireland and Scotland. Ernest Hemingway's "Farewell to Arms" was banned in Italy, while the U. S. banned the first screen version of the work. His book, "The Sun Also Rises," was censored in Boston.

The censor's ire has been unleashed on such works as Confucius' "Analects," burned in 200 B. C., and Homer's epic poetry, suppressed in A. D. 35.

Mononucleosis Cause Unknown

WASHINGTON (SS)—An estimated 10,300 college students are believed to be hospitalized with infectious mononucleosis each year, a Yale University professor of epidemiology told a symposium on the disease here. But its cause is only suspected, not known.

"This is a very loose figure based on a percentage of hospitalized students," Dr. Alfred S. Evans said in an interview following his address. "But 'mono' is obviously of great importance in a college population. Outside of the physician's fee, the cost is $1.8 million."

Although there has been a shift upward in age susceptibility, Dr. Evans and others have shown that the greatest concentration is in the age groups from the teens to 24. This includes the military population, of course.

Close contact is indicated as a cause of mononucleosis, Dr. Evans said, but kissing should not be emphasized as it has been so often.

"Some reticent young ladies cannot be trusted to tell the truth," he pointed out in referring to a survey he had taken at the University of Wisconsin, where he was on the faculty before his resignation in July 1966.

Another speaker, Dr. Morris A. Bowie, physician to Swarthmore College, Swarthmore, Pa., also included intimate oral contact in his list of transmission modes.

He told of a young sophomore woman who went back to classes two weeks after a bout in the infirmary with mononucleosis symptoms. She went to a fraternity party with her fiance and 17 days later he came down with the disease, which later struck two of his fraternity brothers. The incubation period lasts for about a month.

"Saliva could remain on knives and forks or tumblers in the dining room, however," Dr. Bowie said. "The organism could be spread by toothpaste used by roommates in a bathroom. Technologists sharing pipettes have transmitted it, and it has been known to be transmitted between teen-agers in a swimming pool that was contaminated.

"Some blood transfusions have resulted in the disease, and hypersensitivity to drugs is another possibility," he continued, "No one knows what this disease is due to, but in many respects it is like infectious hepatitis."

Dr. Curtis Prout of the Harvard University Health Services said that a questionnaire distributed to students contained two questions on kissing. All the students said they had indulged during the preceding month, but Dr. Prout did not put much confidence in the objectivity of the replies.

"Long-range studies will require continuity of personnel, a central study group or agency such as an American College Health Association group, financial support and time made available to investigators," he concluded.

The International Infectious Mononucleosis Symposium was sponsored by the American College Health Association.

JACKSONVILLE, Fla. (AP) — It doesn't always pay to yield the right of way.

Donald Robertson and Lloyd Pye courteously pulled off to the side of Roosevelt Boulevard to allow a truck to pass with its police escort.

The truck got past, but not its load, which was a house being moved. The house snagged Robertson's car and jammed it into Pye's truck. Total damage, $300.
